

Notice of Environment and Place Overview and Scrutiny Committee

Date: Wednesday, 11 September 2024 at 6.00 pm

Venue: HMS Phoebe, BCP Civic Centre, Bournemouth BH2 6DY

Membership:

Chairman:

Cllr C Rigby

Vice Chairman:

Cllr D d'Orton-Gibson

Cllr J Bagwell
Cllr B Chick
Cllr J Clements

Cllr C Goodall
Cllr J Martin
Cllr L Northover

Cllr Dr F Rice
Cllr V Ricketts
Cllr G Wright

All Members of the Environment and Place Overview and Scrutiny Committee are summoned to attend this meeting to consider the items of business set out on the agenda below.

The press and public are welcome to view the live stream of this meeting at the following link:

<https://democracy.bcpCouncil.gov.uk/ieListDocuments.aspx?MIId=5913>

If you would like any further information on the items to be considered at the meeting please contact: Rebekah Rhodes or email rebekah.rhodes@bcpCouncil.gov.uk

Press enquiries should be directed to the Press Office: Tel: 01202 454668 or email press.office@bcpCouncil.gov.uk

This notice and all the papers mentioned within it are available at democracy.bcpCouncil.gov.uk

GRAHAM FARRANT
CHIEF EXECUTIVE

3 September 2024

**DEBATE
NOT HATE**

Maintaining and promoting high standards of conduct

Declaring interests at meetings

Familiarise yourself with the Councillor Code of Conduct which can be found in Part 6 of the Council's Constitution.

Before the meeting, read the agenda and reports to see if the matters to be discussed at the meeting concern your interests

What are the principles of bias and pre-determination and how do they affect my participation in the meeting?

Bias and predetermination are common law concepts. If they affect you, your participation in the meeting may call into question the decision arrived at on the item.

Bias Test

In all the circumstances, would it lead a fair minded and informed observer to conclude that there was a real possibility or a real danger that the decision maker was biased?

Predetermination Test

At the time of making the decision, did the decision maker have a closed mind?

If a councillor appears to be biased or to have predetermined their decision, they must NOT participate in the meeting.

For more information or advice please contact the Monitoring Officer
(janie.berry@bcpcouncil.gov.uk)

Selflessness

Councillors should act solely in terms of the public interest

Integrity

Councillors must avoid placing themselves under any obligation to people or organisations that might try inappropriately to influence them in their work. They should not act or take decisions in order to gain financial or other material benefits for themselves, their family, or their friends. They must declare and resolve any interests and relationships

Objectivity

Councillors must act and take decisions impartially, fairly and on merit, using the best evidence and without discrimination or bias

Accountability

Councillors are accountable to the public for their decisions and actions and must submit themselves to the scrutiny necessary to ensure this

Openness

Councillors should act and take decisions in an open and transparent manner. Information should not be withheld from the public unless there are clear and lawful reasons for so doing

Honesty & Integrity

Councillors should act with honesty and integrity and should not place themselves in situations where their honesty and integrity may be questioned

Leadership

Councillors should exhibit these principles in their own behaviour. They should actively promote and robustly support the principles and be willing to challenge poor behaviour wherever it occurs

AGENDA

Items to be considered while the meeting is open to the public

1. Apologies

To receive any apologies for absence from Councillors.

2. Substitute Members

To receive information on any changes in the membership of the Committee.

Note – When a member of a Committee is unable to attend a meeting of a Committee or Sub-Committee, the relevant Political Group Leader (or their nominated representative) may, by notice to the Monitoring Officer (or their nominated representative) prior to the meeting, appoint a substitute member from within the same Political Group. The contact details on the front of this agenda should be used for notifications.

3. Declarations of Interests

Councillors are requested to declare any interests on items included in this agenda. Please refer to the workflow on the preceding page for guidance.

Declarations received will be reported at the meeting.

4. Confirmation of Minutes

To confirm and sign as a correct record the minutes of the Meeting held on 15 May 2024.

5 - 8

5. Public Issues

To receive any public questions, statements or petitions submitted in accordance with the Constitution. Further information on the requirements for submitting these is available to view at the following link:-

<https://democracy.bcpccouncil.gov.uk/ieListMeetings.aspx?CommitteeID=151&Info=1&bcr=1>

The deadline for the submission of public questions is mid-day Thursday 5 September (3 clear working days before the meeting).

The deadline for the submission of a statement is mid-day Tuesday 10 September (the working day before the meeting).

The deadline for the submission of a petition is Tuesday 27 August (10 working days before the meeting).

ITEMS OF BUSINESS

6. Plant-based and reduced meat and dairy diets: discussion paper

Following questions to Council from several members of the public on the Council's stance on plant-based diets in relation to climate change, the Chair and Vice Chair of the Environment & Place Overview & Scrutiny

9 - 32

Panel requested a preliminary discussion paper on the issue in order to stimulate debate.

7. O & S Budget Presentation

The Environment and Place Committee will receive a Budget Awareness presentation as part of the enhanced scrutiny engagement for the 2025/26 budget. The presentation will cover budget, pressures, assumed savings for those areas within the remit of the Committee. The Committee will have the opportunity to ask questions around the budget and is also asked to consider how it wishes to engage further with the development of the 2025/26 budget.

8. O&S Budget working group - scoping report

33 - 42

The O&S Committee is asked to confirm the establishment of a budget working group, including membership and key lines of enquiry, to undertake detailed scrutiny work to contribute to the developing 2025/26 council budget during September – November 2024.

9. Overview and Scrutiny Annual Report

43 - 132

This is the annual report of the Statutory Scrutiny Officer on Overview and Scrutiny (O&S) activity within BCP Council. There is a requirement to report on the work of O&S to Council, to ensure good visibility of the function and Council ownership of activity and any improvements required.

The annual report contains a summary and analysis of O&S activity during 2023-24, reflections on working practices and an action plan identifying strategic improvements to the O&S function.

All O&S committees will receive the annual report for consideration, providing opportunity for comment prior to the supply of the final report to Council.

10. Work Plan

133 - 174

The Overview and Scrutiny (O&S) Committee is asked to consider and identify work priorities for publication in a Work Plan.

No other items of business can be considered unless the Chairman decides the matter is urgent for reasons that must be specified and recorded in the Minutes.

BOURNEMOUTH, CHRISTCHURCH AND POOLE COUNCIL
ENVIRONMENT AND PLACE OVERVIEW AND SCRUTINY COMMITTEE

Minutes of the Meeting held on 15 May 2024 at 6.00 pm

Present:-

Cllr C Rigby – Chairman

Cllr D d'Orton-Gibson – Vice-Chairman

Present: Cllr J Clements, Cllr J Martin, Cllr S Moore, Cllr Dr F Rice,
Cllr V Ricketts, Cllr B Chick and Cllr G Wright

Also in attendance: Cllr C Adams, Cllr S Aitkenhead, Cllr R Burton, Cllr A Chapmanlaw,
Cllr M Earl, Cllr G Farquhar, Cllr C Goodall, Cllr A Hadley,
Cllr E Harman, Cllr M Howell and Cllr A Keddie

1. Apologies

Apologies received from Councillor Lisa Northover

2. Substitute Members

The were no substitute members

3. Election of Chair

It was agreed that Councillor Chris Rigby be Elected Chair for the municipal year 2024/25.

4. Election of Vice-Chair

It was agreed that Councillor David D'Orton-Gibson be elected Vice-Chair for the Municipal year 2024/25.

5. Declarations of Interests

There were no declarations of interest made on this occasion.

6. Confirmation of Minutes

The minutes of the Environment and Place Overview and Scrutiny Committee held on 24 February 2024 were approved as a correct record.

7. Public Issues

Please see Appendix A to these minutes in the Minute Book

8. Improvement of the environment in Poole Park through a trial closure of a park entrance to motor traffic

The Portfolio Holder for Climate Response, Environment and Energy presented a report, a copy of which had been circulated to each Member and a copy of which appears as Appendix 'B' to these Minutes in the Minute Book. The Committee was informed that from 17 January 2024, BCP Council began a trial 24-hour daily closure to motor vehicles of one entrance / exit point in Poole Park.

On the same day the trial began, BCP Council launched a four-week consultation with the public, to understand the impact of reducing vehicles movements in Poole Park. The consultation results are considered in this report alongside other evidence, the strategic management of the park and the wider impact of a closure.

An Equalities Impact Assessment (EIA) on the closure confirmed that on balance there are no significant impacts on protected characteristic groups, including older people and those with disabilities. The public consultation did show that older people and those with a disability were more likely to disagree with the proposal. The purpose of the Cabinet report was to assess the strategic management of the environment within Poole Park and to seek a decision as to whether the trial arrangement and road closure shall be adjusted or made permanent.

A Ward Councillor stated that residents feel passionate about the closure and along with a fellow Ward Councillor in Parkstone had engaged with residents and delivered over 700 letters to those closest to the gate. It was mentioned that residents said there was increased safety for children and mobility scooters.

It was stated in Poole Town Ward it was a difficult issue as there was a lot of disagreement and campaigning in the area. Walking and talking to people in the park it was stated that more were in favour of keeping the gate closed than they were keeping it open. Not a lot of residents of Poole Town had gardens and felt the park was like their garden.

The report from DOTs had been read which listed how the closure of the gate effects the elderly and disabled, there were various issues raised. It was confirmed that DOTs was independent.

It was stated there was no perfect solution and a park should not be used for through traffic. It was also stated that it would be a positive step if adopted by the Council. Most people who visited the park and spoke to councillors said it was marvellous that it was closed.

Members of the Committee said they had received lots of letters from residents, although some were emotive, rude and unhelpful. Residents had stated that they drove through the park as they were unable to walk. It was also stated that the scenic drive was therapeutic and fulfilled psychological needs and the ability to drive through the park needed to remain.

It was stated that the park encompassed a lovely scenic view that should be protected. You cannot get the view anywhere else and it can be seen from the hospital.

It was stated that traffic levels dropped over the last 20 years as the number of offices on Parkstone Road decreased.

A compromise was suggested of only closing the gate at peak times but it was stated that it would be difficult to do and could cause conflict if intermittent closure was introduced.

RECOMMENDED that

1. Cabinet refer the matter to Full Council for decision.

Voting: 6 for, 1 against and 2 abstentions

9. Work Plan

The Chairman presented a report, a copy of which had been circulated to each Member and a copy of which appears as Appendix 'C' to these Minutes in the Minute Book. The Environment and Place Overview and Scrutiny (O&S) Committee was asked to consider and identify work priorities for publication in a Work Plan.

The Chair invited the Overview and Scrutiny specialist to update the Committee. There was a request from a member of the public regarding the use of phosphates in Chemicals used for weed killing, it was explained that any scrutiny request received has to go to the next available meeting for the Committee to decide if it wishes to conduct further scrutiny.

The Joint Service Unit Head for Environmental services gave a presentation on weed killing, attached to these minutes.

It was highlighted that BCP had a statutory responsibility to ensure the highway was safe. BCP encouraged residents to support removing weeds along boundary lines. Only approved chemicals were used. Chemicals were not used in play areas and were applied directly to the weeds and not as blanket coverage.

The Committee decided that they wanted to keep an eye on this and have it added to the forward plan and the Chair would consult with officer about this.

The Forward Plan was divided into pre-cabinet and pro-active scrutiny. Reactive scrutiny may appear if required as issues arise.

It was noted that the Urban Forest Strategy will go to July Cabinet and to the Committee the week before.

The Forward Plan has been themed for meetings that are similar for example Climate and housing which was in the remit for the committee.

RESOLVED that

1. **the O&S Committee consider, update and confirm its Work Plan and agree to delegate to the Chair and Vice-Chair arrangements for the items.**

Voting: Unanimous

The meeting ended at Time Not Specified

CHAIRMAN

ENVIRONMENT AND PLACE OVERVIEW AND SCRUTINY COMMITTEE

Report subject	Plant-based and reduced meat and dairy diets: discussion paper
Meeting date	11 September 2024
Status	Public Report
Executive summary	Following questions to Council from several members of the public on the Council's stance on plant-based diets in relation to climate change, the Chair and Vice Chair of the Environment & Place Overview & Scrutiny Panel requested a preliminary discussion paper on the issue in order to stimulate debate.
Recommendations	<p>It is RECOMMENDED that:</p> <p>Environment & Place Overview & Scrutiny Panel consider the information presented in the discussion paper in order to give their views on possible approaches Cabinet may wish to take in relation to the promotion of plant-based and reduced meat and dairy diets. These proposals will then be subject to further evidence-gathering and consultation.</p>
Reason for recommendations	To explore the issue and assist Cabinet select the most appropriate way forward for the promotion of plant-based and reduced meat and dairy diets in the organisation and community, in order to achieve emissions reduction and meet our climate commitments.

Portfolio Holder(s):	Councillor Andy Hadley, Portfolio Holder for Climate Mitigation, Environment and Energy
Corporate Director	Graham Farrant, Chief Executive
Report Authors	Gail Scholes, Interim Head of Policy, Sustainability and Inclusion Neil Short, Strategic Lead: Climate, Resources and Sustainability Becky Beaumont, Sustainability Officer
Wards	Council-wide
Classification	For Decision

Background

1. According to the United Nations, approximately one third of all human-caused greenhouse gas emissions are linked to the global food system. Food needs to be grown and processed, transported, distributed, prepared, consumed, and sometimes disposed of. Each of these steps creates greenhouse gases that contribute to climate change. The largest portion coming from agriculture and land use. Animal-based foods, especially red meat, dairy, and farmed shrimp, are generally associated with the highest greenhouse gas emissions. Plant-based foods – such as fruits and vegetables, whole grains, beans, peas, nuts, and lentils – generally use less energy, land, and water, and have lower greenhouse gas intensities than animal-based foods.
2. In order to meet the Net Zero by 2050 target, the UK Climate Change Committee recommends a 20-50% reduction in all meat and dairy consumption. In response, local authorities have adopted various approaches, ranging from endorsement of the Plant-Based Treaty advocating veganism to support of the Countryside Alliance in support of farmers and retaining locally sourced meat on the menu.
3. In response to public questions at Full Council on 23 July 2024, the Leader reiterated the Council position on the issue: ‘Changing to a meat and dairy-free diet is an important component in reducing our personal carbon footprint. However, we do feel we should promote and encourage rather than mandating plant-based options.’
4. The Plant-based and reduced meat and dairy diets discussion paper presented at Appendix 1 has been compiled in order to allow debate as to the possible approaches the Council can take to facilitate this promotion and encouragement.

Options Appraisal

5. Option 1: Environment & Place Overview & Scrutiny Panel discusses and reaches consensus on approaches to promote and encourage plant-based and reduced meat and dairy diets for further evidence-gathering and consultation.
6. Option 2: Environment & Place Overview & Scrutiny Panel discusses but is unable to reach consensus on approaches to promote and encourage plant-based and reduced meat and dairy diets.

Summary of financial implications

7. Dependant on the views of the Panel, any actions proposed will need to be subject to further assessment to establish any financial implications (e.g. procuring vegan products instead of meat for internal catering may have cost implications).

Summary of legal implications

8. Dependant on the views of the Panel, any actions proposed will need to be subject to further assessment to establish any legal implications

Summary of human resources implications

9. Dependant on the views of the Panel, any actions proposed will need to be subject to further assessment to establish any human resources implications.

Summary of sustainability impact

10. Adopting plant-based and reduced meat and dairy diets is intended to reduce greenhouse gas emissions and lessen environmental impact on the planet, therefore their promotion and encouragement should be of benefit. However, dependant on the views of the Panel, any actions proposed will need to be subject to further assessment to establish sustainability impact. Decision Impact Assessment no. 680 has been completed and resulted in a Low carbon footprint rating for this initial activity.

Summary of public health implications

11. Adoption of plant-based and reduced meat and dairy diets can have health benefits if implemented correctly, ensuring essential nutrient levels are maintained for good health. Any recommendations will be subject to consultation with the appropriate bodies to ensure this is achieved.

Summary of equality implications

12. The discussion paper itself will not mandate any changes. However, if changes were to be made to the availability of plant-based and reduced meat and dairy foods in Council catering and promotions, there would be positive equalities outcomes. Faiths and cultures that are not able to consume certain animal products would be ensured of suitable food and drink at Council functions and outlets, as ethical veganism is a protected belief under the Equalities Act 2010. Therefore, action to increase availability of plant-based foods is in line with diversity and inclusion objectives. The [EIA conversation/screening document](#) is available and is awaiting approval by the EIA panel.

Summary of risk assessment

13. Dependant on the views of the Panel, any actions proposed will be subject to a risk assessment.

Purpose of this paper:

Following questions to Council on the organisation's stance on plant-based diets in relation to climate change, the Chair and Vice-Chair of the Environment & Place Overview & Scrutiny Panel requested this preliminary discussion paper on the issue in order to stimulate debate.

1 The link between food and climate change

According to the United Nations, it is estimated that globally, approximately **one third of all human-caused greenhouse gas emissions are linked to food**¹.

Our food needs to be grown and processed, transported, distributed, prepared, consumed, and food waste disposed of. Each of these steps creates greenhouse gases that contribute to climate change, the largest portion coming from agriculture and land use.

Animal-based foods, especially red meat, dairy, and farmed shrimp, are generally associated with the highest greenhouse gas emissions. This is because:

- Meat production often requires extensive grasslands, created by cutting down trees, releasing carbon dioxide
- Cows and sheep emit methane as they digest grass and plants
- Cattle waste on pastures and chemical fertilizers used on crops for cattle feed emit nitrous oxide
- Shrimp farms often occupy coastal lands, formerly mangrove forests which had stored huge amounts of carbon.

Plant-based foods – such as fruits and vegetables, whole grains, beans, peas, nuts, and lentils – generally use less energy, land, and water, and have lower greenhouse gas intensities than animal-based foods. Below is a chart showing the carbon footprint of different food products based on weight (per kilogram of food).

Source: United Nations Climate Action

Note: 'Beef' combines beef and dairy cattle, 'Shellfish' and 'fish' are farmed, Cheese and milk include all dairy sources such as cow, goat, sheep, buffalo and camel

¹ <https://www.un.org/en/climatechange/science/climate-issues/food>

2 How to reduce food-related emissions

Reducing emissions from the food sector requires changes at all stages, from producers to consumers.

The western diet has since World War 2 tended towards eating a lot of meat, whereas our ancestors ate more sparsely, exercised more in the course of undertaking their daily tasks, and for many people meat was an occasional treat. Reducing obesity and over-eating would also have a part to play.

Shifting food systems towards plant-rich diets – with more plant protein (such as beans, chickpeas, lentils, nuts, and grains), a reduced amount of animal-based foods (meat and dairy) and less saturated fats (butter, milk, cheese) – can lead to a significant reduction in greenhouse gas emissions compared to current dietary patterns in most industrialised countries.

Alternative proteins – such as plant-based meat and dairy substitutes, insect-based proteins, and cell-based/cultivated meat – provide promising prospects and are attracting growing demand, financial investment and technological innovation.

But animal products remain an important source of food security, nutrition and livelihoods for large numbers of rural populations around the world. In these countries, improved feeds and feeding techniques can reduce methane generated during cattle's digestion as well as the amount of gases released by decomposing manure. Smaller herd sizes, with fewer, more productive animals can also help. And better agricultural practices, such as improved manure and fertilizer management, rotational grazing to maintain healthy soil to store carbon, and the restoration of degraded lands can significantly reduce greenhouse gas emissions.

