COUNCIL MEETING – 9 June 2020

Public Question from Bob Eveleigh

Beach House Mudeford

Isn't there a simpler money saving solution to this problem: Reduce the height of the building to single storey, this will not only save the considerable extra cost of the pitched roofs that have been designated for just storage (that can easily be found in the increased size building) but will also be more acceptable to all hut owners - who pay half council tax?

Response:

The original 'Beach House' café, shop and restaurant was destroyed by a fire in November 2018 when it was still under the control of the previous authority, Christchurch Borough Council. The lease requires the Council to rebuild within two years.

On 15th January 2020 cabinet agreed to rebuild and improve the Beach House at Mudeford, and the full report can be found on the council's website.

Throughout the process, officers and the Portfolio Holder have been in regular communication with the cafe tenants and with the Beach Hut Association representatives.

Subsequent to the positive cabinet decision the building design was prepared, and a planning application submitted. The public consultation for the planning application has now closed and the planning authority will be considering those comments and discussing possible remedies with the applicant and the architects at the earliest opportunity.

This discussion will include the possible reduction of the design to a single story but will present many additional, and potentially expensive, challenges to the design team.

The roofline currently creates two pitched spaces which will be utilised for ventilation and associated extraction of the kitchen area. This used to be situated on top of the roof of the old building and caused both noise and smell which disturbed the neighbouring huts. This will, in turn deal with the beach hut tenant's historical concerns about the smells.

The design team have tried to enclose all of the associated pipework within the roof space to contain this and minimise the environmental impact of the kitchen operations on the neighbouring huts, if the design reverts to a single story this will have to be placed back upon the roof.

COUNCIL MEETING – 9 June 2020

Public Question from Kimbal Furmidge

Beach House Mudeford

Considering the pressure on Council funds during these unprecedented times, the hundreds of public objections and the detrimental impact a development of this size will have on this sensitive site - do you think it is in the public interest for the Council to reconsider its plans?

Response:

Plans are clearly at an advanced stage and whilst the current pressure of the Covid19 pandemic has brought additional challenges we are confident the improvements will help serve the needs of nearly half a million residents, and maintain a vibrant tourism offer for the future.

COUNCIL MEETING – 9 June 2020

Public Question from Paul Owen

Beach House Mudeford

Deputy Leader Councillor Howell has said that he has no reason to believe that the rebuild of the café at Mudeford Sandbank will be anything other than a benefit to both residents and beach hut owners. How can the Council reach that conclusion when it has received over 200 objections to the plans including over 100 from residents living, and paying Council Tax, in properties adjacent to the proposed development? It seems that their views are devalued because they are second homes, even though they pay full Council Tax for the period they are permitted to live there.

Response:

The views of the adjacent hut owners are not devalued in any way, but are taken within context by a Council serving the needs of over half a million residents, and delivering a world-class tourism destination that attracts millions of visitors a year and is vital to support the local economy.

For accuracy, beach hut owners at Mudeford Sandbank pay 50% of the bill on the property. An extract from the BCP Council Tax guide states:

"Second homes which consist of a pitch occupied by a caravan, including some beach huts, a mooring occupied by a boat or where a person is liable for Council Tax for another property which is job-related are excepted and a 50% discount may apply."

Ordinary Council 9 June 2020 – statement submitted by Alix Digby-West The Power House Project Manager

The Power House is confident BCP Council's acquisition of the site, together with potential Homes England funding, the right partnerships with investors, developers, and the community, will ensure an exciting and innovative development bringing the facilities and affordable homes Hamworthy and Poole needs.

The Power House seeks to deliver community facilities at the heart of five new developments, for the local community, providing well-being and creative activities, while connecting the new developments with each other and the existing community. To become a centre ensuring our community and creative industries thrive, aligned with BCP's Local Plan, and Dorset LEP's Industrial Strategy.

Ordinary Council 9 June 2020 – statement submitted by Harbour Ambition

Harbour Ambition support the objectives of BCP Council with the Holes Bay site.

