- 5. Introduction from DfE representative** Verbal Report
- 6. Dedicated Schools Grant (DSG) Budget Monitoring 2019-20** 15 - 18  
The report considers the projected end of year position for the DSG budget 2019-20 at a net deficit of £1.9m.  
  
There is a predicted overspend of £2.7m resulting from pressures within the High Needs Block, but this is partially offset by funding adjustments relating to prior years (£0.6m) and saving in the Central School Services Block (£0.2m).  
  
The resulting forecast deficit at 31 March 2020 is £5.5m.
- 7. Dedicated Schools Grant (DSG) Settlement and Budget 2020-21** 19 - 24
  1. The initial DSG Settlement was received on 19 December 2019. It provided:
    - a. Initial allocations for the Early Years Block based on the January 2019 census incorporating the announced £0.08 per hour increase in funding.
    - b. Final allocations for the Schools Block based on the October 2019 schools census. The increase in funding through the Schools NFF for 2020-21 totals £11.9 million (6%). Higher funding values account for £9.3 million, as reported in November, with additional pupils at census providing a further £2.6 million. Funding for in-year pupil growth at September 2020, has increased by £52k compared with last year.
    - c. Final allocations for the Central School Services Block based on the October 2019 census with the increase in pupil numbers providing an additional £18k of funding compared with the

November report. This represents an annual reduction of £84k

- d. Indicative allocations for the High Needs Block have increased by £246k compared with the November report. However, an element of funding remains dependent on the January 2020 census with allocations to be updated again in summer 2020.

2. A draft DSG budget is provided in the Appendix to provide context for decisions on the meeting agenda. The funding gap remains in the scale of £8m as included within the School Funding Consultation issued in December.