At the same time, reducing food waste is key. Almost 1 billion tons of food – 17% of all food available to consumers worldwide – is discarded every year. Producing, transporting, and letting that food rot contributes more than 8% of global greenhouse gas emissions. **If food waste were a country, it would be the third-largest emitting country in the world.²**

² <https://www.un.org/en/climatechange/science/climate-issues/food>

3 Proposals for the UK

In order to achieve the UK target of becoming Net Zero, the UK Climate Change Committee has published scenarios illustrating the need for a 20-50% reduction in all meat and dairy consumption by 2050³, with the following comments:

- 'Policies for the 2020s must be designed to encourage the sorts of societal and behaviour changes that would reduce emissions while also providing co-benefits in some cases (e.g. to health). These include... healthier diets that contain significantly less meat and dairy...'
- '... switching away from meat (e.g. 28% by 2035) would release around a fifth more land out of agricultural production... This allows for increased afforestation, trees on-farm, and the planting of energy crops.'
- 'Shifting meat consumption more in line with Government guidance would have significant health impacts. A 2013 report that the Committee commissioned from Ricardo indicated that the health impacts of reducing red meat consumption by 50% amounted to an annual monetised benefit of 0.5% of GDP.'
- '...reducing meat and dairy consumption needs to involve substitution with healthy, low-carbon alternatives that are affordable and accessible...'
- 'Income to livestock and dairy farms could be affected if meat and dairy consumption falls by the 20-50% envisaged in our scenarios. The UK's farms and their 450,000 workers will need to be engaged and supported in the transition to low-carbon farming practices.'
- 'Multiple opportunities exist, including transitioning to plantbased food (e.g. cereals and legumes), growing bioenergy crops, lower-carbon livestock production and receiving income for low-carbon land management (such as increased treeplanting or peatland restoration, much of which in our scenarios occurs on land released from raising livestock).'

National Food Strategy

In 2021, the National Food Strategy⁴, a Government-commissioned independent review into the food system, concluded: 'The food system we have now has evolved over many years. It won't be easy to reshape it. But time is not on our side. The effects of climate change are already becoming apparent around the world. Diet-related disease is putting an intolerable strain on our nation's health and finances – and COVID-19 has only increased the pressure. For our own health, and that of our planet, we must act now.'

Key environmental and health findings included:

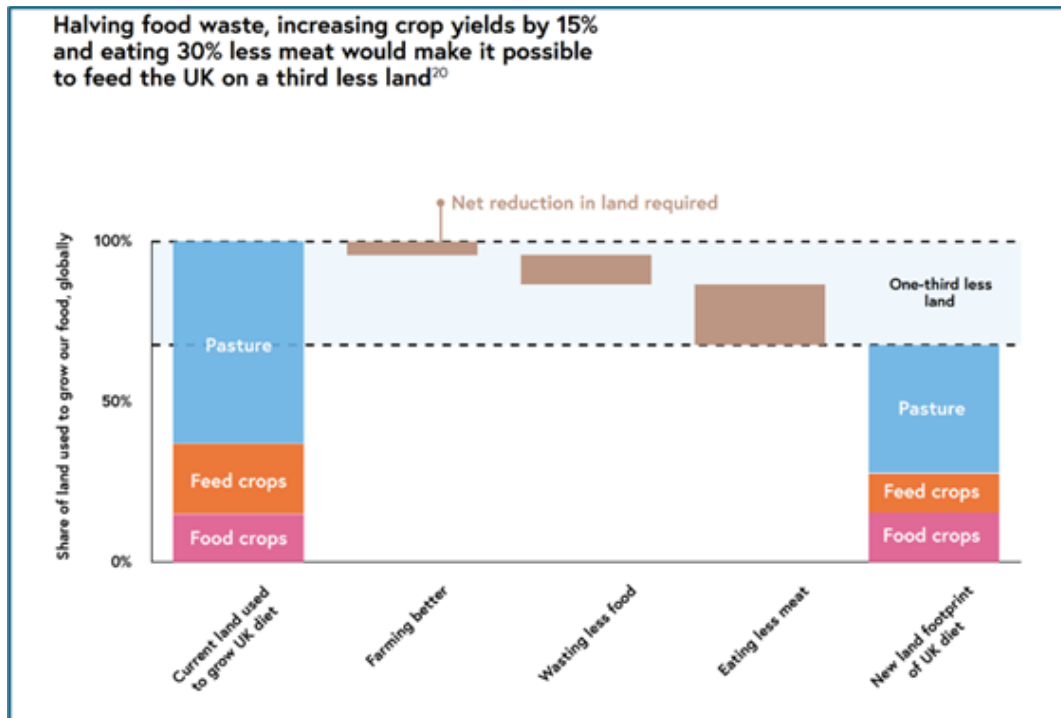

- Agriculture alone produces 10% of UK greenhouse gas emissions, despite constituting less than 1% of GDP
- 80% of processed food sold in the UK is unhealthy

³ <https://www.theccc.org.uk/wp-content/uploads/2020/12/The-Sixth-Carbon-Budget-The-UKs-path-to-Net-Zero.pdf>

⁴ <https://www.nationalfoodstrategy.org/>

- The UK is now the third fattest country in the G7, with almost 3 in ten adults being obese
- 85% of UK land in food production is used to graze livestock and produce crops to feed livestock
- In the UK the food system accounts for about one fifth of the country's emissions, rising to 30% if we include emissions from all the food we import.

The National Food Strategy recommends a 30% decrease in meat consumption over the next 10 years. This could be achieved as illustrated below:

Source: National Food Strategy, 2021

4 Action taken by UK local authorities

Movements, both supporting and opposing, have emerged in response to the call for more plant-based and reduced meat and dairy diets.

Plant Based Treaty

One such pro-vegan campaign is the Plant Based Treaty⁵, calling for creation of a global Treaty as a companion to the 2015 United Nations Framework Convention on Climate Change Paris Agreement. Advocates explain: '... the Plant Based Treaty aims to put food systems at the forefront of combating the climate crisis to halt the widespread degradation of critical ecosystems caused by animal agriculture and to promote a shift towards healthier, sustainable plant-based diets.'

The Plant Based Treaty (full text attached at Appendix A) can be endorsed by individuals, groups, businesses and cities. In doing so, they are expressing their support for national governments to come together to negotiate a global Plant Based Treaty, including the three core principles of 'Relinquish, Redirect and Restore' and 40 further proposals including:

- No building of new animal farms
- No expansion or intensification of existing farms
- Shift away from monoculture-based arable farming that depletes soil, decreases biodiversity and is reliant on external inputs such as animal manure and agrochemicals towards diversified, agroecological, veganic (vegan and organic) farming using regenerative, permaculture and natural principles that restore soil and ecosystems, enhance food security and provide nutrient-dense foods
- Calculate greenhouse gas emissions based on consumption and develop a food strategy for Climate Action Plans that prioritizes a switch to plant-based foods and public education
- Mandate honest labelling of food products including carbon labelling and cancer warning labels on all processed meats which have been declared carcinogenic by the World Health Organization
- Introduce a meat (including fish) and methane tax with proceeds funding restoration of land destroyed by animal agriculture
- Reforestation and restoration of the oceans is prioritised by designating additional areas of the oceans as zero fishing Marine Protected Areas (known as Highly Protected Marine Areas – HPMAs)
- Subsidies made available for farmers and landowners who practise good land stewardship and are actively restoring the land and the associated ecosystem services (such as carbon sequestration, biodiversity, flood defence, general climate change resilience)
- Repurpose available land freed up from animal grazing and animal feed production for: rewilding, reforestation (if appropriate), returning land to Indigenous people, nature reserves, hiking zones, community growing, allotments (if appropriate), agroecological veganic food growing (where possible)

⁵ <https://plantbasedtreaty.org/the-pbt/>

The UK towns & cities that have endorsed the Plant-Based Treaty are: Belfast, Edinburgh, Exmouth, Haywards Heath, Lambeth and Norwich. Locally, 8 current BCP Council Elected Members have personally supported the Plant-Based Treaty.

The Countryside Alliance

In direct opposition to the Plant-Based Treaty, the Countryside Alliance⁶, a campaigning group that aims to promote and protect the rural way of life, co-ordinates a campaign to support local farmers and discourage councils from moving away from meat consumption. It's stated aims are to: challenge bias and misinformation, campaign for a sustainable countryside, and educate about the countryside.

Local authorities that have passed motions in accordance with the Countryside Alliance aims commonly include clauses committing them to:

- Support local farmers and food producers
- Engage and work in partnership with poultry, arable and livestock farmers to ensure their ability to enhance our countryside, and with the fishing industry to protect the oceans
- Strive to support farmers by being sympathetic to diversification opportunities and promotion of local produce
- Be vocal in opposing excessive regulation by central government and attempts to diminish the role our meat, dairy, and arable farmers play in our rural way of life, enabling them to prosper
- Ensuring food provided at all council events is sourced from local suppliers. This includes meat, fish, dairy and plant-based produce
- Encourage local residents to shop locally, where possible, taking advantage of home-grown, affordable, and nutritious produce, with an aim of reducing food miles to plates.

Local authorities that have passed motions of this nature are: Wiltshire, Dorset, Fenland, Portsmouth, Suffolk, Cornwall and North Northamptonshire councils.

An alternative approach

A number of local authorities have been asked by residents to consider endorsing the Plant-Based Treaty, and have debated this. Some, such as Edinburgh and Exmouth have endorsed the Treaty whilst acknowledging that many of the commitments made are not within their power to achieve (Edinburgh⁷) or selecting only those that they feel they can commit to and drawing up a 'reduced' Treaty (Exmouth⁸). Others have declined to endorse the Treaty and have drafted their own commitments. These include:

⁶ <https://www.countryside-alliance.org/resources/news/wiltshire-becomes-latest-to-council-to-defy-plant-based-movement-in-show-of-support-for-farmers>

⁷ <https://democracy.edinburgh.gov.uk/documents/s53255/Item%207.5%20-%20Endorsement%20of%20Plant-based%20Treaty%20Response%20to%20Motion%20by%20Councillor%20Burgess.pdf>

⁸ <https://exmouth.gov.uk/wp-content/uploads/2023/12/Exmouth-Plant-Based-Treaty-.pdf>

Manchester City Council⁹ in July 2024, which passed the following motion:

This Council resolves to:

- Campaign to end Food Poverty and ensure that every resident has access to healthy, nutritious, good quality food to flourish
- Continue citywide communications campaigns that promote sustainable and affordable opportunities that encourage people to make change
- Continue to support Manchester to become a carbon literate city
- Build upon and strengthen actions relating to food in the new Climate Action Plan for 2025-2030
- Work with Greater Manchester Combined Authority and Manchester Climate Change Agency to ensure that actions at an organisational, ward, city wide and regional level are as aligned as possible
- Work with the new Labour Government to deliver Manchester's target to be a Zero Carbon City by 2038.

Oxfordshire County Council¹⁰ debated plant-based food in March 2022, deciding to offer:

- Plant-based food only at the 7 full council meetings per year and any occasional events held by the Chair of the Council (Mayor)
- In the future, plant-based options on school menus for part of the week (Council provides meals at 14% of the county's schools)

Bristol City Council¹¹ received public requests to sign the Plant Based Treaty in March 2024, and the Mayor responded at Full Council:

- 'Bristol has been leading the way on sustainable food production - as well as decarbonisation in general – as is evidenced in it being only the second city in the UK to achieve Gold Standard for food sustainability. While I agree that emissions from animal agriculture do need to be tackled, I have some reservations that some of components of this treaty will harm society's poorest.
- Changing behavioural habits, such as diets, takes time. Blunt instruments such as a tax on meat could well have no effect on meat consumption but will make already-struggling low-income families struggle even further. The focus should instead be on making fruit and vegetables as cheap as possible, so that healthy, sustainable diets are an option for everyone – this is the approach we're taking in Bristol.

⁹ <https://democracy.manchester.gov.uk/mgAi.aspx?ID=14557>

¹⁰ <https://news/oxfordshire.gov.uk/plant-based-food/#>

¹¹

<https://democracy.bristol.gov.uk/documents/b34822/Response%20to%20Public%20Forum%20Submissions%2012%20March%202024%20Full%20Council%2012th-Mar-2024%2018.00%20Full%20Council.pdf?T=9>

- However, I would stress that the principles in the treaty are a matter for central Government rather than local. I suggest you email your Member of Parliament about this – three of Bristol’s four Labour MPs are vegan, so I’m sure will have sympathy with the treaty’s aims.
- On a local level, the Labour administration is committing significant resources to make our food systems more sustainable. As I stated, we’ve received Gold Standard Award for food sustainability – only the second city in the country to do so – for our efforts to reduce food waste, grow the city’s good food movement, address food inequality, increase urban food growing, improve catering and procurement, and tackle the impacts of our food system on public health, nature, and climate change…’

The City of Edinburgh Council, having endorsed the Plant-Based Treaty in 2023, published their Action Plan¹² in 2024.

Limiting actions to issues that the local authority can influence, the City of Edinburgh Council Action Plan is broken down into four key themes:

- Awareness raising and capacity building
- Food waste reduction
- Increased provision of plant-based food
- Influence and leadership.

Actions include:

- Continue to actively promote the Veg Power campaign
- Develop a leaflet on low carbon, sustainable food, as well as information on healthy diets
- Share resources on reducing the environmental impact of food to partners (menu ideas, reports, case studies, training resources etc)
- Explore options to allow pupils to take any fresh (uncooked) left-overs from the counter back home at the end of the day to reduce food waste
- Share and implement best practice around food waste where appropriate
- Ensure all food & drink provided at meetings and events hosted by the Council include plant-based options, and where possible, sourcing sustainable local ingredients
- When re-tendering for food concession contracts under Culture, specify that plant-based options are available
- Develop customised sustainability checklists for Council cultural venues’ clients, promoters, and artists.

¹² <https://democracy.edinburgh.gov.uk/documents/s65215/Item%207.2%20-%20Plant%20Based%20Treaty%20Action%20Plan.pdf>

5 BCP Council's declared position

Resident's questions concerning plant-based diets were put to the Full Council Meeting on 23 July 2024, (and had also been raised previously at Council on 12 September 2023, where they were answered by the Portfolio Holder). The Leader reiterated the Council position that **'changing to a meat and dairy free diet is an important component in reducing our personal carbon footprint. However, we do feel we should promote and encourage rather than mandating plant-based options.'**

The Leader's responses to specific questions that the Panel should consider for debate were as follows:

- As an administration we welcome the challenge and will **look into the implications of prioritising climate-friendly advertising on assets we own and utilising our Council communications channels** to promote the benefits of a low meat and dairy/plant-based diet to residents in its climate-related messaging
- We will need to **explore the current methods of carbon labelling** and its effectiveness before considering promoting to schools or using in our own catering and food menus
- Any Councillor is welcome to **bring a motion to supply and serve 100% plant-based food at all internal meetings and internal events**, and further debate with colleagues on this matter is welcomed
- **The Council is not able to endorse the Plant-Based Treaty** or production of a stand-alone strategy, however we do endorse encouragement towards a low meat and dairy/meat free diet. We prefer to work with the community whilst not attempting to impose veganism, and **promotion of a low meat and dairy-free/plant-based diet will form part of our Climate strategy going forward**
- The Council does ask for **a variety of food options when tendering large events** and sustainability forms part of the quality assessment for all our tenders
- The Council is not able to endorse production of a stand-alone action plan but will **aim to lead by example in promoting and prioritising plant-based eating where it has influence and community support to do so.**

6 BCP Council's plant-based food offers and procurement

BCP Council has responded to the climate crisis by introducing plant-based and reduced meat and dairy products into its food operations. The timing of this paper has not allowed for a comprehensive examination of all trials, but the following are views and findings provided by Catering Managers.

Commercial Operations: Seafront outlets and Civic Centre Terrace Cafe

Maxime Froger, Catering Manager for the Council's Commercial Operations provided the following information and assessment of vegan products as part of the Council's Seafront catering operations and internal Terrace Cafe at the Civic Centre.

The approximate percentage of the current offer that is vegan (containing no ingredients derived from animals) is: less than 10%.

Assessment of the implications of increasing the vegan offer:

- In the Catering Department, vegan products currently offered are: ice cream, 'sausage' bap, full breakfast, spicy bean burger, 'sausage', chips and beans, KitKat, toasted teacake, 'sausage' roll, Keralan cauliflower bhaji pasty, pastries (croissant, pain au chocolat and cinnamon swirl), jacket potato with smoked bean chilli, chips, falafel wrap. These are not particularly high-volume sales (except chips and 'sausage' baps)
- Vegan products currently cost more to purchase so reduce the profit margin
- It would not be currently desirable to increase the vegan offer, since a vegan-only offer was trialled at the Durley Hub in 2023 and was unsuccessful with negative customer feedback. Staff received many comments as to why only vegan products were available and some customers who wanted meat products would leave because we were just offering the vegan option. Following this, some meat and non-plant-based items were introduced to the menu. Sales figures for Durley Hub from 1st April to 31st December 2023 were: £2,953 for vegan items and £9,060 for meat or non-plant-based items
- The Prom Café on Bournemouth Pier Approach offers all the vegan products listed above. Other Seafront units offer fewer vegan options due to capacity and volume of trade. In 2023/24, the Prom Café sales percentages were: 91% non-vegan sales, compared to 9% vegan sales (mainly chips and 'sausage' baps).

The possible implications of all internal catering (Council's own meetings and Terrace Café) becoming vegan:

- From current sales at the Terrace Café, there is an established demand for non-vegan products and there has been no feedback from users about increasing the offer. If the café changed to vegan-only products, it would impact sales, increase costs and risk making the operation unviable.

Queen's Park Golf Course (Woodpecker Café)

Bryony Betts, Venue and Operations Manager of Woodpecker Café at Queen's Park Golf Course provided the following information and assessment of vegan products as part of their daily café trade, 'grab-and-go' retail, and events catering and buffets.

The approximate percentage of the current offer that is vegan (containing no ingredients derived from animals) is: Daily Café Menu: 25%, Grab-and-Go Packaged Items: 35%, Events Buffet Menu: 33%.

Assessment of the implications of increasing the vegan offer:

- There is currently no significant interest in vegan options amongst our larger customer demographics and daily visitors. Products tested and subsequently withdrawn from daily café trade include: vegan 'bacon' alternative (expensive to buy in and not popular), vegan sausage rolls (high wastage), wide range of alternative milks (high wastage)
- Vegan alternative products (e.g. cheese and meat alternatives) from our current suppliers are typically more expensive than their non-vegan equivalents. Cost of specifically vegan products is typically 155% - 230% more than non-vegan products
- Slow sales on an increased vegan offering would also increase wastage, adding to cost of goods
- It would not be viable for Queen's Park Catering to operate as a fully vegan outlet as this does not reflect the demographic of visitors or events bookings at Queen's Park. This would also have a significant negative impact on the attraction of Queen's Park Golf Course as the offerings are closely tied
- Vegan items that have proved successful include: Alternative milks for coffees – popular among vegans and non-vegans as many now actively choose a non-dairy alternative, cheaper vegan menu options that can be held for a long period of time/prepared on demand to minimise wastage – e.g. vegan chilli (frozen portions), vegan sausage baps (from frozen), menu items that are vegan by default and therefore appealing to vegans and non-vegans alike (e.g. smoothies, flapjacks, crisps).

The possible implications of all internal catering (Council's own meetings) becoming vegan:

- For reasons of storage space, wastage etc. it is not practical to run a separate menu for internal and external functions or daily trade catering at Queen's Park
- Costs for internal catering would increase
- Reputationally, public reaction may be mixed. Some people would favour the environmental benefits, but others may be cynical about any increase in internal spending at a time when Council budget cuts are visible.

Food Procurement

The Council currently has three contracts for supply of food relevant to this topic as set out below:

Contract DN475683 - Supply of Fresh Meat and Poultry to Council Catering Establishments

Supplier - County Foods Ltd

Estimated Value of Contract - £40,000 per annum

Expires: 2025

This contract supplies fresh meat and poultry to Day Centres, Upton Country Park and TwoRiversmeet Leisure Centre.

Contract DN485684 - Supply of Fresh Fruit and Vegetables to Council Catering Establishments

Supplier – Harvest Fine Foods

Estimated Value of Contract - £35,000 per annum

Expires: 2026

This contract supplies fresh fruit and vegetables to the trading outlets along the seafront and in the parks, Upton House Tea Rooms, Russell-Cotes Art Gallery & Museum, Day Centres and the Terrace Cafe in the Civic Centre.

Contract DN561888 - Supply and Delivery of Ice Cream Products for BCP Council

Suppliers – Unilever (Lot 1), New Forest Ice Cream Ltd (Lot 2)

Estimated Value of Contract - £500,000 per annum

Expires: 2027

This contract supplies 20 trading outlets along the seafront which the supplier(s) will be required to supply as well as five park cafés, two museums, a country park and a visitor centre.

These specifications contain sustainability clauses, including:

- The Supplier will work with the Council to suggest ways of delivering sustainable procurement including the use of more sustainably sourced and produced/harvested products
- The Council has a preference for seasonal produce to be supplied where possible.