In particular, the willingness to embrace innovation.

We have submitted our application to form a Community Benefit Society with the Financial Conduct Authority. This will ensure Harbour Ambition can raise social investment and play a solutions-focused role in helping BCP Council create a compelling Innovation Partnership with the Community.

We are in positive dialogue with social investors and professionals who are showing a willingness to create new financial instruments that could disrupt the way regeneration like this is funded.

Harbour Ambition look forward to sharing more soon.

Ordinary Council 9 June 2020 – statement submitted by Susan Chapman

Mayors from many of the world's leading cities have warned that there can be no return to "business as usual" in the aftermath of the coronavirus crisis if humanity is to escape catastrophic climate breakdown. Equality and climate resilience must be at the heart of recovery plans.

BCP council must continue to build on their excellent acknowledged protection of services (despite cruel austerity cuts) under Cllr Slade. Ecosystem survival & human well-being should be BCP's priority focus, supporting the Unity Alliance as humanity's Dunkirk moment arrives. Scientists warn of existential threats: our carbon budget is spent, we must salvage resources.

Ordinary Council 9 June 2020 – statement submitted by Conor O’Luby

"Votes of no confidence should only be used in limited, serious circumstances and not as a tool of political opportunism. Without evidence of gross incompetence, negligence or corruption, councillors must accept that it is the electorate, and not they, who should choose the BCP Council administration at the next local election."

Ordinary Council 9 June 2020 – statement submitted by Geoff Ash

My neighbours, friends, family and I fully support Councillor Vikki Slade and the Unity Alliance as they have shown that big can be beautiful and BCP is premier league.

Residents have never been so involved in local government decision making. Public consultations, with active debate within the Council and the Cabinet. This is not inaction or compromise. It is DEMOCRACY!

We have been aware of the Tory whip and it is not good for residents and the council. The agenda and goals are controlled by the three leaders and their secret club, who have no concern for the general public. They love the cabinet structure as they do not like answering to the public or even councillor committees.

Only last week when asked to give their views on Dominic Cummings, NONE of the 36 tory members of BCP Council felt able or willing to provide a personal view! Despite many tory MPs giving their personal opinions. The Vote of No Opinion is distasteful at this time of COVID19 and the death of a respected councillor. The Tories had the opportunity to challenge the administration at the time of the Budget in February, but could find nothing substantially wrong with how things were being done!

Vikki Slade and the Unity Alliance will provide us with the judgement and stability to see us through to great things.

Ordinary Council 9 June 2020 – statement submitted by Marylyn Cropley

I am writing to you following the news that the Conservative councillors within BCP Council intend to table a vote of no confidence in the leadership of the Unity Alliance on the 9th June.

May I take this opportunity to strongly and sincerely urge you to vote against this motion and in favour of the Unity Alliance.

In the midst of a global pandemic, the residents of BCP Council need stable leadership, and a consistent, collaborative approach to this current crisis. A change in leadership at this time will not only be detrimental to our local response to COVID-19, but also to maintaining a united, effective and sustainable recovery plan.

In order to take BCP residents, and the urgent Climate Emergency plans, to a healthier place, we need a collaborative vision and effective leadership at this crucial time. Many of us did not vote Conservative and wish to see the members that we did vote for being given a chance to "get things done".

As an alliance, the current administration reflects a wide range of opinions and is working effectively with other individuals/organisations (voluntary as well as statutory). This enables the Alliance to access a range of expertise and knowledge at such a crucial time.

Additionally, it is upsetting to see that this motion has been tabled at the first opportunity since the passing of the member for Christchurch, and as such, this motion should be rejected until a by-election has been concluded.

I strongly urge you, for the benefit of our local area, to reject this motion on the 9th June 2020.

Ordinary Council 9 June 2020 – statement submitted by Sara Armstrong

As a resident of Bournemouth for 32 years I was filled with such hope in May 2019 with the creation of the Unity Alliance and election of a woman leader for our new BCP Council Cllr Vikki Slade.

