Adult Social Care Business Case	Adult Social Care services locally and nationally have faced significant challenges in recent years, and as a result the Council is holding significant risk in relation to the ability of the Council to deliver its statutory responsibilities to adults that require support within the available budget. The nature of these challenges means that long term, sustainable change is needed to ensure that BCP Council Adult Social Care services (ASCS) are modern, fit for the future and affordable. This business case sets out a proposal for initial investment in Adult Social Care transformation that will lead to improved outcomes for adults that draw on support in BCP and support the Council to deliver this within the available financial envelope.