7 Current food initiatives in the BCP area

The Council is active in delivering, communicating and supporting food initiatives in the area, including Government-funded schemes such as the Household Support Fund. These have mainly addressed food affordability, poverty and health, but are expanding to embrace sustainability concerns. These initiatives could be instrumental in increasing public awareness and acceptability of vegan and reduced meat and dairy diets through demonstrating the economic, environmental and health benefits when approached correctly. Initiatives include:

Access to Food Partnership¹³

The Access to Food Partnership consists of BCP Council, Public Health Dorset and local community groups, established in March 2020 as a result of the COVID-19 pandemic and building on work from the Dorset Hidden Hunger 2019 conference. The partnership aims to make sure that everyone in our area can get healthy food for themselves and their families, at any time. The partnership mission is to:

- make sure everyone can get food in a crisis
- help people learn how to find, cook and eat healthy food
- bring local communities together to find local solutions and use local strengths
- share good information about local community food options
- make food access a priority in local policy and decisions
- develop a strong community food network.

The Feeding Dorset Partnership¹⁴

BCP Council supports The Feeding Dorset Partnership, which has recently joined the network of Sustainable Food Places¹⁵ across the UK. A large number of people, groups, and organisations work to feed everyone across the area. The Feeding Dorset Partnership aims to build a better understanding of the scale and scope of this web of food projects, businesses, and networks across the area and to move towards a more resilient, sustainable and affordable food future. The Partnership will use the areas of focus for a Sustainable Food Place to build connections between people and organisations:

- Food Governance and Strategy: good food governance and action
- Good Food Movement: Building public awareness and a local good food movement.
- Healthy Food for all: Tackling food poverty and diet related ill-health.
- Sustainable Food Economy: Creating a vibrant and diverse sustainable food economy.
- Catering and Procurement: Revitalizing local supply chains.
- Food for the Planet: Tackling the climate and nature emergency through sustainable food and farming and an end to food waste.

¹⁴ www.helpandkindness.co.uk/feeding-dorset-partnership

¹⁵ <https://www.sustainablefoodplaces.org/>

8 Plant-based diets and the Council's climate commitments

Commitments made in the 2019 BCP Council Climate and Ecological Emergency Declaration call upon the Council to make its operations carbon neutral by 2030 and work with others to make the area carbon neutral by 2045. Reducing the amount of meat and dairy products consumed within the Council and in the wider area will contribute towards these targets (forming part of what are termed the Scope 3, or 'indirect' emissions).

However, when the Council calculates the annual greenhouse gas emissions for the organisation and wider area, emissions from food consumption are not included, as data is not readily available, as it is for other sources, and methodology for reliably calculating these is only now emerging. One such tool is The Waste and Resources Action Programme (WRAP) Scope 3 Protocols for Food and Drink businesses.¹⁶

It should therefore be accepted that whilst contributing to overall emissions reduction locally and globally, promoting the adoption of plant-based diets will not immediately be reflected in the Council's own performance.

¹⁶ <https://www.wrap.ngo/resources/guide/scope-3-ghg-measurement-and-reporting-protocols-food-and-drink>

9 DRAFT Position Statement for consideration by the Environment & Place Overview & Scrutiny Panel

It may be appropriate for the Council to have a position statement on plant-based and reduced meat and dairy diets. The following has been prepared as a template for further discussion:

DRAFT BCP Council position statement on plant-based and reduced meat and dairy diets

This Council recognises that the food system is a major cause of greenhouse gas emissions.

Adopting a plant-based or reduced meat and dairy diet, as recommended by the United Nations and UK Climate Change Committee, is an important component in reducing our personal and collective carbon footprint.

To assist in reducing emissions from the food system, BCP Council will:

- Aim to lead by example in promoting and prioritising plant-based eating where it has influence and community support to do so
- Promote and encourage a plant-based and reduced meat and dairy diet as part of our climate strategy going forward
- Ensure food & drink provided at meetings and functions hosted by the Council includes plant-based and reduced meat and dairy options, and locally sourced ingredients where possible
- Continue to offer plant-based and reduced meat and dairy options from Council catering outlets
- Specify that plant-based options are available when re-tendering food contracts, wherever appropriate
- Continue to ask for a variety of food options when tendering large events
- Promote and encourage food waste reduction wherever possible
- Encourage residents to shop locally where possible, taking advantage of home-grown, seasonal, affordable, and nutritious produce.

The Plant Based Treaty

Individuals, groups, businesses and cities that endorse the Plant Based Treaty are expressing their support for national governments to come together to negotiate a global Plant Based Treaty, including the three core principles and 40 proposals as outlined below.

Demand 1 Relinquish

Stop the problem increasing

No land use change, including deforestation, for animal agriculture

- No building of new animal farms
- No building of new slaughterhouses
- No expansion or intensification of existing farms
- No conversion of plant-based agriculture to animal agriculture
- No conversion of any land for animal feed production
- No clearing of forests or other ecosystems for animal grazing, animal rearing or animal farming of any kind
- No new fish farms or expansion of existing aquaculture farms
- Protection of Indigenous Peoples; their land, rights and knowledge
- Ban all live exports
- No new large-scale industrial fishing vessels

Demand 2 Redirect

Eliminate the driving forces behind the problem

Promotion of plant-based foods and actively transition away from animal-based food systems to plant-based systems

- Declare a climate emergency – join the 1,900+ local governments in 34 different countries that have already done so
- Address the methane emergency: According to the United Nations, a 0.3°C temperature rise could be averted by 2045 if methane emissions were cut by 45% this decade. As the leading source of human-caused methane emissions, a transition away from animal agriculture to a sustainable plant-based food system would help us meet these goals as soon as possible
- Food security should be placed as a priority for all nations, with a focus on ending poverty and hunger and making nutritious food accessible for all
- Acknowledge and support the pivotal role small farmers have in feeding the planet; support them to maintain (or restore) autonomy over their lands, water, seeds and other resources
- Shift away from monoculture-based arable farming that depletes soil, decreases biodiversity and is reliant on external inputs such as animal manure and agrochemicals towards diversified, agroecological, veganic (vegan and organic) farming using regenerative, permaculture and natural principles that restore soil and ecosystems, enhance food security and provide nutrient-dense foods
- Calculate greenhouse gas emissions based on consumption and develop a food strategy for Climate Action Plans that prioritizes a switch to plant-based foods and public education

- Update government food and dietary guidelines to promote wholefood, plant-based food
- Design public information campaigns to raise awareness about the climate and the environmental advantages and health benefits of plant-based food, nutrition and cooking
- Aim to reduce the public's consumption of animal-based food through education in schools
- Transition to plant-based meal plans in schools, hospitals, nursing homes, prisons, government institutions, universities and businesses
- Mandate honest labelling of food products including carbon labelling and cancer warning labels on all processed meats which have been declared carcinogenic by the World Health Organization
- Introduce a meat (including fish) and methane tax with proceeds funding restoration of land destroyed by animal agriculture
- Subsidize fruits, vegetables and legumes to make a wholefoods, plant-based diet more affordable and end food deserts that hurt low income communities
- Redirect government subsidies for animal agriculture, slaughterhouses and industrial fishing to environmentally-friendly production of plant-based food
- End government subsidized advertising for the meat, dairy and egg industry
- Create green bonds to fund a transition to a plant-based economy
- Provide financial support and training for farmers, ranchers and fisherpeople to move away from animal production to diversified agroecological, plant-based (veganic) systems

Demand 3 Restore

Actively healing the problem while building resilience and mitigating climate change

Restore key ecosystems and reforest the earth

- Reforestation projects to be rolled out in appropriate ecosystems using native tree species to restore habitats to a previously similar state
- Reforestation and restoration of the oceans is prioritised by designating additional areas of the oceans as zero fishing Marine Protected Areas (known as Highly Protected Marine Areas – HPMAs)
- All existing Marine Protected Areas should be declared strictly no fishing zones and converted to HPMAs
- Active programs rolled out to replant critical carbon absorbers in the oceans, such as seagrass beds
- Restore key degraded ecosystems which are essential for carbon sequestration cycles: mangroves, peat bogs, forests, some types of grassland
- Focus shift on nature-based solutions for climate change mitigation and adaptation
- Subsidies made available for farmers and landowners who practise good land stewardship and are actively restoring the land and the associated ecosystem services (such as carbon sequestration, biodiversity, flood defence, general climate change resilience)
- Subsidies made available for rewilding and reforestation projects
- Incentivised subsidies / grants for farmers to switch from animal agriculture to diversified plant production

- Cities: increase trees and wildflowers, increase green community projects, wildlife corridors, green rooftops, local growing schemes, work towards biodiversity increases
- Enhance food justice by providing access to healthy food for all, especially low-income communities of color
- Repurpose available land freed up from animal grazing and animal feed production for: rewilding, reforestation (if appropriate), returning land to Indigenous people, nature reserves, hiking zones, community growing, allotments (if appropriate), agroecological veganic food growing (where possible)
- Shift of some land ownership into community hands so the land can be repurposed for reforestation, green space and community food gardens and allotments

OVERVIEW AND SCRUTINY BOARD AND COMMITTEES

Report subject	O&S Budget working group - scoping report
Meeting date	To be provided to the following Overview and Scrutiny meetings: Environment & Place O&S Committee - 11 September 2024 Children's Services O&S Committee – 19 September 2024 Overview and Scrutiny Board – 23 September 2024 Health & Adult Social Care O&S Committee – 24 September 2024
Status	Public Report
Executive summary	The O&S Board/ Committee is asked to confirm the establishment of a budget working group, including membership and key lines of enquiry, to undertake detailed scrutiny work to contribute to the developing 2025/26 council budget during September – November 2024.
Recommendations	<p>It is RECOMMENDED that the Overview and Scrutiny Committee consider and confirm:</p> <ul style="list-style-type: none"> a. The establishment of a budget working group, including the membership, lead member and lead officer for the group, as detailed at paragraphs 5 to 9 of the report. b. Key lines of enquiry for the working group, as detailed at paragraphs 10-14 of this report. c. The measures of effectiveness for the working group, as set out at paragraph 15 of this report.
Reason for recommendations	<p>To provide opportunity for scrutiny of budget proposals consistent with Procedure Rule 4 'The Formulation of Budget Proposals' within the Budget & Policy Framework Procedure Rules of the Council's Constitution.</p> <p>To ensure that the arrangements and scope of the working group are clearly established in line with the requirements of the Council's Constitution.</p>

Portfolio Holder(s):	Not appropriate for an O&S Working Group
Corporate Director	Graham Farrant, Chief Executive
Report Authors	Lindsay Marshall, Overview and Scrutiny Specialist
Wards	Council-wide
Classification	For Decision

Background

1. In September 2024, all Overview and Scrutiny (O&S) committees will be invited to establish a working group to contribute to the development of the 2025/26 budget. One working group can be established per O&S committee.
2. Through the working groups, each O&S Committee is invited to explore key lines of enquiry relating to budget matters within their areas of responsibility. The working groups form part of a wider programme of budget scrutiny (see Appendix 1) developed in consultation with O&S lead members and executive councillors and officers. O&S engagement in the budget process has been developed to be consistent with good practice.
3. The programme timeline provides a series of opportunities for all councillors to be involved in the development of the 25/26 budget, with public scrutiny and all member sessions built into the process. The aim is to develop a budget that is robust, tested and inclusive of wider councillor views. Channelling work through the O&S committees will also provide opportunity for public test and challenge as the budget develops.
4. The opportunities available for scrutiny of the 2025/26 developing budget have been communicated to all councillors during the summer of 2024.

Membership, Resources and Timetable

5. The Constitution states that O&S working groups may be formed by non-executive councillors (not limited to committee members). By this report, the committee is asked to confirm the membership, lead member of the group and lead officer for the work. A maximum of four working group members is suggested. There is no requirement for this to be politically balanced.
6. The lead member will be responsible for chairing working group meetings, liaising with officers and reporting on findings. The lead officer will provide strategic advice and direction to the group. It is suggested that this be a director or the relevant budget holder within the service area being scrutinised. Democratic Services will provide administrative support to the group.
7. In line with the programme of budget scrutiny, all O&S committees are being invited to establish budget working groups to undertake work during September – November 2024. The timing of working group meetings will ensure that test and challenge can be provided to the budget in its development phase, maximising the impact of scrutiny engagement.

8. To ensure an even spread of resources, one to two meetings will be held per working group with dates to be communicated.
9. In line with standard scrutiny practices, working group meetings will be held on a non-public basis. Transparency will be ensured through the reporting of findings to the O&S Board meeting of 18 November 2024 in a dedicated feedback session.

Methodology and Key Lines of Enquiry

10. Short, sharp O&S working groups with a clear and focussed remit will be able to provide maximum value to the developing 2025/ 26 budget by scrutinising a limited selection of critical budget areas within the remit of each committee.
11. **It is essential that the remit of these groups is targeted and limited to the most pressing areas of importance for councillors.** As all working groups will be stood up concurrently, there is a risk that any working group with too wide a remit will lack sufficient resources to support it, be ineffective in the depth of its enquiries, or unable to complete its work within the specified timescale.
12. Through this report, the committee is asked to confirm a **maximum of two/ three budget areas** that its working group will focus on. This will ensure that a 'deep dive' approach can be taken to the enquiry lines selected, rather than a light touch approach across a wider range of enquiries. To ensure that the working groups are member led, O&S Chairs have consulted their committee members to identify priority areas for scrutiny. O&S Chairs will report on these suggestions at the meeting.
13. **As a guide only**, officers have suggested the following potential areas of focus for the budget working groups aligned to each O&S committee:

O&S Board working group:

- Transformation budget
- Resident Card
- Income forecasts
- Fees and charges
- Licensing costs

Environment & Place O&S Committee working group:

- Bed & breakfast costs
- Climate & ecological emergency budget

Children's Services O&S Committee working group:

- High Needs budget
- School transport costs
- Care growth forecast

Health & Adult Social Care O&S Committee working group:

- Learning Disability & Mental Health budget
- Demand pressures

14. Councillors may wish to refer to the division of responsibilities of the O&S Committees (Appendix 2) when selecting relevant areas of enquiry for each O&S committee. The committee may also wish to draw its lines of enquiry from the 'Directorate Budget Awareness' presentations to be delivered to all O&S committee meetings in September.

Measure of Effectiveness

15. The following measures of effectiveness are suggested to assess the benefit of this scrutiny work. The Committee may wish to consider and contribute to these measures, as it sees appropriate.
- A robust and balanced Council budget for 2025/26 is developed, which has been tested and challenged by non-executive members working in their capacity as a critical friend.
 - Opportunity for wider public engagement in the budget is provided through the overview and scrutiny process, under the public engagement provisions within the council's constitution.

Summary of financial implications

16. There are no financial implications arising from this scoping report.

Summary of legal implications

17. There are no legal implications arising from this scoping report.

Summary of human resources implications

18. There are no human resources implications arising from this scoping report.

Summary of sustainability impact

19. There are no sustainability implications arising from this scoping report.

Summary of public health implications

20. There are no public health implications arising from this scoping report.

Summary of equality implications

21. There are no equality implications arising from this scoping report.

Summary of risk assessment

22. There are no risks arising from this scoping report.

Appendices

Appendix 1 – Programme of Budget Scrutiny for 2025/26 Council Budget.

Appendix 2 - Overview and Scrutiny Committee Structure (as agreed September 2023)

Background papers

There are none.

2025/26 Budget

Budget Scrutiny Proposals

7 June 2024

Budget Scrutiny (Part 1 of 2)

Enhance engagement in and scrutiny of the 25/26 budget (critical friend approach):

- Step 1. Budget Skills Training for Councillors – Monday 29 July 2024 6pm to 8pm (confirmed)
Independent Training based on approach taken by Dorset Council - Andrew Hardingham (previously Plymouth s151 Officer)
Potential for finance team attend to introduce and participate in a Question-and-Answer session.
- Step 2. Directorate Budget Awareness – September 2024
Each Corporate Director to give a presentation & undertake a Q&A on their budget, pressures, assumed savings etc.
11 September 2024 - Environment & Place Overview & Scrutiny Committee
16 September 2024 – Children’s Overview & Scrutiny Committee
23 September 2024 – Overview & Scrutiny Board
24 September 2024 – Health & Adult Social Care Overview & Scrutiny Committee
- Step 3. Budget Task and Finish Groups – October 2024
Four task and finish groups focusing on issues in each Directorate – 1 group for each directorate (suggested potential topics only)
Wellbeing Directorate: Learning Disability & Mental Health Budget, Bed & Breakfast costs, Demand pressures
Children's Directorate: High Needs Budget, School Transport costs, Care growth forecast
Operations Directorate: Resident Card, Income forecasts, Fees and charges
Resources Directorate: Transformation Budget, Licensing costs, Revenue & Benefits, Climate and ecological emergency budget.

Budget Scrutiny (Part 2 of 2)

- **Step 4. Budget Workshop – All Member - 8 November 2024**
Short presentation to provide the outline of the budget prior to public consultation exercise (subject to review process/timings)
- **Step 5. Feedback**
Each Task and Finish group feedback to the Overview & Scrutiny Board
All member invite
18 November 2024 – Overview & Scrutiny Board
- **Step 6. Budget Workshop – All Member – 22 January 2025**
Short presentation to provide the outline of proposed budget post public consultation & draft 2025/26 LG Finance Settlement
- **Step 7. Scrutiny Committees**
Scrutiny 2025/26 budget proposals and any recommendations to Cabinet
All Member invite
3 February 2025 – Overview & Scrutiny Board
- **Step 8. Cabinet**
Cabinet meets on the 5 February 2025 to agree a 25/26 budget proposal to Council.
- **Step 9. Full Council**
Full Council meets on the 25 February 2025 to set the 25/26 Budget

Figure One - Overview and Scrutiny Committee Structure

This page is intentionally left blank

OVERVIEW AND SCRUTINY BOARD AND COMMITTEES

Report subject	Overview and Scrutiny Annual Report
Meeting date	To be provided to the following Overview and Scrutiny meetings: Environment & Place O&S Committee - 11 September 2024 Children's Services O&S Committee – 19 September 2024 Overview and Scrutiny Board – 23 September 2024 Health & Adult Social Care O&S Committee – 24 September 2024
Status	Public Report
Executive summary	<p>This is the annual report of the Statutory Scrutiny Officer on Overview and Scrutiny (O&S) activity within BCP Council. There is a requirement to report on the work of O&S to Council, to ensure good visibility of the function and Council ownership of activity and any improvements required.</p> <p>The annual report contains a summary and analysis of O&S activity during 2023-24, reflections on working practices and an action plan identifying strategic improvements to the O&S function.</p> <p>All O&S committees will receive the annual report for consideration, providing opportunity for comment prior to the supply of the final report to Council.</p>
Recommendations	<p>It is RECOMMENDED that:</p> <ol style="list-style-type: none"> 1. The Board/ Committee consider and comment on the annual report and associated action plan. 2. The Board/ Committee comment on the proposed minor revisions to the O&S committee structure, outlined at paragraphs 8-10 of this report, prior to Council approval of the structure in October.
Reason for recommendations	<p>The Constitution requires the Statutory Scrutiny Officer to report to Council on an annual basis on the work of Overview and Scrutiny, including recommendations for any changes that may be required to ensure the function remains fit for purpose. The report must be informed by consultation with the Chairs and Vice-Chairs of the O&S Committees and referred to the four O&S Committees for comment. Consideration and comment on the annual report by the O&S Committees and Council upholds principle b) of good scrutiny, as outlined in the Constitution, that O&S shall 'be a Councillor led and owned function that seeks to continuously improve through self-reflection and development'.</p>

Portfolio Holder(s):	Not applicable – Overview and Scrutiny is a non-executive function.
Corporate Director	Graham Farrant - Chief Executive
Report Authors	Lindsay Marshall – Overview and Scrutiny Specialist
Wards	Council-wide
Classification	For Decision

Background

The Overview and Scrutiny Annual Report

1. [‘Overview and Scrutiny: statutory guidance for councils and combined authorities’](#) by the Ministry of Housing, Communities and Local Government (MHCLG) recommends that councils report annually on their Overview & Scrutiny (O&S) function and activity. The purpose of the report is to outline the activity and output of the O&S function over the previous year, and to identify improvements for the function to ensure it remains fit for purpose. This report is based on the municipal year of May 2023 - April 2024.
2. The report will be received by all O&S Committees and at a meeting of Council but is aimed at all stakeholders of O&S – this includes those within the Council, external partners, and the public and communities served by the council.
3. This is the report of the council's Statutory Scrutiny Officer, who is responsible for supporting and promoting O&S activity. Contribution has been made by other officers who provide support to O&S and Chairs and Vice Chairs of O&S committees.
4. Provision of the report to O&S committees has been delayed by the requirements of the pre-election period of the 2024 Parliamentary election, which necessitated the cancellation of public council meetings.