Vikki and her team have brought much a needed breath of fresh air to our political scene which had previously been governed by a single party, with narrow views and decisions made often behind closed doors.

Vikki's strong leadership is steeped in openness, transparency compassion and kindness. Her presence has been hugely reassuring for residents during these unprecedented times of turbulence.

The words of Martin Luther King sum up her intent and approach perfectly.

"We need leaders not in love with money but in love with justice. Not in love with publicity but in love with humanity."

May I urge you to keep that in mind and vote with your hearts and the best interests of all residents when you chose who has the right qualities to lead our town.

Ordinary Council 9 June 2020 – statement submitted by Sharen Green

If it Ain't Broke Don't Fix it

I was delighted to learn that the Unity Alliance had been formed as the first administration of the incoming Bournemouth, Christchurch and Poole Council.

This group of councillors from many parties and from none promised to listen to each other, to work across the political spectrum for the good of the community and to turn their backs on old-fashioned politics with all the in-fighting, power struggles and lack of transparency that brings.

And I have been proud to see them carry this out, to lead the movement back to grass roots politics. Cllr Vikki Slade has received many plaudits for her leadership and BCP risked becoming a national trend-setter!

How sad then to see that a group of councillors is using the death of a colleague to try to wrest power back from this creative alliance.

If they truly believed in democracy they would wait for a by-election.

But they are bringing in a vote of no confidence during a national emergency, praying in aid the lack of experience of the current regime and vaguely promising “decisive action”.

They do not point to anything specific which the Alliance has done wrong or not done which is the normal reason for such a vote. Shame on them!

I urge councillors to back the Unity Alliance and not to vote it down.

Ordinary Council 9 June 2020 – statement submitted by Jonathan Turner

I moved to Poole shortly after the last elections and was very pleased to see how a unity alliance was running the Council and seeking to operate in the best interests of all residents, rather than being run by just one group that risked skewing their focus towards their own supporters, as I have often found single party led Councils do where I used to live.

There are undoubtedly challenges to working in unity but now is the time to enhance efforts to be united in the best interests of the community and not abandon them in favour of divisive politics that not only seeks its own individual gains but even exploits personal tragedies to pursue them.

I therefore urge all Councillors to reject the VoNC and continue to be united in the furtherance of our community.

Ordinary Council 9 June 2020 – Petition

Keep our Leader of BCP Council, Councillor Vikki Slade

This is a plea to help keep Vikki Slade as head of BCP council.

In the time that I have lived in the area I can categorically say that I have never seen a leader be so hard working on so many different factors of our areas. Vikki works all the hours around the clock to make our area the best it can be, whilst being a full time wife and mother.

At this time, we do not need change we need Vikki Slade to continue the amazing incredible job that she has been doing for our area, and next week Vikki could lose her position as leader.

Quote from Bournemouth Echo 20th June 2019

“The Poole councillor said the level of support she received from voters was “humbling” and that the results of the elections showed there was “a clear appetite for change” from the public.”

We have seen change!! We have seen hard work!! and we have seen Vikki listen!!

Keep Vikki as leader by signing this petition. Let's show support and the councillors that Vikki is needed.

Recipient: Bournemouth Poole and Christchurch councillors

Letter: Greetings,

Keep Leader of BCP Council, Councillor Vikki Slade

Silver Green	poole	England	BH15 2QS	"I have been impressed with this council despite the lack of funds. Their priorities have generally been the right ones and in believe they are doing a good job in the present difficult circumstances. The leader of the council has been visible and keeping us informed. It's the Tory Government that are making the problems how dare they call a vote of no confidence."
June Davis	Christchurch	England	BH23 7HF	"I think that she and her team have done a superb job taking over and running the new BCP Council. We the voters want her to stay."
Della Storr	BOURNEMOUTH	England	Bh6 4BW	"I believe Vikki Slade is working hard for the community. It is absolutely atrocious that the Tories should be launching a vote of no confidence at this time."
Lisa Lewis	Bournemouth	England	BH7 7EF	"Vikki Slade is doing a fantastic job, she's completely clued up on everything and it's especially important with the COVID crisis to have her carry on in charge."