What is Overview and Scrutiny?

5. The purpose of overview and scrutiny, principles of good scrutiny and its role in supporting the ambitions and values of the council is set out in Appendix 1.

Summary - 2023/24 strategic O&S activity

6. During summer 2023, 36 new councillors were inducted into BCP Council following May 2023 local elections. O&S activity focussed on supporting these councillors with training and skills development, along with targeted support to those in chairing positions, many of whom were new to O&S chairing. The administration agreed that all O&S chairs would be drawn from opposition groups in line with good practice, to enhance the independence of O&S.
7. In September 2023, the Council agreed revisions to its O&S committee structure, to remove the Corporate & Community O&S Committee and replace this with the O&S Board, along with some adjustments to the membership, remit and meeting frequency of committees. O&S committee remits were adjusted to align to the revised Cabinet Portfolios which changed following the May 2023 elections. The

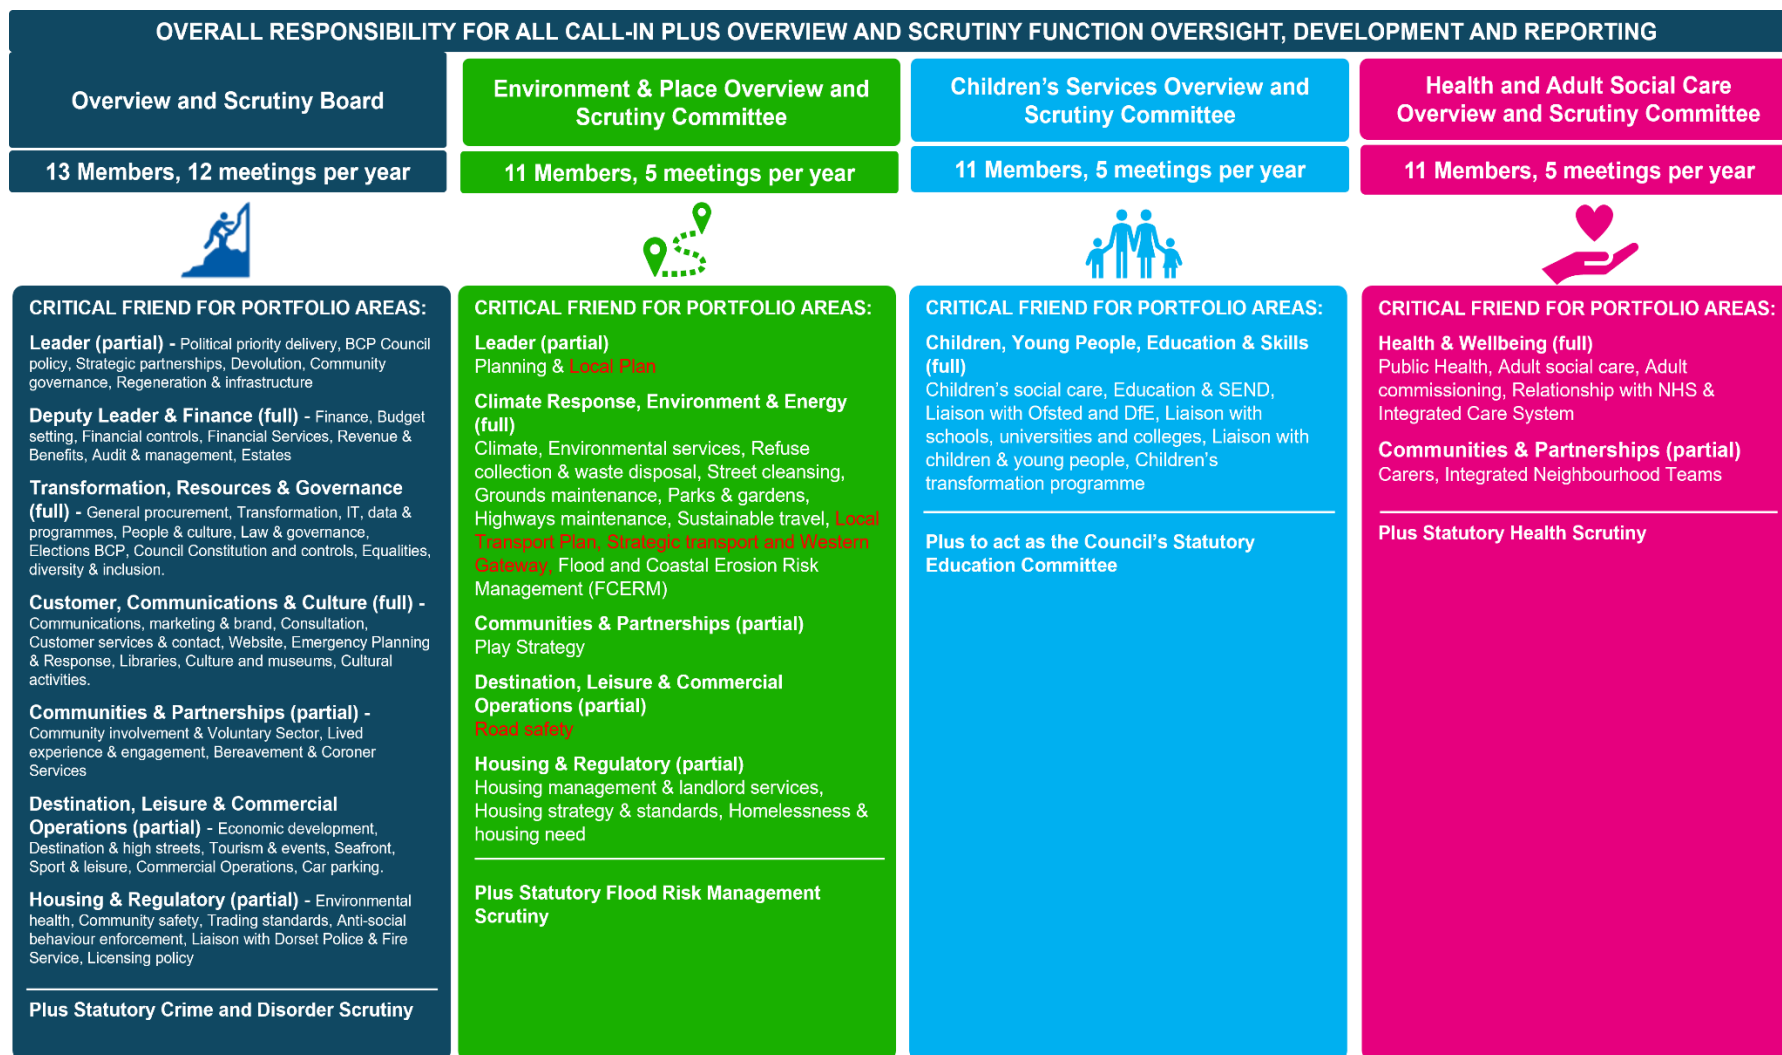

O&S Board also took on overall responsibility for all call-in matters and for O&S function oversight, development and reporting, previously the responsibility of O&S Chairs collectively.

8. In July 2024, the Council agreed a new Leader and further changes were made to the number and remit of Cabinet portfolios. Although this occurred after the reporting period for this report, the Council's Constitution makes provision for any changes to the O&S committee structure to be proposed to Council as part of this annual report. As the designation of functions across the four O&S Committees is based on the division of Portfolio Holder responsibilities, adjustments to the wording and remit of O&S Committees are now proposed to maintain an efficient fit and clear lines of accountability between O&S committees and Cabinet portfolios.
9. The changes proposed to the O&S committee functions are minor. All changes within the proposed revised structure reflect amended responsibilities and wording expressed within each Cabinet portfolio. All amended portfolio responsibilities have been included within the same O&S committee as per previous arrangements, with the exception of those items listed under the Environment & Place O&S Committee in red text. These were previously included within the O&S Board responsibilities. These changes are intended to provide a more effective fit with other similar responsibilities within the remit of this committee.
10. Figures 1a and b below illustrate the current O&S committee structure alongside the proposed revised structure. O&S committees are asked to comment on the proposed revisions prior to Council approval of the structure in October 2024.

Figure 1a – Current Overview & Scrutiny Committee Structure

Figure 1b – Proposed Overview & Scrutiny Committee Structure

11. The most significant of the committee revisions in September 2023 was the establishment of monthly meetings for the O&S Board, enabling better opportunity for the tracking of Cabinet activity and recommendations to Cabinet on forthcoming decisions. This change increased the overall scheduled O&S meeting numbers from 20 per year to 27, an uplift of 35%. The resourcing implications associated with this change are outlined in paragraphs 55 to 66 below.
12. All committees undertook annual work programming. Following O&S committee changes, the O&S Board and the newly named Environment and Place O&S Committee benefitted from supported action/learning workshops, led by the Centre for Governance and Scrutiny. The aim of this activity was to:
 - Develop O&S members' work programming skills to equip them to create work programmes rooted in good practice.
 - Refine the approach to scrutiny by articulating a more refined role for O&S. This saw the establishment of a 'sustainability lens' and a 'resident impact lens', to be used by the Environment and Place Committee and O&S Board respectively. The committees also developed a framework setting out their approach to topic selection.
 - Specifically address a recommendation arising within the council's Best Value Notice Action Plan to reduce the level of pre-decision scrutiny on O&S work plans and include more policy development work. Work was targeted towards these committees as they previously undertook the highest level of pre-decision scrutiny.
 - Generate a work plan based on the above good practices.

The framework developed through this work is attached at Appendix 2. This provides a mechanism to support future work programming in all O&S committees, and communicate the aims of O&S to the wider council and stakeholders. The learning captured through this work will be applied to the other O&S committees in their next round of work programming.

13. Work was progressed against the O&S Action Plan, agreed by Council in September 2023. The action plan sets out strategic improvements required to bring O&S activity in line with statutory guidance. This work is secondary to the support of core functions for O&S such as supporting committee meetings and working groups in accordance with the constitution. Progress against the action plan is set out in more detail in paragraphs 47-54 below.
14. Chairs and Vice Chairs were supported in their leadership roles through regular meetings to share good practice, challenges and to provide strategic monitoring to the O&S function.

Summary - 2023/24 committee activity, statistics and analysis

15. A summary of work undertaken across all O&S committees is attached to this report at Appendix 3. Highlights included working groups on blue badge waiting times and the use of data to strengthen scrutiny; a focus on the safety valve programme relating to children's services, and a focus on climate change and sustainability.

Committee Statistics

16. Committee activity has been assessed to provide an understanding of the breakdown of work undertaken during 2023/24, the resulting outputs and potential areas for development. The following data is set out below:

- Average number of agenda items per committee, to assess against good practice levels.
- Working groups undertaken.
- Agenda item categories, to provide a breakdown of the type of work undertaken by each committee.
- Outputs – an assessment of the number of agenda items leading to substantive recommendations.

These have been analysed to provide a commentary on areas that align to good practice and those where further development is recommended to enhance the value provided by the O&S function.

17. It should be noted that this data provides an indication of where O&S has directed its resources in 2023/24 and the resulting output, however not all O&S benefit can be assessed in this way and reflected through data. Some O&S outcomes can be 'softer', for example:

- Public demonstration of test and challenge on matters of community importance or concern.
- Comments raised through scrutiny may be reported by O&S Chairs to Cabinet but not formulated into recommendations.
- Actions raised through meetings and tracked by committees may not be captured as formal recommendations. Action tracking is particularly used by the Health and Children's O&S committees who undertake a closer monitoring role with their respective service areas.
- Informal discussions between decision makers and O&S members can influence the early direction of travel for a policy.
- The intention alone of an O&S committee to provide scrutiny to a certain area can trigger further work prior to reporting that can strengthen decision making.

Agenda item levels

18. The average number of agenda items, 'for information' items and working groups for each committee during the period is set out in table 1 below.

Table 1 – Agenda Items per O&S committee, 2023/24			
O&S Committee	Average number of agenda items	'For information' items, circulated outside of committee (annual total)	Working Groups
Overview and Scrutiny Board	2.1	0	1
Environment & Place	1.6	0	0
Children's Services	4.1	8	0
Health and Adult Social Care	4.0	3	1
Corporate & Community	1.5	0	0

Analysis

19. Attempting to scrutinise a large number of items can dilute the benefit of scrutiny. A 'deep dive' approach to a smaller number of items is encouraged over a 'broad brush' approach to a larger number of items. For this reason the recommended maximum number of items per committee agenda is two to three.
20. Prior to the 2023 local elections, legacy O&S Committees in BCP often held lengthy meetings with multiple agenda items, creating unmanageable workloads and in some cases additional monthly meetings as standard to accommodate the O&S work timetabled. This was particularly seen in the area of work covered by the O&S Board, with 33 additional meetings held by the previous O&S Board during 2019-21.
21. It is evident that the approach to scrutiny selection has changed in both the O&S Board and Environment & Place O&S Committee with levels falling into line with good practice. This is a significant improvement against previous years of O&S activity.
22. Children's Services and Health & Adult Social Care O&S Committees would benefit from refining workloads further to keep to the recommended levels and maximise the effectiveness of scrutiny undertaken with a greater focus on 'deep dive' work on a smaller number of topics.
23. Two investigative working groups were undertaken during 2023/24, on the topics of blue badge waiting times and data use in overview and scrutiny work. Both working groups led to a number of recommendations. The constitution allows for one working group to be undertaken per committee at a time, with this form of scrutiny work

being an ideal approach for proactive work which is likely to lead to the most valuable outcomes. Committee time can be used flexibly, for example as an evidence session to contribute to the scope of a working group, or in the form of an inquiry day, which may condense the inquiry of a working group into a focussed session. Proactive work of this nature is resource intensive and must be balanced against overall resources available to support the O&S function but should be prioritised wherever possible as a form of scrutiny that is likely to lead to more impactful outcomes.

O&S work categories

24. A breakdown of the categories of scrutiny items considered by each committee are set out in the diagrams below. These are broken down as follows:

- **Call-in**
Reports relating to the statutory right of O&S to 'call-in' an executive decision that has been made but not yet implemented. Revision to the remit of scrutiny committees placed all call-in responsibility with the O&S Board from September 2023 onwards.
- **Pre-decision scrutiny**
Scrutiny of a report close to the point of decision making – eg. a Cabinet report.
- **Proactive scrutiny**
Early policy development work and exploration of future options for service delivery.
- **Reactive scrutiny**
Scrutiny of emerging issues that arise throughout the year and can't easily be planned for in advance.
- **Update/monitoring reports**
Information giving reports.

Corporate & Community O&S Agenda Item Categories (decommissioned September 2023)

O&S Board Agenda Item Categories (established September 2023)

Environment & Place O&S Agenda Item Categories

- Call-In
- Pre-decision scrutiny
- Proactive scrutiny
- Reactive scrutiny
- Update/ monitoring reports

Children's Services O&S Agenda Item Categories

- Call-In
- Pre-decision scrutiny
- Proactive scrutiny
- Reactive scrutiny
- Update/ monitoring reports

Analysis

Call-In

25. O&S call-in should be used as a last resort where there is a concern that a decision has not been made in keeping with budget and policy framework of the council or the principles of decision making as set out in the council's constitution.

26. O&S guidance states:

"Scrutiny committees do have the power to 'call in' decisions, i.e. ask the executive to reconsider them before they are implemented, but should not view it as a substitute for early involvement in the decision-making process or as a party-political tool."

27. There was one call-in item considered during 2023/24, in keeping with an average of one call in per year during the 2019-23 period. The level of call-in items in BCP therefore does not of itself indicate a concern with existing governance arrangements, or excessive use of call-in as a party-political tool. Low call-in levels may be an indication that governance arrangements in the council offer appropriate alternative opportunities to test and challenge decision making, such as a suitable level of pre-decision scrutiny opportunities and flexibility for all non- executive councillors to ask questions in O&S meetings and Cabinet meetings.

Pre-decision scrutiny

28. In 2023/24, greater refinement of O&S topics was strongly encouraged through work induction training, work programming activity and through ongoing support to chairs and committees. The aim was to create a more even balance between pre-decision scrutiny items and proactive scrutiny items.

29. The levels of pre-decision scrutiny in 2023/24 are now far lower than in previous years. Although these weren't assessed in the same way during the 2019-23 period it is known that, in some committees, pre-decision scrutiny dominated work programmes. The highest level of pre-decision scrutiny is now just under 50%, for O&S Board work. This is to be expected as the Board remit relates to a higher proportion of service areas and items which generate Cabinet decisions. Board meetings also align to the Cabinet timetable to specifically allow opportunity for pre-decision scrutiny before every Cabinet meeting.
30. A specific action to reduce the level of pre-decision scrutiny was incorporated into the council's Best Value Notice Action Plan and has now been completed as a result of the reduction in levels seen in committees.

Proactive scrutiny

31. Proactive scrutiny levels are limited across all committees and could be increased. Good practice indicates that proactive, 'deep dive' scrutiny is the form of scrutiny activity most likely to provide value-added outcomes. All scrutiny committees should aim to prioritise proactive scrutiny wherever possible.
32. The O&S Board and Environment and Place O&S Committee focussed heavily on proactive work suggestions during their annual work programming activity, and it is expected that these levels will increase in 2024/25 for these committees. The remaining O&S committees will be encouraged to take a similar approach during their next round of work programming.
33. Effective annual work programming, with minimal changes throughout the year and a reduction in the overall number of items considered by O&S would provide time to scope and undertake proactive work effectively.

Update/ monitoring reports

34. Reducing the level of update/ monitoring reports received by all committees would release capacity for more proactive work.
35. Monitoring reports took up the largest proportion of the work plan for four out of five committees operating during the 23/24 period. However good practice is for all information-based reports to be received outside of a committee setting, reserving committee time for value-added scrutiny that is likely to lead to recommendations. All committees should aim to reduce this level by receiving information items in other ways. Officers are actively encouraging this approach.

Reactive scrutiny

36. Reactive scrutiny is minimal but has occurred in some committees. An example of this is the Children's Services O&S Committee work on the Safety Valve Programme. All committees are encouraged to reserve room within their annual plans to provide flexibility to respond to arising issues throughout the year.

Outputs

37. O&S agenda item outputs are set out in the charts below. These were assessed across all committees to establish:
- reports generating substantive recommendations to Cabinet, portfolio holders, officers or partners of the council;

- reports that were noted or led to no substantive recommendations.

It should be noted that actions and comments raised by O&S, rather than formal recommendations, are not captured in the below data.

Corporate & Community O&S outputs (decommissioned September 2023)

O&S Board outputs (established September 2023)

Environment & Place O&S Outputs

Children's Services O&S Outputs

Analysis

38. The highest level of substantive recommendations was generated by Corporate and Community O&S Committee at 33%, with the lowest generated by Health and Adult Social Care O&S Committee at 0%. To provide value through the work of O&S, all committees should look to increase the level of agenda items leading to substantive recommendations.
39. O&S comments gathered through pre-decision scrutiny may be reported to Cabinet to give a 'flavour' of councillor views to inform decision making. These may not always be captured by committees as formal recommendations and will not be reflected in the charts provided above. Where possible, committees should seek to strengthen comments into recommendations, to give weight to the view provided to Cabinet and clearer demonstrable output from O&S work. Clarifying the key lines of enquiry for scrutiny of a report can assist with the generation of clearer recommendations. This is explored further in paragraph 44 below.
40. A close alignment of proactive O&S work to the priorities of the council is likely to lead to the most value-added recommendations and outcomes. Substantive recommendations, and the resulting added value provided by the O&S function, could therefore be increased by a strengthened 'whole council' approach towards O&S in BCP Council. Work suggestions from Cabinet and Council to O&S were minimal during 2023/24, with proactive O&S work during this period largely driven by O&S member suggestions. By working more closely with the executive to identify opportunities for contribution to developing policy, O&S can have greater impact through its work, using unique statutory powers to surface issues, bring together stakeholders, explore issues in depth and test and challenge solutions. This approach has the potential to strengthen the decision and policy landscape of the council and support decision makers. Effective communications between O&S leads and executive members are essential for these opportunities to be identified, supported by a proactive approach to O&S engagement from lead officers. This is

in keeping with the strongest message set out in statutory guidance, that the culture of the council is fundamental to the success of the function:

“The prevailing organisational culture, behaviours and attitudes of an authority will largely determine whether its scrutiny function succeeds or fails. While everyone in an authority can play a role in creating an environment conducive to effective scrutiny, it is important that this is led and owned by members, given their role in setting and maintaining the culture of an authority.”

41. O&S members have been provided with training and regular guidance on work prioritisation and should continue to bear good practices in mind when considering the likely impact of work selected. Items that are not likely to generate substantive recommendations should wherever possible not be included within work programmes. This approach is encouraged by officers through annual work programming activity and regular support to committees when reviewing work programmes throughout the year. Topic prioritisation can be particularly difficult in a council with a wide range of political views and priorities and requires O&S members to make tough decisions, with Chairs and Vice Chairs leading in this respect. This robust approach to work programming could be strengthened across all committees.

42. Establishing a clear role and focus for O&S can be key to ensuring that work selected will add value to the organisation. O&S has wide ranging powers but guidance states that these are likely to be too wide to be meaningful if not refined to a key focus or set of priorities:

“... authorities should take steps to ensure scrutiny has a clear role and focus within the organisation, i.e. a niche within which it can clearly demonstrate it adds value. Therefore, prioritisation is necessary to ensure the scrutiny function concentrates on delivering work that is of genuine value and relevance to the work of the wider authority – this is one of the most challenging parts of scrutiny, and a critical element to get right if it is to be recognised as a strategic function of the authority.”

43. Acting on this good practice, the O&S Board and Environment & Place O&S Committee have now established lenses of ‘resident impact’ and ‘sustainability’ for their work respectively. This narrows the scope through which the committees intend to select and approach work with the aim of establishing a clearer role for the committees. This more refined focus for these committees was developed through action/ learning work supported by the Centre for Governance and Scrutiny (CfGS) and targeted specifically at these committees to embed good practices following the change in the O&S committee structure. The learning from this work will now be rolled out to Children’s Services O&S and Health and Adult Social Care O&S Committees and strongly encouraged for all committees going forward to give clarity of purpose to the work of O&S.

44. All committees would benefit from refining the scope for all work items using documentation of Key Lines of Enquiry. This will ensure that the information request from O&S committees is considered, clear and is scoped with a likelihood of generating impactful outputs. This approach is now being encouraged with all committees. Through this process, the angle to be taken by scrutiny, and the possible outcomes of the work should be considered in advance to determine if recommendations will be likely. Even items of apparent high importance should not be prioritised if there is no likelihood of having impact through the scrutiny provided.

45. Pre-meetings, led by O&S Chairs, can encourage a clearer focus on Key Lines of Enquiry during committee debate, and provide another mechanism to clarify in

advance the intended outcome of the scrutiny sessions planned. This approach is regularly discussed with O&S Chairs as a way of strengthening O&S outcomes and has been adopted by the Environment & Place O&S Committee. All committees would benefit from the use of pre-meetings.

46. Some committees undertake a greater monitoring role than others. Whilst committee members may become well informed through monitoring reports, if the level of this is too high there is little work plan capacity remaining for proactive, value-added scrutiny. This is a particular challenge for the Health & Adult Social Care O&S Committee which receives information from both within the council and from partners such as the NHS on service design and delivery. Similarly, the Children's Services O&S Committee closely monitors the improvement journey within the children's services area. Establishing a critical set of monitoring areas and incorporating more diverse ways of working will help these O&S members to remain informed in priority areas, whilst reserving committee time for value added scrutiny. Alternative methods for information receipt could include:

- informal briefings,
- independent research and horizon scanning
- receiving 'information reports' outside of meetings
- establishing rapporteurs to maintain an overview of designated areas and report back to committee by exception.

A mix of these information sharing methods have been used across committees, and a more consistent approach to information sharing will be encouraged in 2024/25, with the aim of reducing the overall level of 'for noting' reports across all committees.

O&S Action Plan

47. An O&S Action Plan was developed in 2023 to provide detail on strategic actions identified to improve O&S activity in BCP Council and bring practices in line with statutory guidance for O&S. The action plan was agreed by Council in September 2023.
48. The action plan also addresses O&S areas for development as identified through work which responds to the 'Best Value Notice' that was issued to the Council by the Department for Levelling Up, Housing & Communities (DLUHC) in August 2023. This was in response to the completion of an external assurance review carried out by DLUHC. The findings were in line with those of the Chief Executive's internal assurance review and all activity was monitored through the BCP Council Best Value Notice Action Plan. The recommendations have been welcomed in dealing with historical issues and setting a new tone for the Council. All actions relating to O&S within the Best Value Notice Action Plan have now been completed.
49. To establish improvement actions for O&S, all practices within the O&S function were assessed against the standards set out in 'Statutory Guidance on Overview and Scrutiny in Local and Combined Authorities' (2019) in a desktop exercise undertaken by the Statutory Scrutiny Officer in Spring 2023. The guidance provides a benchmark for good working practices in O&S and is statutory, meaning that guidance should be followed unless there is a good reason not to.
50. Much of the statutory guidance relates to ways of working and the council-wide approach to O&S. The clearest message is the need for a strong organisational

culture in which there is a collective ownership of the success of O&S, parity of esteem for O&S and value placed on the challenge that O&S can provide.

51. The O&S action plan follows the themes of the statutory guidance. All relevant paragraphs of the guidance have been included within the action plan, to aid reader's understanding of why actions have been identified, and the resulting plan for improvement is comprehensive. There are a total of **120** actions, some of which overlap. Where actions are similar (e.g. reflecting different aspects of councillor training required) they remain split into separate actions to demonstrate how these will uphold the statutory guidance. It should be noted that for this reason the action plan is highly detailed and serves as an operational tool to progress actions as well as for reporting on progress.
52. The action plan at Appendix 4 provides a detailed update against each of the actions as of June 2024. 66% of the actions have now been completed, a 21% increase since December 2023. Of the remaining actions, there has been an increase to those that are now significantly delayed with 21% now within this category. 11 % have experienced some delay and 2% are on track to complete as planned.

Progress against actions

53. Improvement actions identified within the plan were set over a period of one year for completion. This time frame was ambitious and whilst good progress has been made in many areas, some actions have been impacted upon by other O&S activity taking place concurrently and have not progressed. In particular, the increase in meeting numbers following the changes made to O&S committees in September 2023 has impacted on resources available to progress strategic improvements to the O&S function. Core O&S functions such as support to committee meetings will continue to be prioritised during 2024/25 and work against the action plan will be progressed where resources allow.
54. Responsibility for monitoring the O&S Action Plan sits with the O&S Board, which is supported in this role by regular monitoring in O&S Chairs/ Vice Chairs meetings.

Progress on the Action Plan will also be reported annually to Council through this report.

Resourcing O&S

55. Council agreed revisions to the committee structure in 2023 which formally increased O&S committee meeting numbers. Along with special meetings called by committees to respond to urgent business, a total of 27 meetings were held during 2023/24.
56. Historically, O&S meeting levels have been high as a result of additional special meetings called by committees, however formalised committee meeting numbers are now at the highest level since the start of BCP Council. By the end of the reporting period, planned meetings per year were 35% higher than the level of O&S meetings planned for the same period in 2022/23.
57. Resources to support O&S are stretched. The Democratic Services team provides direct officer support to the O&S function. There has been no increase in officer resource to support the increase in O&S meeting numbers agreed by Council in September 2023.
58. The Democratic Services structure was designed to support the service approved by the Shadow Authority which anticipated 22 O&S meetings per year with a larger Democratic Services team to support this. Since the establishment of BCP Council, the officer support available to O&S has not been adequate for the level of O&S meetings held by the council, which, through many changes to the O&S committee structure, have predominantly been above the level anticipated by the Shadow Authority. In 2021 the service budget was reduced by 14.9% to support the corporate budget pressures. Following the most recent changes to the O&S structure the service is now considered to be operating above maximum capacity. Taking into account the increased meetings and reduction in manpower resources, the ratio of meetings per equivalent officer FTE to provide support has increased by over 28%. This is excluding any additional special meetings called by committees. This has an impact on the level of support that can be provided to the O&S function and the resulting outputs.
59. To illustrate the officer support available to O&S, activity has been broadly split into a range of areas in the following priority order:
 - a. core functions of the service such as the servicing of meetings, agendas, minutes, advice and guidance, ongoing work planning support;
 - b. support to proactive scrutiny such as annual work programming for all committees, scoping and research, working group support, planning and supporting evidence sessions;
 - c. strategic improvements to the function in line with the O&S Action Plan.
60. An increase in meeting numbers without a match in the level of officer resource has required that support is diverted from activities within the 'b' and 'c' categories above, to ensure that core, statutory requirements within category 'a' are met. This will vary throughout the year according to additional pressures upon the team, which supports all decision-making bodies of the council in addition to O&S committees.
61. Additional O&S meetings also have implications council-wide for officer attendance and support to scrutiny activity.
62. Under the constitution, all O&S committees may undertake one working group at a time. These fall under category 'b' of the activity outlined above. In line with good

practice, working groups and other 'deep dive' inquiry mechanisms are encouraged as a means of providing the most effective O&S outcomes, however, it is fortunate that not all committees have chosen to take up this option during 2023/24 as this would have had a further impact on resources.

63. A 'whole council' approach to O&S, with working groups more fully scoped and overseen by service areas across the council rather than Democratic Services, would provide greater resource to support O&S work. It should be noted that service area - led approach to scrutiny carries a risk that the independent approach of scrutiny will be affected, as service areas will have an inherent viewpoint which may impact on the investigations undertaken by O&S.
64. In summary, councillors should note that the overall impact of the O&S function will continue to be limited by the dedicated levels of resource available to support it. Statutory guidance states:

"The resource an authority allocates to the scrutiny function plays a pivotal role in determining how successful that function is and therefore the value it can add to the work of the authority. Ultimately it is up to each authority to decide on the resource it provides, but every authority should recognise that creating and sustaining an effective scrutiny function requires them to allocate resources to it."

65. Councillors can take some action to mitigate the resource pressures upon the O&S function and promote valuable outputs:
- Strong and realistic work planning, with minimal revisions and retained capacity for arising issues, will limit the need for additional meetings over and above the 27 planned per year.
 - Flexibility of approach to O&S resource, with committee meetings used for more deep dive work – such as to support a working group through a public evidence gathering session.
 - Monitoring reports can be received in other ways, outside of committee to free up meeting time for value- added scrutiny.
 - O&S councillors can undertake a higher level of research and horizon scanning independently, to review data and policy sources, maintain an overview of council activity and bring an evidence-led approach to their scrutiny. A [Data Use Toolkit](#) has been developed by the Health & Adult Social Care O&S Committee to support councillors in this respect with the aim of rolling out a similar toolkit for all other O&S committees.
 - Informal relationships with executive members and officers can be strengthened and shared across committees through the use of rapporteurs. This will keep O&S councillors informed of developing policy or concerns which may benefit from scrutiny and encourage the regular information sharing that is necessary to understand where the most value-added scrutiny opportunities lie.

These actions are in line with the principle that the O&S function should be member-led.

66. The benefit of effectively resourcing scrutiny is explored in further detail within O&S guidance and set out more fully in the Action Plan at Appendix 4.

Options Appraisal

67. The Overview and Scrutiny Annual Report is for information and comment. An options appraisal is not relevant to this report.

Summary of financial implications

68. There are no direct financial implications related with the production of this report. The report explores the implications of resourcing O&S in paragraphs 55 to 66 above.

Summary of legal implications

69. Overview and Scrutiny is a statutory function of all councils operating an executive model of decision making. Improvements to the function, outlined in the report, will ensure that the work of O&S Committees in BCP Council complies with relevant legislation and upholds statutory guidance.

Summary of human resources implications

70. There are no human resources implications arising from this report.

Summary of sustainability impact

71. There are no sustainability implications arising from this report.

Summary of public health implications

72. There are no public health implications arising from this report.

Summary of equality implications

73. There are no equality implications arising from this report.

Summary of risk assessment

74. The improvements identified for O&S, as set out in the O&S Action Plan at Appendix 4, will ensure that statutory Government guidance is upheld. There is a risk that the guidance will not be properly upheld by the Council if actions identified are not taken.

OVERVIEW AND SCRUTINY STATUTORY POWERS AND BCP CONTEXT

WHAT IS OVERVIEW AND SCRUTINY?

1. Overview and Scrutiny (O&S) is an integral part of the Council's governance structure and is a statutory requirement for BCP Council. All councils operating executive arrangements must have at least one O&S committee. In BCP Council, O&S activity is carried out by four O&S committees formed of councillors and co-opted members. These are:
 - The Overview and Scrutiny Board
 - Environment and Place Overview and Scrutiny Committee
 - Children's Services Overview and Scrutiny Committee
 - Health and Adult Social Care Overview and Scrutiny Committee
2. The role of the Overview and Scrutiny Board and Committees is to help develop policy, to carry out reviews of Council and other local services, and to hold decision makers to account.
3. O&S committees are not decision-making bodies but can influence decisions through powers to obtain information, require attendance from council officers and members and to make recommendations. Under the [Local Government Act 2000](#), O&S committees have the right to scrutinise '*any matter affecting the local authority area or the inhabitants of the area.*'
4. Additional powers to scrutinise NHS services and review the work of the local community safety partnership mean that O&S committees have an important role in acting as a 'check and balance' to decisions made both within the council and in external organisations.
5. The overall aim of O&S activity is to impact in a tangible way on the council and the residents it serves. The Ministerial foreword of '[Overview and Scrutiny: statutory guidance for councils and combined authorities](#)' by the Department of Levelling Up, Housing and Communities (DLUHC) states:

"The role that overview and scrutiny can play in holding an authority's decision-makers to account makes it fundamentally important to the successful functioning of local democracy.

Effective scrutiny helps secure the efficient delivery of public services and drives improvements within the authority itself. Conversely, poor scrutiny can be indicative of wider governance, leadership, and service failure."

PRINCIPLES OF GOOD SCRUTINY

6. The majority of councils base their O&S arrangements on commonly held principles of good scrutiny. These are set out in the [BCP Constitution](#), which states that the O&S committees shall:
- a) contribute to sound decision making in a timely way by holding decision makers to account as a 'critical friend';
 - b) be a Councillor led and owned function that seeks to continuously improve through self-reflection and development;
 - c) enable the voice and concerns of the public to be heard and reflected in the Council's decision-making process;
 - d) engage in decision making and policy development at an appropriate time to be able to have influence;
 - e) contribute to and reflect the vision and priorities of the Council; and
 - f) be agile and be able to respond to changing and emerging priorities at the right time with flexible working methods.

Through their work, O&S councillors should seek to uphold these principles.

SUPPORTING THE AMBITIONS AND VALUES OF THE COUNCIL

7. O&S can support the high level aims of the council by aligning its work to the priorities identified within the council's corporate plan entitled '[A Shared Vision for Bournemouth Christchurch and Poole, 2024-28](#)'. The plan was refreshed in May 2024. With the remit of O&S committees spanning all service areas of the council, O&S activity has the potential to support the following vision and priorities identified within the corporate plan:

Our vision:

- Where people, nature, coast and towns come together in sustainable, safe and healthy communities.

Our priorities:

- Our place and environment: Vibrant places, where people and nature flourish, with a thriving economy in a healthy, natural environment.
- Our people and communities: Everyone leads a fulfilled life, maximising opportunity for all.

This could be achieved through alignment of O&S work plans to policy areas earmarked for development within the corporate plan. O&S can also provide benefit by monitoring the progress of the council against the ambitions set out in the corporate plan, through engagement with the relevant aspects of performance dashboards.

1. Development of this framework and its application by O&S Committees

Workshops were held with members of O&S committees across December 2023- February 2024, supported by the Centre for Governance and Scrutiny (CfGS). The aim of the workshops was to develop an approach to work programming at BCP for 2024/25 and beyond that is based on good practice and addresses improvements already identified for O&S as set out in [Assurance Review Action Plan](#) and the [O&S Action Plan](#). One output of this work is the framework set out below.

During 2024, the O&S Board and Environment and Place O&S Committee have been following the principles set out in this framework. The same good practices will be rolled out to all O&S committees in 2024 and used to support future annual work programming.

2. Using a lens to select and approach scrutiny topics

O&S statutory guidance recommends that a 'lens' or key set of priorities be established by O&S committees, to clearly communicate their role and how they will add value to the work of the organisation. The statements also clarify the role of the committee to the public.

Established lenses provide a tool to assist O&S members in work programming, to sift suggestions for work into a realistic annual work programme for each committee and should be referred to throughout the year as arising suggestions for work are made.

O&S Board and Environment and Place O&S Committees agreed lenses in 2024. Children's Services and Health and Adult Social Care O&S Committees have not yet considered the application of lenses to their work. Lenses are set out below. It is suggested that these lenses be reviewed annually to ensure they remain fit for purpose.

The **O&S Board** will approach work through a lens of **RESIDENT IMPACT AND EXPERIENCE**, such as considering:

- benefits that could be brought to residents by **delivering services** in different ways
- how the areas of highest **financial risk** for the council may impact on residents
- the council's **relationship with the public** and work that can be done to strengthen this.

The **Environment & Place O&S Committee** will approach work through a lens of **SUSTAINABILITY**, with a specific focus on the following priorities, drawn from the Corporate Strategy:

- **Climate change** is tackled through sustainable policies and practice
- Our **green spaces flourish** and support the wellbeing of being people and nature
- Our communities have pride in our **streets, neighbourhoods and public spaces**
- **Good quality homes are** accessible, sustainable and affordable for all

The **Children's Services O&S Committee** will approach work through a lens ofTBC

The **Health and Adult Social Care O&S Committee** will approach work through a lens ofTBC

3. Using a framework to structure O&S activity:

A framework for supporting different types of scrutiny work is set out in the table below. Scrutiny is split out into **proactive work**, **reactive work** and **pre-decision scrutiny**. When developing this framework, O&S councillors gave a clear steer that they wish to continue to undertake all these elements of scrutiny through their work programmes.

As with the lenses outlined at 2 above, the scrutiny framework will also be used to communicate the role and intentions of the committees to the wider council and the public. It is suggested that the framework be reviewed annually to ensure it remains fit for purpose.

Proactive Scrutiny

What is it?

- Early policy work - work focused on policy development and exploring options for the future. Also described as 'overview work' in BCP.
- Framed as a series of questions or 'key lines of enquiry', to which O&S seeks answers. These are found through the gathering of evidence, with a view to informing future policy.
- Driven by the O&S committee itself, or may be in response to a suggestion from councillors, community or decision makers.
- Less likely to directly align to another piece of work already underway in the council, eg. a cabinet report.
- Fulfils BCP principles of good scrutiny:

'O&S engages in decision making and policy development at an appropriate time to be able to have influence'

'O&S is a member led and owned function'

'O&S enables the voice and concerns of the public to be heard and reflected in the Council's decision-making process'

Examples

Cllr suggestions based on their understanding of local needs, eg:

- What more can we do to meet local people's housing needs?
- To what extent do we as a council as a community understand the likely challenges of climate change, and what action do we need to take?

Method for undertaking scrutiny:

- Either "in committee", as a whole-meeting challenge session followed up by agreement of recommendations at the next meeting, or a short and sharp working group with a group meeting two or three times between meetings.
- Outcomes are unlikely to be met by an officer report – proactive scrutiny relies on councillors scoping and directing the work and asking for specific data, information and evidence to be brought by relevant stakeholders.
- Recommendations are made, usually to Cabinet or Portfolio Holders. They must respond to these recommendations.

Pros and Cons

- ✓ Potential to add significantly more value than other work by using powers to gather evidence from stakeholders, investigate an issue in depth and find solutions. These may be used to inform policy in a significant and meaningful way.
- ✓ Potential to select and scope topics to have maximum positive impact on the communities of BCP.
- ✓ Can generate a clearer set of recommendations that can be communicated in the council and to the public.
- ✓ Easier for O&S to own the programme of work and not be affected by other factors (eg. movement of decisions on the Cabinet Forward Plan).
- ✗ Resource intensive for officers and councillors.
- ✗ May require committee to work more flexibly to find capacity for the depth of work, eg. swapping committee meetings to undertake working group meetings instead.