Jane Blake	Wimborne	England	BH21	"Vikki is doing an excellent job"

Ben Lindsey-Clark	Bournemouth	England	BH7 6lw	"We need more Unity and less Tory. We want a Bournemouth where people work together to make a clean, green, fair place to live and work. Rather than a place that serves the interests of the people with the big houses and SuVs only. Which it always did before. This move by the Tory opposition is underhanded, antidemocratic, and smells of the corruption I've suspected of that lot over many years. May they never get back in again."
Stephen Starr	Totton	England	SO40 8WS	"BCP needs a broadly based democracy, not a corrupt one party state"
Pamela White	Bournemouth		BH9	"We don't need change at this time. This lady is articulate and a strong leader. We need her at the helm to lead us through the madness of Covid 19 and the affect it will have on our beautiful conurbation"

Alex Jaworski				"Because Vicky has done a fantastic job in such a short time especially with her engagement and communication!"
Neil Thomas	Poole	England	BH15 4QP	"Vikki has always worked hard for the people of Poole and now BCP with passion and zero self interest. We the people must continue to support her and not allow her to be sidelined by the political machinations of the self serving Tories."

Sarah Peters	Bournemouth	England	BH5 2AG	"It is wholly undemocratic to behave in the way you do. You are taking advantage of a situation that does not need disrupting further by gaining politically. Like Government you are behaving despicably by your potential vote and you should not sleep well with that kind of decision making...it doesn't bode well. Vote for fairness not greed and have some pride in doing the right thing for once."

Amy Mortimer	Bournemouth	England	BH6 5ET	"This is an outrageous power-grab by the Tories and must be stopped."
Marylyn Cropley	Poole	England	BH14 0QQ	"At such a crucial time for our new BCP and it's residents...when we have so many challenges to face together, not just for our residents, also for our Planet and Climate Emergency vision/plans...we need good, effective leaders who will work collaboratively with others to action the changes needed. We have given the Conservatives a fair chance. They obviously cannot do this alone (as they seem to think they can) They quite evidently need the alliance and the current leadership to remain, in order for us all to have the opportunity to take the BCP and it's residents to a healthier place. Time for the Conservative party to relinquish attempts to maintain control us (for whatever reasons) and share the management of our BCP and the health and well being of residents with the other Councillors we that voted for. Every vote matters, please respect that! Keep the Leader of BCP Council, stop wasting precious time and opportunities, and as Boris himself once said, let's get the job done!"
Don Hudswell	Southampton	England	SO15	"I'm a firm believer of the stability we have with the Unity Alliance at the helm, we've had too many years of self-serving Tories who care only for themselves."

Helen hunt	Poole	England	BH15 4AT	"She has been doing a most amazing job during this lockdown. I look forward to her Wednesday Q&A's as she seems to be one of a few actually talking sense. It's a shame that everyone who is moaning about overcrowding beaches/open car parks/closed toilets/closed tips etc can't be forced to watch her Facebook live broadcasts. She is a stabilising voice when the social media public are spreading nonsense."
Benjamin Thacker	Bournemouth	England	BH9 2SJ	"I don't believe in underhanded coop being undertaken by the conservative councilors. Our Unitary council was voted for by the constitutes of BCP"

Sandra Turner	Verwood	England	BH31 6HE	"we need good hard working councilors"
Mandy Hassall	Burton	England	BH237ND	"Vikki has done an amazing job. Most of the information I've needed about lockdown has been provided by Vikki's Q and A sessions. I would love to drive down from Bristol and sit on the beach but I've chosen not to , to PROTECT the elderly people and younger residents of my hometown ! I haven't even seen my parents for 8 months!!! If the CV19 rate was low previously in the seaside resorts where the vulnerable are such as Bmth, Durdle and Weston super Mare; then the CV19 rate will be surely higher there now and a second wave will got even bigger?? Groups of 6?? It's more like crowds of thousands!!!!"