Method for selection of proactive scrutiny topics:

- Invite suggestions from councillors annually (through work programming workshops)
- Invite suggestions from decision makers for O&S to contribute to developing policies/ decisions.
- Invite suggestions from the public annually (consider how to incorporate into methodology for 2025 work programming)
- Sift suggestions according to the priorities of lenses as set out above ('resident impact and experience' / 'sustainability')
- Agree, scope and plan topics to add maximum value.
- Plan all proactive work on an annual basis to ensure it can be undertaken by an appropriate time to add value and in within resources available.

Pre-decision Scrutiny

What is it?:

- Scrutiny of a report close to the point of decision making – eg. a Cabinet report.
- Predominantly driven by the Cabinet Forward Plan.
- Sits between 'proactive' and 'reactive' scrutiny. Some councils undertake a minimal level of pre-decision scrutiny in favour of greater levels of deep dive investigations. BCP councillors have said that pre-decision scrutiny is an important part of the scrutiny process which they are keen to see stay in place.
- Fulfils BCP principle of good scrutiny:

'O&S contributes to sound decision making in a timely way by holding decision makers to account as a 'critical friend'.

Examples

Scrutiny of Cabinet reports on:

- BCP Local Plan
- BCP 2024/25 budget scrutiny & MTFP update reports
- Various policies prior to Cabinet/ Council decision

Method for undertaking scrutiny:

- In committee, consideration of a report already written for Cabinet. Report considered approximately 10 working days prior to the Cabinet meeting.
- Any recommendations or comments made on the report are formally passed to the next Cabinet meeting.
- The O&S Chairman will attend the Cabinet meeting to report recommendations and/or give a summary of comments made at O&S.
- Cabinet must consider any **formal recommendations** made and respond.

Pros and Cons

- ✓ Publicly demonstrates that decision makers are held to account.
- ✓ Less resource intensive – reports already written for Cabinet.
- ✗ Reactive – hard to plan agendas and relies on a well populated Cabinet Forward Plan to timetable work.
- ✗ Limited impact vs time spent. O&S is unlikely to be able to have much influence on fully developed policy and decisions.
- ✗ Potential to establish a ‘shadow cabinet’ and for meetings to become political, which must be managed effectively by O&S Chairs.
- ✗ Potential for Cabinet scrutiny to overwhelm agendas - can lead to additional/ long meetings which can limit effectiveness of scrutiny.
- ✗ Potential to duplicate other scrutiny opportunities – eg. full council debate.

Method for selection of pre-decision scrutiny topics:

- Establish a programme of informal, Teams based briefing sessions at a frequency which can be accommodated by O&S members and support officers. Schedule briefings to provide O&S with information on the key aspects of developing decisions. Aim to hold these as early as possible and at least 3 months prior to the decision to be made. Chairs and Vice Chairs take the lead in this, using the Cabinet Forward Plan and informal discussions with decision makers.
- Using the information provided at briefings and the agreed O&S lenses to determine which forthcoming Cabinet decisions will benefit from a councillor maintaining a watching brief and reporting back (rapporteur) or ultimately pre-decision scrutiny at committee.
- Give notice as early as possible of those items required for pre-decision scrutiny, to enable report authors to work to the relevant O&S timescales.
- Provide regular reporting on out of committee activity into a committee meeting via Chair, to maintain transparency of O&S activity.
- Note – this framework for selecting pre-decision scrutiny is expected to significantly reduce the number of Cabinet reports being considered by O&S committees but will require a commitment from decision makers to share information with O&S in a different way that is both open and timely. The proposed format will also provide decision makers with the opportunity to surface issues with the wider membership of the council prior to decision making and to gather informal input to shape direction of policy.

Reactive Scrutiny

What is it?:

- Emerging issues that arise throughout the year and can't easily be planned for in advance.
- Usually a significant issue of concern or risk to the council, residents or external bodies (eg. Ofsted or Government department)
- Fulfils BCP principles of good scrutiny:

*‘O&S contributes to sound decision making in a timely way by holding decision makers to account as a ‘critical friend’;
‘O&S is agile – able to respond to changing and emerging priorities at the right time with flexible working methods’
‘O&S Contributes to and reflects the vision and priorities of the council’;*

Examples

- Targeted scrutiny on council finances at the end of 2022 following concerns about in-year budget
- Safety valve scrutiny at Children’s O&S Committee
- Best Value and Assurance Review reports.
- Decisions ‘called in’ by O&S

Method for undertaking scrutiny

- O&S Councillors review a suite of information regularly outside of the committee space – eg. corporate performance reports, medium term financial plan updates, complaints data or resident surveys.
- ‘Red flags’ are elevated to committee for more formal scrutiny to take place. Usually, a report is requested from officers.
- Any recommendations or comments made on the report are formally passed to the relevant decision maker, usually Cabinet/ Council.
- Cabinet/ Council must consider the recommendations made and respond.
- O&S may ask to receive regular updates outside of committee, to maintain a closer eye on the matter until it is resolved.

Pros and Cons

- ✓ Important governance mechanism to assist the council in resolving issues of concern.
- ✓ Provides public demonstration of scrutiny on issues that may be causing press interest or community concern and gives opportunity for public to engage.
- ✗ Limited impact vs time spent. O&S may ask decision makers to reconsider an issue or make recommendations expressing concerns but cannot change a decision.
- ✗ Can disrupt workplans owing to the need to scrutinise a matter quickly.
- ✗ Potential to duplicate other scrutiny opportunities – eg. full council debate.

Method for selection of reactive scrutiny topics:

- Committee members ‘horizon scan’ by reviewing a suite of information on a regular basis in their own time. These are provided by email or in a designated webspace. Rapporteurs may be established to monitor designated areas of interest, sharing the load across the committee.
- Emerging trends or red flags are raised by committee members informally to the Chair & Vice Chair.
- Chair and Vice Chair take the lead in raising concerns with relevant decision makers and seeking more information. Using this information and the lenses established by committees, they determine which matters warrant elevating to committee.
- In all cases, O&S will prioritise work where it can have the most value and will avoid duplicating efforts underway elsewhere in the council to resolve arising issues. Priority will therefore be given either to those areas of highest concern and which are generating significant public and media attention; where data trends indicate that concerns are at risk of becoming embedded, or where attempts to find solutions by Cabinet or service areas have not worked.

- For these matters, a report is requested to the next available committee meeting for more formal and forensic scrutiny to take place. Work plans may be adjusted to make room for this arising work within existing resources.
- Following formal scrutiny, O&S may ask to receive regular updates outside of committee, to maintain a closer eye on the matter until it is resolved.
- Nb. 'Call-in' decisions will follow a separate process as outlined in the constitution.

4. Next steps

- The O&S Board and Environment and Place O&S Committees have adopted this framework and agreed lenses for their work.
- In 2024, all remaining O&S committees will be asked to adopt this framework and establish lenses or a limited set of high-level priorities.
- The framework will accompany all work programme reports to committee and should be referred to as a structure to underpin ongoing work programming activity.
- The framework will be reviewed annually by O&S Chairs, and lenses reviewed annually by O&S Committees in annual work programming, to ensure they remain fit for purpose.

Corporate & Community O&S Committee

(May-September 2023, then decommissioned)

Chair – Councillor Stephen Bartlett

Vice Chair – Councillor Sue Aitkenhead

- **Meetings:** 2 ordinary, 0 special meetings
- **Membership:** 11 councillors
- **Average number of agenda items** – 1.5
- **Working Groups** - 0
- **'Call-Ins' considered** – 0

In these meetings the committee received an update on the council's Pay and Reward project and provided pre-decision scrutiny to the Cabinet report regarding Future Places Ltd, which undertook regeneration activity on behalf of the council. The committee supported the recommendation to Cabinet that regeneration activity be brought back in house, and also recommended that any decision on the disposal of the previous civic offices at Christchurch and Poole be deferred for further consideration. These recommendations were accepted by Cabinet.

This committee held two final meetings, prior to being disbanded in September 2023 and replaced by the O&S Board.

Overview & Scrutiny Board (established 30 September 2023)

Chair – Councillor Stephen Bartlett

Vice Chair – Councillor Sue Aitkenhead

- **Meetings:** 7 ordinary, 1 special meeting
- **Membership:** 13 councillors
- **Average number of agenda items** – 2.1
- **Working Groups** – 1 (informal, member led working group)
- **'Call-Ins' considered** – 1

Following changes to the O&S committee structure in September 2023, the Overview & Scrutiny (O&S) Board was established. This took on the previous remit of the Corporate & Community O&S Committee, along with an overarching responsibility for the O&S function and all scrutiny 'call-in' responsibilities. Board meetings were programmed monthly, to track Cabinet and allow for recommendations on pre-decision scrutiny to be reported to Cabinet in a timely way.

The Board began its work with the only Call-In meeting of the municipal year, relating to the detail of a Public Space Protection Order to be applied across beaches, heathland, parks and recreational areas. After consideration of the call-in request, no recommendations were made to Cabinet and the decision was implemented.

Statutory crime and disorder scrutiny responsibilities were fulfilled through the scrutiny of the BCP Community Safety Partnership annual report and the Board fulfilled its new responsibilities to monitor the overall O&S function through update reporting on the O&S Action Plan, agreed by Council in September 2023.

O&S induction training was provided to all councillors in Summer 2023. Mindful of good practices highlighted through this training, Board members made significant efforts to maintain a focus on 2/3 substantive items per agenda, to provide more effective and targeted focus to those topics selected. The average agenda items of 2.1 per meeting demonstrate a significant improvement compared to previous years where the number of agenda items selected by legacy committees were numerous and meetings lengthy. The Board expressed a wish to focus on matters of the highest risk or priority for the council, along with those that may have a significant impact on residents.

The Board was mindful of the significance of the Best Value Notice, issued to the Council in August 2023 and the work being undertaken by the council to make identified improvements. Through test and challenge, the Board supported the Best Value improvement journey by focussing on the following critical areas of council activity:

- Transformation Programme update,
- Medium Term Financial Plan updates,
- Best Value Notice action plan monitoring,

- A Shareholder Governance Review of council owned companies
- Scrutiny of the 2023/24 BCP budget
- Corporate Performance Reporting

Decisions with significant financial implications attached were also scrutinised, such as the disposal of land at Wessex Fields.

Spotlight on... Resident Impact

Along with scrutiny of internal / corporate priority areas, the Board focussed on those matters which it felt would be of highest importance to residents. This included pre-decision scrutiny of proposals for 20mph speed limits in the BCP area; development of a Library Strategy, and the draft BCP Local Plan, scrutiny of which resulted in a number of recommendations to Cabinet.

An informal, member led working group was also undertaken to understand the causes of long waiting times for Blue Badge applications to be processed. Members agreed to progress this work after becoming aware of resident concerns. Mindful of limited resources, three O&S members undertook their own background research, meeting with officers for informal discussions which established that application processes are complex and driven by the strict rules that are set nationally and must be rigorously observed to prevent fraud. The work done by the council to communicate effectively with applicants was examined along with the fees and resources associated with running the service.

The group reported its findings to full committee, which determined that further scrutiny work would not add value to this matter but offered several suggestions to officers for potential improvements to the service. This informal member-led research allowed for quicker progression of the matter and an informed decision to be made on whether the investment of scrutiny resource would be impactful. The Board recognised that this would be a valuable tool for future scrutiny work.

Environment & Place O&S Committee

Chair – Councillor Chris Rigby

Vice Chair – Councillor Richard Herrett

- **Meetings:** 5 ordinary, 0 special meetings
- **Membership:** 11 councillors
- **Average number of agenda items** – 1.6
- **Working Groups** - 0
- **'Call-Ins' considered** – 0

Following changes to the O&S committee structure in September 2023, the Place O&S Committee was renamed 'Environment & Place' to reflect an intended greater focus on environmental and sustainability matters. The committee also agreed to recruit two independent co-opted members to its membership, to provide additional expertise and challenge to this priority area of work. At time of writing, this recruitment is in process.

Work activity included proactive scrutiny on planning reforms, families in B&Bs and the development of the BCP Green Spaces Play and Wheeled Play Strategy. Monitoring reports included an update on the Schools Streets programme, with the committee scrutinising this from an environmental perspective, endorsing further roll out of the scheme to encourage management of traffic around schools in a way that is particularly beneficial for children and their families travelling to schools on foot or by other active modes.

Other activity included monitoring improvements being made to the council's planning service and the committee has indicated a wish to support this improvement journey through further monitoring updates.

Spotlight on...Climate Change and Sustainability

The council made changes to the committee in recognition that addressing climate change and improved sustainability is a central tenet of the council's aims. In addition to enhancing the breadth of challenge and expertise through seeking additional co-opted members, the committee agreed to approach all its work through a lens of sustainability.

The council's annual climate progress report was scrutinised by the committee in early 2024, providing an update on progress towards commitments made in the BCP Council Climate and Ecological Emergency Declaration, made in July 2019.

To support work in this important area, the committee expressed an intention to align its future work plan to those council policies and decisions where it may add value through a sustainability lens. This will be established through an assessment of the sustainability aspects of the revised Corporate Strategy and delivery plans accompanying this.

Children's Services O&S Committee

Chair – Councillor Bobbie Dove

Vice Chair – Councillor Simon Bull

- **Meetings:** 5 ordinary, 2 special meetings
- **Membership:** 11 councillors, plus 4 co-opted members and 4 Youth Parliament reps
- **Average number of agenda items** – 4.1
- **Working Groups** - 0
- **'Call-Ins' considered** – 0

In keeping with the previous year, close monitoring of the improvement journey in children's services remained a priority for the committee, with themed meetings relating to the improvements in Children's Social Care, SEND and Education & Skills. All Ofsted Monitoring Visits were also reported on to the committee. This committee also received portfolio holder updates at each meeting with opportunity for questions and discussion. Two additional meetings of the committee were called to focus on safety valve scrutiny.

Spotlight on... Safety Valve

During winter 2023 the council was invited by the Department for Education's Safety Valve programme which is an initiative focussed on helping local authorities to tackle overspending on SEND services. A proposal was submitted to the DfE to join the initiative and in March 2024 the council was informed that that the DfE could not enter into an agreement with BCP Council on the basis of the proposal made at this time.

Whilst negotiations were taking place between the council and the DfE, the O&S committee undertook three targeted scrutiny sessions on Safety Valve, including two special meetings. Scrutiny included input from residents, families and schools, along with lead officers and the portfolio holder. The committee particularly focussed on the potential impact for families and schools if the council were to join the initiative and received many public questions and statements in relation to this.

Through its work the committee made recommendations to the portfolio holder for there to be as wide as possible member engagement in any final decision relating to Safety Valve. Further, well-timed scrutiny on the matter was welcomed by the portfolio holder and a full council resolution was also made that all members of the council would have the opportunity to consider any potential future decision to join the Safety Valve programme, should this come forward as a formal proposal at a future date.

Health & Adult Social Care O&S Committee

Chair – Councillor Patrick Canavan

Vice Chair – Councillor Jackie Edwards

- **Meetings:** 5 ordinary, 0 special meetings
- **Membership:** 11 councillors, plus regular Healthwatch attendance
- **Average number of agenda items** – 4
- **Working Groups** - 1
- **'Call-Ins' considered** – 0

The committee's work included pre-decision scrutiny on the Adult Day Opportunities Strategy with views raised in committee reported by the Chair into Cabinet. Monitoring reports included the annual report from the Safeguarding Adults Board, the annual report on Adults Social Care Complaints and monitoring of the implementation of the Carer's Strategy, one year on from its approval.

The committee considered local service provision including access to GP practices and NHS Dentistry Provision in the BCP area. Background briefings were also provided into committee to provide a good understanding of policy and issues which may inform future work planning. These included briefings on Health Inequalities, Suicide Prevention and the updated Joint Strategic Needs Assessment. This committee also received portfolio holder updates at each meeting with opportunity for questions and discussion.

Spotlight on... Achieving Data Driven Scrutiny

Acknowledging that the data and policy landscape in the health and adult social care arena is extensive and complex, and with many new councillors joining BCP Council in 2023, the committee established a Data Working Group to better understand the various data sources and how these could provide a wider evidence base for the work of scrutiny.

The group was supported by expert officers and data analysts from both within the council and Public Health and the NHS. Data and policy sources were demonstrated and compared. The group was keen to encourage a member led approach to the inclusion of data in scrutiny and isolated those sources suitable for 'self-serve' research compared to those which enhance deeper dive scrutiny work and may require the support of data analysts to access and interpret.

A standard expectation of data provision to accompany committee reports was also agreed with officers during the work of the group. These findings were brought together in a data toolkit, with the aim of providing current and future councillors with a user guide to accessing data, and to ultimately improve the evidence base for scrutiny by the committee. This approach could be mirrored by other O&S committees to improve the overall evidence base underpinning scrutiny activity at BCP.

Introduction

This action plan outlines improvement activity for BCP Council's Overview and Scrutiny function. This activity has been identified as appropriate to bring O&S practices to the level outlined in the Government's [Statutory Guidance on Overview and Scrutiny in Local and Combined Authorities](#)

The actions also address recommendations arising from the Department for Levelling Up, Housing & Communities' (DLUHC) [external assurance review](#) and [Best Value Notice](#), issued on the 3 August as well as the Chief Executive's own [internal assurance review](#) conducted in Spring and updated in Summer 2023. The resulting [Assurance Review Action Plan](#) has been established by the Council to respond to these recommendations.

Guidance Note

This action plan follows the themes of the statutory guidance which are categorised as follows:

- Culture • Resourcing • Selecting Committee Members • Power to Access Information • Planning Work • Evidence Sessions

All relevant paragraphs of the guidance have been included within the action plan, to aid reader's understanding of why actions have been identified. Please note that where actions are similar (eg. reflecting different aspects of councillor training required) they remain split into separate actions to demonstrate how these will uphold the statutory guidance. It should be noted that for this reason the action plan is highly detailed and serves as an operational tool to progress actions as well as for reporting on progress.

Actions are grouped and action leads identified as per the coding set out in the key below. Where actions are duplicated, the update is provided against the first arising action. A RAG rating is used to show progress against actions along with a commentary, with the latest updates provided in blue text.