Kim Leaver	Bournemouth	England	BH107LH	"The Tory takeover bid is despicable, especially at a time like this! Dear Sir/Madam,

I appreciate that it has now been a year since I originally organised the petition asking for improvements to be made to Pine Park, Winton and that much has changed during this time. Not least of these changes is the introduction of the novel virus Covid-19 which has impacted our lives in ways which were unimaginable a year ago. During the lockdown, and the unprecedented restrictions placed on us since mid-March, the importance of community spirit and the need for public spaces to improve well-being has been recognised more fully. Many people have been stuck at home with little access to outdoor space which has been particularly challenging for families. If I use the example of my immediate neighbours, there are five families who live in flats or maisonettes in my part of Muscliffe Road who have no garden or share the garden with multiple other families limiting their access to this space because of the need to socially distance. This has been extremely tough on the children who live there and this is just one small part of Winton East. I am sure there are many other similar examples.

In the post-pandemic recovery period, families and communities need spaces they can go to that are pleasant and enhance their lives. Furthermore, with the need to maintain some form of distancing until a vaccine for Covid-19 is developed, more appealing parks are needed so that families do not all flock to the parks that have better provision leading to over-crowding of these spaces.

Improved seating and play facilities are desperately needed in Pine Park and while I appreciate that the financial situation of BCP Council must be difficult after the pandemic, if there are any spare resources we ask that you bear Pine Park in mind for improvement. It has been somewhere between 20 to 30 years since it was last updated so a focus on this park would be timely.

Yours faithfully,

Dear Sir/Madam,

I am writing this letter on behalf of myself, the residents of Winton East and the parents of children at St Luke's primary School, Winton. We are writing to politely request that improvements are made to the play facilities at Pine Park, Winton. This park is heavily used and currently the play equipment is woeful and lacks a climbing frame. As a result, children resort to climbing on top of the play area designed for toddlers; up the fence enclosing the ball court; up the goal posts in the ball court, and up the pole which supports the tyre swing (Figures 1 & 2). None of this is ideal and in some cases has clear health and safety implications.

Similarly, the park lacks weighted gates meaning that it is easy for toddlers and small children to open them and exit the park. On multiple occasions I have witnessed a toddler or small child leave the park and make it as far as Calvin Road before they were retrieved by an adult.

Moreover the provision made for adults accompanying children to the park is inadequate. There are two straight benches; one circular seating area where adults can sit with their backs to each other, discouraging social interaction; and one sub-standard under-cover seating area. The primary purpose of this latter seating area appears to be as a shelter for teenagers and adults to sit in the evenings when they are drinking, smoking and taking drugs (personal observation).

I read in your document entitled Bournemouth Playground Strategy 2009-2014 "*...it is estimated that a play area will – on average - require complete refurbishment every 15 years, although maintenance will be required on all equipment and safety surfacing during this period*" (page 6). Pine Park has not undergone complete refurbishment in the past 15 years and the only recent material changes that have occurred are the replacement of the tyre on the tyre swing and the removal of the roundabout. We have witnessed refurbishment at other parks in Bournemouth and now believe that it is 'our turn'.

We feel that the current play equipment and seating at Pine Park is not fit for purpose and that our children (and us their parents) deserve better. Our children need a well-equipped play area, which includes a climbing frame and sociable seating for parents. Many houses in this area have small gardens, with some families living in flats and maisonettes meaning children have little space to play. As a result too many children are spending their free time in front of screens. The provision of appealing and safe outdoor play areas, which children and their parents will want to visit, is one easy action that can be taken to improve the fitness of our children and help combat childhood obesity.

We look forward to receiving your response.

Yours faithfully,

Dr E Jenkins