Scrutiny draws on community insight and selects topics of community relevance				
<i>Councillors have a unique legitimacy derived from their being democratically elected. The insights that they can bring by having this close connection to local people are part of what gives scrutiny its value.</i>	3a	New Councillor and refresher training to be provided to include – Councillors bring community insight to their scrutiny work	Complete. Monitor the need for refresher training.	MT1
	3b	Strengthen O&S work selection criteria, as set out in the constitution, to include consideration of the impact and value to the public when selecting work programme topics. Review for use in annual work programming for O&S Committees. O&S scrutiny request forms ask councillors to outline the value to be added to BCP Council, the area or its inhabitants of a proposed scrutiny topic. Use of this form is becoming embedded by councillors and is being used as part of annual work programming. O&S work programmes now include more work balanced towards the impact on BCP residents. O&S Board has selected resident impact as a lens by which to plan and approach its work. Officers will continue to encourage selection of O&S topics that have tangible benefit to residents and monitor work programmes.	Complete, monitor long-term.	WS1
	3c	Use is made of community insight through the selection of work topics that are driven by community need, evidence sessions, use of subject experts and data providing the view of residents and community groups. O&S Board and Environment & Place O&S have now planned annual work programmes based on councillor suggestions generated by issues of significance to communities.	Complete, monitor long-term and revisit in annual work programming for all committees.	CI1

Overview and Scrutiny Action Plan 2023-24

Statutory Guidance on O&S (ID 1-53) Chief Executive's Assurance Review (ID 54-58) DLUHC Assurance Review (ID 59 – 64)		Greater use of subject experts and community insight have been included in O&S since May 2023. Examples include a subject expert on the Safety Valve programme, developer input to Local Plan discussions and regular Healthwatch contributions at HASC O&S Committee. The terms of reference of the Environment & Place O&S Committee was amended by Council in September 2023, to include additional insight on sustainability matters in the form of two non-voting member independent members. Recruitment to these positions is in process. Use of community insight and evidence could be developed further still and officers will encourage at the scoping stage of forthcoming work.		
	3d	Develop O&S web pages to clarify public role in O&S, ways to engage and improve ease of access for topic suggestion. Not started.	Autumn 2024	WP1
Scrutiny has a clear role and focus				
<i>Identifying a clear role and focus – authorities should take steps to ensure scrutiny has a clear role and focus within the organisation, i.e. a niche within which it can clearly demonstrate it adds value. Therefore, prioritisation is necessary to ensure the scrutiny function concentrates on delivering work that is of genuine value and relevance to the work of the wider authority – this is one of the most challenging parts of scrutiny, and a critical element to get right if it is to be recognised as a strategic function of the authority</i>	4a	Scrutiny committees agree a clear communicable role or focus for the year when planning their work programme in order to assist in topic selection and in ensuring that stakeholders can anticipate which topics are likely to be of interest to scrutiny, and plan accordingly for engagement. This may be in the form of a 'lens' (eg. risk) through which to scrutinise topics, or a key priority or set of priorities for a committee (eg. 'budget' or 'ofsted improvement plan') HASC O&S and Children's Services O&S Committees planned work for the 2023/24 municipal year but did not agree a role or priority focus. These committees would benefit from establishing a more defined lens or communicable focus for the 2024/25 work programmes. The O&S Board and Environment & Place O&S Committee engaged in action/ learning workshops to plan their work programmes for 23/24. These were led by CfGS and based on	Autumn 2023	WS1

		<p>good practice. Both committees established a lens and a scrutiny framework to more clearly refine and communicate their role and areas of priority.</p> <p>This approach to be rolled and maintained by all O&S committees in future work programming.</p>		
	4b	<p>Committees carefully consider the type and balance of work undertaken to ensure that work aims can be met within the meeting capacity available. This will require a determined focus to undertake work in diverse ways eg.</p> <ul style="list-style-type: none"> • receiving information based reports outside of meetings, • establishing O&S rapporteurs (topic champions) to maintain oversight of an issue and report back to committee on exceptions • reducing the level of Cabinet decision scrutiny to free up capacity for more overview work. <p>O&S Committees have received targeted training and support throughout the year to assist in this aim. There has been significant progress in reducing the level of Cabinet pre-decision scrutiny across committees, which previously dominated some work programmes. Committees are planning more manageable work programmes. Three additional O&S meetings were called during 23/24 to accommodate arising issues.</p> <p>All committees would benefit from reducing update items reported to committee, which usually generate limited substantive recommendations. Analysis of 23/24 work outputs across all committees show an overbalance of this type of work, with this taking up the majority of work for 4 out of 5 committees operating in this period. This is taking up time that could be used for other value-added scrutiny.</p>	Autumn 2023	WM1

Statutory Guidance on O&S (ID 1-53) Chief Executive's Assurance Review (ID 54-58) DLUHC Assurance Review (ID 59 – 64)				
Managing disagreement				
<i>Effective scrutiny involves looking at issues that can be politically contentious. It is therefore inevitable that, at times, an executive will disagree with the findings or recommendations of a scrutiny committee. It is the job of both the executive and scrutiny to work together to reduce the risk of this happening, and authorities should take steps to predict, identify and act on disagreement. One way in which this can be done is via an 'executive-scrutiny protocol' which can help define the relationship between the two and mitigate any differences of opinion before they manifest themselves in unhelpful and unproductive ways. The benefit of this approach is that it provides a framework for disagreement and debate, and a way to manage it when it happens. Often, the value of such a protocol lies in the dialogue that underpins its preparation. It is important that these protocols are reviewed on a regular basis.</i>	10	Executive members and O&S Chairs group to consider the value for BCP in preparing an executive – scrutiny protocol. <i>O&S Chairs have discussed executive – scrutiny protocol and asked to review further information on the benefits.</i> Agreement in place for quarterly meetings between Leader, Chief Executive and O&S Chairs to share information and address any barriers to effective scrutiny. To be scheduled following Chairmanship elections of Summer 2024. The value of preparing an executive – scrutiny protocol to be raised through this group.	Winter 2023	C1/ CM1
<i>Scrutiny committees do have the power to 'call in' decisions, i.e. ask the executive to reconsider them before they are implemented, but should not view it as a substitute for early involvement in the decision-making process or as a party-political tool.</i>	11	Use of call-in be monitored and reflected within annual report to Council. <i>Call-in use analysed and included in 2024 annual report.</i>	Complete, monitor annually through annual report process.	AR1
Ensuring impartial advice from officers				
<i>Authorities, particularly senior officers, should ensure all officers are free to provide impartial advice to scrutiny committees. This is fundamental to effective scrutiny. Of particular importance is the role played by 'statutory officers' – the monitoring officer, the section 151 officer and the head of paid service, and where relevant the statutory scrutiny officer. These individuals have a</i>	12	Officer refresher training to be provided to include – The importance of impartial advice to O&S <i>Planned for Summer / Autumn 2024.</i>	Winter 2023	OT1

<i>particular role in ensuring that timely, relevant and high-quality advice is provided to scrutiny.</i>				
Communicating scrutiny's role and purpose to the wider authority				
<i>The scrutiny function can often lack support and recognition within an authority because there is a lack of awareness among both members and officers about the specific role it plays, which individuals are involved and its relevance to the authority's wider work. Authorities should, therefore, take steps to ensure all members and officers are made aware of the role the scrutiny committee plays in the organisation, its value and the outcomes it can deliver, the powers it has, its membership and, if appropriate, the identity of those providing officer support.</i>	13	Officer refresher training to be provided to include – The identity of those providing officer support to O&S. Planned for Summer / Autumn 2024.	Winter 2023	OT1
Maintaining the interest of full Council in the work of the scrutiny committee				
<i>Part of communicating scrutiny's role and purpose to the wider authority should happen through the formal, public role of full Council – particularly given that scrutiny will undertake valuable work to highlight challenging issues that an authority will be facing and subjects that will be a focus of full Council's work. Authorities should therefore take steps to ensure full Council is informed of the work the scrutiny committee is doing.</i>	14a	Report annually to Council on the work of scrutiny, and progress on actions to improve scrutiny. Annual report to be received by committees in Sep/ Oct 2024 (delayed owing to pre-election period).	Complete, repeat annually.	AR1
<i>One way in which this can be done is by reports and recommendations being submitted to full Council rather than solely to the executive. Scrutiny should decide when it would be appropriate to submit reports for wider debate in this way, taking into account the relevance of reports to full Council business, as well as full Council's capacity to consider and respond in a timely manner. Such reports would supplement the annual report to full Council on scrutiny's activities and raise awareness of ongoing work.</i>	14b	New Councillor and refresher training to be provided to include – The appropriate route for recommendations to full Council or Cabinet	Complete. Monitor the need for refresher training.	MT1
	14c	Consideration be given to any amendments required to constitution to clarify reporting routes from O&S - referral to Constitution Review Working Group for consideration. Package of work to review constitution to strengthen areas around O&S has not yet started and will be progressed as resources allow.	Spring 2024	CR1

Overview and Scrutiny Action Plan 2023-24

Statutory Guidance on O&S (ID 1-53) Chief Executive's Assurance Review (ID 54-58) DLUHC Assurance Review (ID 59 – 64) Communicating scrutiny's role to the public				
<i>Authorities should ensure scrutiny has a profile in the wider community. Consideration should be given to how and when to engage the authority's communications officers, and any other relevant channels, to understand how to get that message across. This will usually require engagement early on in the work programming process</i>	15a	Consideration be given to the promotion of outcomes via Communications Team at the scoping stage of O&S work. <i>Some O&S activity relating to high profile decisions is already promoted by the Communications Team. Greater use could be made of promotion opportunities to raise the profile of O&S work. Resources have not been available for a comprehensive approach to this through annual work programming. Consideration of this will instead be encouraged on an ongoing basis at the scoping stage for all O&S work, as resources allow.</i>	In annual work programming for O&S Committees – Autumn 2023	COM1
	15b	O&S webpage development - See action 3d above. <i>Not started</i>	Autumn 2024	WP1
Ensuring scrutiny members are supported in having an independent mindset				
<i>Formal committee meetings provide a vital opportunity for scrutiny members to question the executive and officers. Inevitably, some committee members will come from the same political party as a member they are scrutinising and might well have a long-standing personal, or familial, relationship with them.</i> <i>Scrutiny members should bear in mind, however, that adopting an independent mind-set is fundamental to carrying out their work effectively. In practice, this is likely to require scrutiny chairs working proactively to identify any potentially contentious issues and plan how to manage them.</i>	16a	New Councillor and refresher training to be provided to include – The importance of an independent mind-set to O&S	Complete. Monitor the need for refresher training.	MT1
	16b	O&S Chairs are supported by Officers to identify and plan for contentious issues through Chairs briefings. <i>Chairs are well supported by officers in regular briefings to scope and plan the level of interest anticipated in O&S work and any necessary adjustments. Briefings were held for all meetings in 23/24 municipal year and will be planned for all meetings in 24/25.</i>	Complete, monitor long-term	WS1

Statutory Guidance on O&S (ID 1-53) Chief Executive's Assurance Review (ID 54-58) DLUHC Assurance Review (ID 59 – 64)		Statutory Scrutiny Officer met with CMB in November 2023 and agreed quarterly reporting of O&S Forward Plans through CMB, and encouraged directorates to consider potential O&S engagement in all significant forthcoming decisions. Quarterly meetings of Council Leader, Chief Executive, Statutory Scrutiny Officer and O&S Chairs has been agreed by all parties. This will also assist with planning for scrutiny engagement in significant forthcoming decisions.		
Officer resource models				
<i>Authorities should ensure that, whatever model they employ, officers tasked with providing scrutiny support are able to provide impartial advice. This might require consideration of the need to build safeguards into the way that support is provided. The nature of these safeguards will differ according to the specific role scrutiny plays in the organisation.</i>	20	Officer refresher training to be provided to include – The importance of impartial advice to O&S. Planned for Summer / Autumn 2024.	Winter 2023	OT1
Selecting Committee Members				
<i>Selecting the right members to serve on scrutiny committees is essential if those committees are to function effectively. Where a committee is made up of members who have the necessary skills and commitment, it is far more likely to be taken seriously by the wider authority.</i> <i>When selecting individual members to serve on scrutiny committees, an authority should consider a member's experience, expertise, interests, ability to act impartially, ability to work as part of a group, and capacity to serve.</i>	21a	New Councillor and refresher training to be provided to include – Appropriate selection of committee members, in order that this can be taken account of by political groups when establishing their committee representation.	Complete. Monitor the need for refresher training.	MT1

Being clear about scrutiny's role				
<p><i>Scrutiny works best when it has a clear role and function. This provides focus and direction. While scrutiny has the power to look at anything which affects 'the area, or the area's inhabitants', authorities will often find it difficult to support a scrutiny function that carries out generalised oversight across the wide range of issues experienced by local people, particularly in the context of partnership working. Prioritisation is necessary, which means that there might be things that, despite being important, scrutiny will not be able to look at.</i></p> <p><i>Different overall roles could include having a focus on risk, the authority's finances, or on the way the authority works with its partners.</i></p> <p><i>Applying this focus does not mean that certain subjects are 'off limits'. It is more about looking at topics and deciding whether their relative importance justifies the positive impact scrutiny's further involvement could bring.</i></p>	40	See actions 4a, b and c above – O&S 'focus', working methods and terms of reference.	See relevant actions above	WS1/ WM1/ TOR1
<p><i>When thinking about scrutiny's focus, members should be supported by key senior officers. The statutory scrutiny officer, if an authority has one, will need to take a leading role in supporting members to clarify the role and function of scrutiny, and championing that role once agreed.</i></p>	41a	<p>Senior officers and the statutory scrutiny officer support committees in selecting priorities that are of relevance and can add value to the organisation.</p> <p>– In annual work programming for O&S Committees and ongoing, during work programming discussions at each meeting. Committees are well supported by senior officers in their selection of topics on a meeting-by-meeting basis with potential</p>	Complete, monitor long-term	WS1

<p><i>o Public sector partners (like the NHS and community safety partners, over which scrutiny has specific legal powers);</i></p> <p><i>o Voluntary sector partners;</i></p> <p><i>o Contractors and commissioning partners (including partners in joint ventures and authority-owned companies);</i></p> <p><i>o In parished areas, town, community and parish councils;</i></p> <p><i>o Neighbouring principal councils (both in two-tier and unitary areas);</i></p> <p><i>o Cross-authority bodies and organisations, such as Local Enterprise Partnerships; and</i></p> <p><i>o Others with a stake and interest in the local area – large local employers, for example.</i></p> <ul style="list-style-type: none"> <i>The executive –</i> <p><i>a principal partner in discussions on the work programme should be the executive (and senior officers). The executive should not direct scrutiny's work, but conversations will help scrutiny members better understand how their work can be designed to align with the best opportunities to influence the authority's wider work.</i></p>		All Portfolio Holders were asked to contribute O&S annual work planning by providing information on forthcoming priorities to enable O&S to plan work that can align and add value. Responses to this request varied and would benefit from becoming a more widely promoted and embedded practice in the next round of annual work programming.	in next round of annual work-programming.	
	42f	See 7b above: The Cabinet Forward Plan is regularly updated with sufficient notice of forthcoming priorities to enable O&S to engage effectively at an early stage in policy shaping	See relevant action above.	C1
	42g	See 7d above: Role descriptions to be developed for Councillors in leading O&S roles to clarify expectation that scrutiny chairs establish informal working arrangements with relevant Portfolio Holders to ensure scrutiny can be informed of Cabinet priorities in a timely way.	See relevant action above.	RD1
Information sources				
<p><i>Scrutiny will need access to relevant information to inform its work programme. The type of information will depend on the specific role and function scrutiny plays within the authority, but might include:</i></p> <ul style="list-style-type: none"> <i>• Performance information from across the authority and its partners;</i> <i>• Finance and risk information from across the authority and its partners;</i> 	43a	See 30a above: Develop a library of O&S oversight information, provided in an online format for Councillors to access independently, to include - Performance, Management, Finance, Risk, Complaints, Business Cases and Ombudsman information. This will assist in 'horizon scanning' to enhance the effectiveness of O&S work planning.	See relevant action above.	L1

Overview and Scrutiny Action Plan 2023-24

Relevant Extract from: Statutory Guidance on O&S (ID 1-53) Chief Executive's Assurance Review (ID 54-58) DLUHC Assurance Review (ID 59 – 64)	ID	Action for BCP Council with updates (Latest updates December 2023 in blue text)	RAG and timescales	Code
<ul style="list-style-type: none"> • <i>Corporate complaints information, and aggregated information from political groups about the subject matter of members' surgeries;</i> • <i>Business cases and options appraisals (and other planning information) for forthcoming major decisions. This information will be of particular use for pre -decision scrutiny; and</i> • <i>Reports and recommendations issued by relevant ombudsmen, especially the Local Government and Social Care Ombudsman.</i> <p><i>As committees can meet in closed session, commercial confidentiality should not preclude the sharing of information. Authorities should note, however, that the default for meetings should be that they are held in public</i></p>	43b	<p>Presumption is made that library of information for O&S Councillors is public, with non- public information shared in appropriate alternative environment to ensure Councillors can remain informed.</p> <p>The presumption for information shared with O&S to be public is already an embedded practice, with appropriate consideration given on an arising basis to O&S requests for non-public information.</p>	Complete, monitor long-term.	L1
<p>Scrutiny members should consider keeping this information under regular review. It is likely to be easier to do this outside committee, rather than bringing such information to committee 'to note', or to provide an update, as a matter of course.</p>	44	<p>Support committees to work in more diverse ways to maintain oversight of key information, including circulating information outside of meetings and the use of rapporteurs or champions for particular topics. This will free up committee resource for value added scrutiny.</p> <p>O&S Committees have received targeted training and support throughout the year to assist in this aim. O&S Board have made use of the member-led rapporteur model in work on Blue Badge waiting times. Other committees have agreed information which can be circulated outside of meetings to free up committee time and/or have held informal briefings for information only items. This approach could be significantly strengthened further across all committees.</p> <p>Analysis of 23/24 work outputs across all committees show an overbalance of monitoring/update reports, with this taking up the majority of work for 4 out of 5 committees operating in this period. This is taking up time that could be used for other value-added scrutiny.</p>	In annual work programming for O&S Committees – Autumn 2023	WM1

Overview and Scrutiny Action Plan 2023-24

Relevant Extract from:	ID	Action for BCP Council with updates (Latest updates December 2023 in blue text)	RAG and timescales	Code
Statutory Guidance on O&S (ID 1-53) Chief Executive's Assurance Review (ID 54-58) DLUHC Assurance Review (ID 59 – 64)				
		<p>Greater use could be made of other methods, such as rapporteurs, to maintain overview of information otherwise reported into committee. This approach will continue to be encouraged across all committees.</p> <p>Being more greatly aligned to a performance and oversight role, Children's Services and HASC O&S Committees would particularly benefit from an ongoing rigorous approach to committee agenda planning, to ensure that all information sharing items are received in other ways. Officers will continue to support this approach.</p>		
Shortlisting topics				
<p><i>Approaches to shortlisting topics should reflect scrutiny's overall role in the authority. This will require the development of bespoke, local solutions, however when considering whether an item should be included in the work programme, the kind of questions a scrutiny committee should consider might include:</i></p> <ul style="list-style-type: none"> <i>• Do we understand the benefits scrutiny would bring to this issue?</i> <i>• How could we best carry out work on this subject?</i> <i>• What would be the best outcome of this work?</i> <i>• How would this work engage with the activity of the executive and other decision-makers, including partners?</i> 	45a	<p>Extend the use of the 'scrutiny request form' already in place for commissioned items, to encourage consideration of the value to be added by all reports, such as scrutiny's consideration of Cabinet pre-decision items and officer proposed items.</p> <p>– In annual work programming for O&S Committees and ongoing, during work programming discussions at each meeting.</p> <p>The use of the 'scrutiny request form' is embedded for councillor requests. It is not currently used for requests to consider other items such as Cabinet items or officer proposed items. O&S Chairs have confirmed that they do not feel a documented process for officer or cabinet requests is necessary.</p> <p>Careful consideration of the likely benefits of all intended work prior to commencement, regardless of origin, will continue to be encouraged by officers that support O&S.</p>	Complete, monitor long-term.	WS1

Statutory Guidance on O&S (ID 1-53) Chief Executive's Assurance Review (ID 54-58) DLUHC Assurance Review (ID 59 – 64)				
<p><i>Some authorities use scoring systems to evaluate and rank work programme proposals. If these are used to provoke discussion and debate, based on evidence, about what priorities should be, they can be a useful tool. Others take a looser approach. Whichever method is adopted, a committee should be able to justify how and why a decision has been taken to include certain issues and not others.</i></p> <p><i>Scrutiny members should accept that shortlisting can be difficult; scrutiny committees have finite resources and deciding how these are best allocated is tough. They should understand that, if work programming is robust and effective, there might well be issues that they want to look at that nonetheless are not selected.</i></p>	45b	Review 'scrutiny request form' and update as appropriate to incorporate all suggested areas referenced in O&S guidance. Not started. To be progressed as resources allow.	Autumn 2023	P1
	45c	See 18c above: As required by the constitution, all requests for O&S work are considered by Committees against the current resource levels available to support the request	See relevant action above.	R1
Carrying out work				
<p>Selected topics can be scrutinised in several ways, including:</p> <p>a) As a single item on a committee agenda – this often presents a limited opportunity for effective scrutiny, but may be appropriate for some issues or where the committee wants to maintain a formal watching brief over a given issue;</p> <p>b) At a single meeting – which could be a committee meeting or something less formal. This can provide an opportunity to have a single public meeting about a given subject, or to have a meeting at which evidence is taken from a number of witnesses;</p> <p>c) At a task and finish review of two or three meetings – short, sharp scrutiny review are likely to be most effective even for complex topics. Properly focused, they ensure members can swiftly reach conclusions and make recommendations, perhaps over the course of a couple of months or less;</p>	46a	Methods of carrying out O&S work are set out within the Constitution at Article 6, Rule 6.9.	Complete	CR1
	46b	Support committees to actively consider diverse ways of working other than committee reports to secure most effective outputs. O&S ways of working were considered through O&S work planning activity for all committees. Officers also encourage consideration of diverse ways of working on an ongoing basis as work programmes are revised.	Complete, monitor long-term	WM1
	46c	Review and develop task and finish/ working group scoping document, protocol and joint working group protocol Not started. To be progressed as resources allow.	Summer 2024	P1

Overview and Scrutiny Action Plan 2023-24

Relevant Extract from:	ID	Action for BCP Council with updates (Latest updates December 2023 in blue text)	RAG and timescales	Code
Statutory Guidance on O&S (ID 1-53) Chief Executive's Assurance Review (ID 54-58) DLUHC Assurance Review (ID 59 – 64)				
<p>d) Via a longer-term task and finish review – the 'traditional' task and finish model – with perhaps six or seven meetings spread over a number of months – is still appropriate when scrutiny needs to dig into a complex topic in significant detail. However, the resource implications of such work, and its length, can make it unattractive for all but the most complex matters; and</p> <p>e) By establishing a 'standing panel' – this falls short of establishing a whole new committee but may reflect a necessity to keep a watching brief over a critical local issue, especially where members feel they need to convene regularly to carry out that oversight. Again, the resource implications of this approach means that it will be rarely used.</p>				
Evidence sessions				
<p>Evidence sessions are a key way in which scrutiny committees inform their work. They might happen at formal committee, in less formal 'task and finish' groups or at standalone sessions.</p> <p>Good preparation is a vital part of conducting effective evidence sessions. Members should have a clear idea of what the committee hopes to get out of each session and appreciate that success will depend on their ability to work together on the day.</p>	47	<p>Consider the appropriateness of conducting evidence sessions to scrutinise particular topics when planning annual work programmes. These will need proactive planning to ensure that sufficient resource can be made available to support effective sessions.</p> <p>Some committees invited evidence into scrutiny from additional sources during 23/24 but evidence sessions were not widely used. Initial plans are in place for a joint O&S housing related inquiry day to take evidence from a variety of sources, during 24/25.</p> <p>Planning and conducting evidence sessions is resource intensive and support is limited to support this owing to the high volume of committee meetings planned for O&S and associated core work. The approach will therefore continue to be promoted as an effective form of scrutiny to be taken up as resources allow.</p>	Action will progress as resources allow.	WM1

Overview and Scrutiny Action Plan 2023-24

Relevant Extract from: Statutory Guidance on O&S (ID 1-53) Chief Executive's Assurance Review (ID 54-58) DLUHC Assurance Review (ID 59 – 64)	ID	Action for BCP Council with updates (Latest updates December 2023 in blue text)	RAG and timescales	Code
How to plan				
<i>Effective planning does not necessarily involve a large number of pre-meetings, the development of complex scopes or the drafting of questioning plans. It is more often about setting overall objectives and then considering what type of questions (and the way in which they are asked) can best elicit the information the committee is seeking. This applies as much to individual agenda items as it does for longer evidence sessions – there should always be consideration in advance of what scrutiny is trying to get out of a particular evidence session.</i>	48	New Councillor and refresher training to be provided to include – Evidence led approach to O&S, and how to conduct an effective evidence session	Complete. Monitor the need for refresher training.	MT1
<i>Chairs play a vital role in leading discussions on objective-setting and ensuring all members are aware of the specific role each will play during the evidence session.</i> <i>As far as possible there should be consensus among scrutiny members about the objective of an evidence session before it starts. It is important to recognise that members have different perspectives on certain issues, and so might not share the objectives for a session that are ultimately adopted. Where this happens, the Chair will need to be aware of this divergence of views and bear it in mind when planning the evidence session.</i>	49	O&S Chairing skills training to be delivered to include how to plan for and lead evidence sessions, establish aims and manage different objectives from committee members Chairing skills training provided in Summer 2023 induction. O&S leadership training provided via LGA workshops in Feb 2024. LGA leadership training to be offered to all new O&S chairs, as and when changes in positions occur.	Complete, monitor long-term.	MT2
<i>Effective planning should mean that at the end of a session it is relatively straightforward for the chair to draw together themes and highlight the key findings. It is unlikely that the committee will be able to develop and agree recommendations immediately, but, unless the session is part of a wider inquiry, enough evidence should have been gathered to allow the chair to set a clear direction.</i>	50	O&S Chairing skills training to be delivered to include how to draw together themes and highlight key findings at the end of evidence sessions – this approach to be extended to all O&S work items to ensure Chairs can provide transparent summary of discussions. Chairing skills training provided in Summer 2023 induction. O&S leadership training provided via LGA workshops in Feb 2024. LGA leadership training to be offered to all new O&S chairs, as and when changes in positions occur.	Complete, monitor long-term	MT2

Statutory Guidance on O&S (ID 1-53) Chief Executive's Assurance Review (ID 54-58) DLUHC Assurance Review (ID 59 – 64)				
<i>After an evidence session, the committee might wish to hold a short 'wash-up' meeting to review whether their objectives were met and lessons could be learned for future sessions</i>				
Developing recommendations				
<i>The development and agreement of recommendations is often an iterative process. It will usually be appropriate for this to be done only by members, assisted by co-optees where relevant. When deciding on recommendations, however, members should have due regard to advice received from officers, particularly the Monitoring Officer.</i>	51a	Officer refresher training to be provided to include – Officers to provide timely, transparent advice to committees in all areas of O&S work, as appropriate. <i>Planned for Summer / Autumn 2024.</i>	Winter 2023	OT1
<i>The drafting of reports is usually, but not always, carried out by officers, directed by members.</i>	51b	For longer pieces of O&S work, a lead officer to be identified at the scoping stage who will support report drafting - include this within relevant protocols listed at 46c above. <i>This is included as standard within scoping documents for O&S working groups.</i> <i>Wider piece of work to review protocols (46c) not yet started.</i> <i>To be progressed as resources allow.</i>	Immediate, as arising (WS1/R1) Protocol review Summer 2024 (P1)	WS1/R1/P1
<i>Authorities draft reports and recommendations in a number of ways, but there are normally three stages:</i> <ul style="list-style-type: none"> <i>i. the development of a 'heads of report' – a document setting out general findings that members can then discuss as they consider the overall structure and focus of the report and its recommendations;</i> <i>ii. The development of those findings, which will set out some areas on which recommendations might be made; and</i> <i>iii. the drafting of the full report.</i> <i>Recommendations should be evidence-based and SMART, i.e. specific, measurable, achievable, relevant and timed. Where appropriate, committees may wish to consider sharing them in draft with interested parties.</i>	52	New Councillor and refresher training to be provided to include – Consideration of appropriate recommendations and reporting route for O&S work, to include consideration of what SMART recommendations may look like. Consideration of this to take place at the scoping stage of O&S work, to ensure scope is clear enough and to provide an indication of the value that is likely to be added by the work undertaken.	Complete. Monitor the need for refresher training.	MT1

Statutory Guidance on O&S (ID 1-53) Chief Executive's Assurance Review (ID 54-58) DLUHC Assurance Review (ID 59 – 64)				
DLUHC External Assurance Review of BCP Council, August 2023 – recommendations and comments relating to O&S				
<i>The Council reviews the Transformation programme and agrees a realistic and deliverable programme by October 2023. The Council sets up effective mechanisms for Member oversight and monitoring of the delivery of the programme by June 2023</i>	59	O&S to consider and establish its role in this member oversight and monitoring. A mechanism for O&S oversight has been established. The O&S Board Chair and Vice Chair are members of the cross-party councillor working group now established to monitor the Transformation Programme. This provides a mechanism for O&S to maintain oversight of assurances or concerns relating to the programme with red flags able to be raised to committee by exception. When available, Cabinet reports monitoring the Transformation Programme are also received by the O&S Board.	Complete, monitor long-term.	WS1
<i>The Council establishes a sound budget setting process and begins preparations for the 2024/25 budget as soon as possible after the local government elections and has proposals drafted for a sustainable MTFP and three-year budget by the end of September 2023</i>	60	O&S to consider and establish its role in the budget setting process The O&S Board monitors any areas of risk and concern within the MTFP through regular reporting at committee. The 2024/25 budget was considered by the O&S Board in January 2024 with invitation to other O&S Chairs to contribute on budget matters relating to services within their committee remit. Early plans are in place for a more active role for O&S in the budget setting process for 2025/26, with input through the year as the budget develops. This is in line with refreshed guidance on good practice from the Centre for Governance and Scrutiny. This has been discussed with O&S Chairs, relevant portfolio holders and senior officers and there is good support to this approach. This will be advanced throughout 2024/25, as permitted by resources available.	In annual work programming for O&S Committees – Autumn 2023	WS1

Statutory Guidance on O&S (ID 1-53) Chief Executive's Assurance Review (ID 54-58) DLUHC Assurance Review (ID 59 – 64)				
<p><i>a good example of scrutiny inviting the Police and Crime Commissioner and neighbourhood watch representatives to a scrutiny committee. The Centre for Governance and Scrutiny summarise scrutiny's role as providing a space to bring critical friend challenge and support to decision making; providing a way of challenging and supporting partner organisations; bringing issues that matter to local people and the local community into decision making; and surface issues that the Council should be engaging with but which are not yet part of formal decision making.</i></p> <p><i>From what I have seen there is an opportunity at BCP – as there is with many other councils – to develop the scrutiny role along the lines above rather than simply to focus on pre-cabinet scrutiny. There is an opportunity with a new Council to ensure that Councillors have training and support to enable them to develop their role in overview and scrutiny. This should be built into the Member induction and ongoing training programme.</i></p>				
<p><i>The DfE Advisor has commented that the Scrutiny Committee [Children's Services O&S] and particularly its Chair (prior to the elections) have been engaged in a proper and appropriate way. The Chair of scrutiny prior to the elections has now been appointed as the Cabinet Member and therefore the Statutory Lead Member for Children's Services. Given the position of children's services the change in both the Cabinet Member and Scrutiny Chair roles will need careful management and both Members will need focussed support to discharge these key roles.</i></p>	64a	<p>Work programming support provided summer 2023. Further support to be provided to complete annual work programming.</p> <p>All Children's Services O&S work planning now complete.</p>	Complete in 23/24. To be repeated annually on ongoing basis.	CS1
	64b	<p>Focussed support provided by service area lead to identify and provide relevant performance information to support the committee in its role.</p> <p>Service area lead for performance and governance has provided support to Children's O&S Chair and committee. This is well established and provided on an ongoing basis.</p> <p>Offer of regular meetings between Director of Children's Services to the Chair of Children's O&S Committee was made.</p>	Offer of support completed in 23/24 – will continue to be offered with take-up monitored on an	CS1

Overview and Scrutiny Action Plan 2023-24

Relevant Extract from:	ID	Action for BCP Council with updates (Latest updates December 2023 in blue text)	RAG and timescales	Code
Statutory Guidance on O&S (ID 1-53) Chief Executive's Assurance Review (ID 54-58) DLUHC Assurance Review (ID 59 – 64)			ongoing basis.	
	64c	Ongoing training plan for the Committee in development. The committee held a training and development session to support work programme priorities and officers have supported ongoing information based training needs as arising. Offer of LGA training and support to full committee has been refreshed in summer 2024 and will be promoted to the committee by officers. A programme of briefing slots will be planned in for 2024/25 to be used as required. Along with other scrutiny network training opportunities, this should be drawn together in a documented package of development to ensure all necessary areas are covered.	Autumn 2023	CS1
	64d	Establish links with O&S Chairs in other authorities that have experience of similar improvement journey. Links established and provided to the Chair summer 2023.	Complete, monitor take-up of opportunities ongoing.	CS1
	64e	LGA development opportunities promoted to Chair. LGA hosted Children's Services Leadership training provided to Chair in Autumn 2023. This is in addition to the Chairing and leadership skills training identified at 61c and 61d above. Attendance at the National Children and Adult Services Conference was also supported in Autumn 2023 to provide learning and networking opportunities to chair. Offer of LGA training and support to full committee, including mentoring support for chair, has been refreshed in summer 2024 and will be promoted to the committee by officers.	Complete. Development opportunities will continue to be promoted and take-up monitored on ongoing basis.	CS1

ENVIRONMENT AND PLACE OVERVIEW AND SCRUTINY COMMITTEE

Report subject	Work Plan
Meeting date	11 September 2024
Status	Public Report
Executive summary	The Overview and Scrutiny (O&S) Committee is asked to consider and identify work priorities for publication in a Work Plan.
Recommendations	<p>It is RECOMMENDED that:</p> <p>the Overview and Scrutiny Committee review, update and confirm its Work Plan.</p>
Reason for recommendations	The Council's Constitution requires all Overview and Scrutiny Committees to set out proposed work in a Work Plan which will be published with each agenda

Portfolio Holder(s):	N/A – O&S is a non-executive function
Corporate Director	Graham Farrant, Chief Executive
Report Authors	Lindsay Marshall, Overview and Scrutiny Specialist
Wards	Council-wide
Classification	For Decision

Background –

1. All Overview and Scrutiny (O&S) bodies are required by the Constitution to consider work priorities and set these out in a Work Plan. When approved, this should be published with each agenda.
2. It is good practice for the Work Plan to be kept under regular review by the Committee. Between meetings O&S Chairs and Vice Chairs, in consultation with officers, suggest updates to the Work Plan to ensure proposed topics remain timely, fit for purpose and allow sufficient time for report preparation as appropriate. The Committee is now asked to review, update and/ or confirm the latest Work Plan update. See the Work Plan attached at Appendix B to this report.
3. The current Work Plan is based on annual work programming activity undertaken by the Committee in Winter 2023. Through this work, which was supported by the Centre for Governance and Scrutiny (CfGS), the Committee agreed a [framework](#) which outlines how scrutiny work will be selected and approached. This is based on good practice. The framework outlines that scrutiny work will be divided into three categories of:
 - Proactive scrutiny
 - Reactive scrutiny
 - Pre-decision scrutiny.

Information only items should be received in other ways, reserving committee and working group capacity for value-added scrutiny. The Committee's current Work Plan is structured to reflect this.

4. O&S statutory guidance recommends that a 'lens' or key set of priorities be established by O&S committees, to clearly communicate their role and how they will add value to the work of the organisation. The statements also clarify the role of the committee to the public. Through annual work programming activity, the Committee agreed the following lens and supporting statement:

The **Environment & Place O&S Committee** will approach work through a lens of **SUSTAINABILITY**, with a specific focus on the following priorities, drawn from the Corporate Strategy:

- **Climate change** is tackled through sustainable policies and practice
- Our **green spaces flourish** and support the wellbeing of being people and nature
- Our communities have pride in our **streets, neighbourhoods and public spaces**
- **Good quality homes are** accessible, sustainable and affordable for all

5. Established lenses provide a tool to assist O&S members in work programming, to sift suggestions for work into a realistic annual plan for each committee and to provide an angle by which to approach scrutiny topics. The lens should be referred to throughout the year as arising suggestions for work are made. The establishment of a lens does not preclude the Committee from using the full extent of its scrutiny powers where appropriate.

Principles of Good Scrutiny

6. The Constitution requires that the Work Plan of O&S committees shall consist of work aligned to the principles of the function. The BCP Council O&S function is based upon six principles:
 - Contributes to sound decision making in a timely way by holding decision makers to account as a 'critical friend';
 - A member led and owned function – seeks to continuously improve through self-reflection and development;
 - Enables the voice and concerns of the public to be heard and reflected in the Council's decision-making process;
 - Engages in decision making and policy development at an appropriate time to be able to have influence;
 - Contributes to and reflects the vision and priorities of the Council;
 - Agility – able to respond to changing and emerging priorities at the right time with flexible working methods.

Process for agreeing Work Plan items

7. An O&S committee may take suggestions from a variety of sources to form its Work Plan. This may include suggestions from members of the public, officers of the Council, Portfolio Holders, the Cabinet and Council, members of the O&S Committee, and other Councillors who are not on the Committee.
8. The Constitution requires that all suggestions for O&S work will be accompanied by detail outlining the background to the issue suggested, the proposed method of undertaking the work and likely timescale associated, and the anticipated outcome and value to be added by the work proposed. No item of work shall join the Work Plan of the O&S Committee without an assessment of this information.
9. Any councillor may request that an item of business be considered by an O&S Committee. Councillors are asked to complete a form outlining the request, which is appended to this report at Appendix C. The same process will apply to requests for scrutiny from members of the public. We have received a request from a Councillor to be considered by the Committee which is attached at Appendix F.
10. A copy of the most recent Cabinet Forward Plan will be supplied to O&S Committees at each meeting for reference when determining items of pre-decision scrutiny. The latest version is supplied as Appendix D to this report.

Resources to support O&S work

11. The Constitution requires that the O&S Committees take into account the resources available to support their proposals for O&S work. This includes consideration of councillor availability, officer time and financial resources. Careful and regular assessment of resources will ensure that there is appropriate resource available to support work across the whole O&S function, and that any work established can be carried out in sufficient depth and completed in a timely way to enable effective outcomes.

12. It is good practice for O&S Committees to agree a maximum of two/ three substantive agenda items per meeting. This will provide sufficient time for Committees to take a 'deep dive' approach to scrutiny work, which is likely to provide more valuable outcomes. A large amount of agenda items can lead to a 'light touch' approach to all items of business, and also limit the officer and councillor resource available to plan for effective scrutiny of selected items.
13. O&S Committees are advised to carefully select their working methods to ensure that O&S resource is maximised. A variety of methods are available for O&S Committees to undertake work and are not limited to the receipt of reports at Committee meetings. These may include:
- Working Groups;
 - Sub-Committees;
 - Tak and finish groups;
 - Inquiry Days;
 - Rapporteurs (scrutiny member champions);
 - Consideration of information outside of meetings – including report circulation/ briefing workshops/ briefing notes.

Further detail on O&S working methods are set out in the Constitution and in Appendix A – Terms of Reference for O&S Committees.

Options Appraisal

14. The O&S Committee is asked to review, update and confirm its Work Plan, taking account of the supporting documents provided and including the determination of any new requests for scrutiny. This will ensure member ownership of the Work Plan and that reports can be prepared in a timely way. Should the Committee not confirm its forthcoming priorities, reports may not be able to be prepared in a timely way and best use of the meeting resource may not be made.

Summary of financial implications

15. There are no direct financial implications associated with this report. The Committee should note that when establishing a Work Plan, the Constitution requires that account be taken of the resources available to support proposals for O&S work. Advice on maximising the resource available to O&S Committees is set out in paragraphs 11 to 13 above.

Summary of legal implications

16. The Council's Constitution requires that all O&S bodies set out proposed work in a Work Plan which will be published with each agenda. The recommendation proposed in this report will fulfil this requirement.

Summary of human resources implications

17. There are no human resources implications arising from this report.

Summary of sustainability impact

18. There are no sustainability resources implications arising from this report.

Summary of public health implications

19. There are no public health implications arising from this report.

Summary of equality implications

20. There are no equality implications arising from this report. Any councillor and any member of the public may make suggestions for overview and scrutiny work. Further detail on this process is included within Part 4 of the Council's Constitution.

Summary of risk assessment

21. There is a risk of challenge to the Council if the Constitutional requirement to establish and publish a Work Plan is not met.

Background papers

None.

BOURNEMOUTH, CHRISTCHURCH AND POOLE COUNCIL

OVERVIEW AND SCRUTINY BOARD / COMMITTEES TERMS OF REFERENCE

Overview and Scrutiny (O&S) is a statutory role fulfilled by Councillors who are not members of the Cabinet in an authority operating a Leader and Cabinet model. The role of the Overview and Scrutiny Board and Committees is to help develop policy, to carry out reviews of Council and other local services, and to hold decision makers to account.

PRINCIPLES OF OVERVIEW AND SCRUTINY

The Bournemouth, Christchurch and Poole Overview and Scrutiny function is based upon six principles:

1. Contributes to sound decision making in a timely way by holding decision makers to account as a 'critical friend'.
2. A member led and owned function – seeks to continuously improve through self-reflection and development.
3. Enables the voice and concerns of the public to be heard and reflected in the Council's decision-making process.
4. Engages in decision making and policy development at an appropriate time to be able to have influence.
5. Contributes to and reflects the vision and priorities of the Council.
6. Agile – able to respond to changing and emerging priorities at the right time with flexible working methods.

MEETINGS

There are four Overview and Scrutiny bodies at BCP Council:

- Overview and Scrutiny Board
- Children's Services Overview and Scrutiny Committee
- Health and Adult Social Care Overview and Scrutiny Committee
- Environment and Place Overview and Scrutiny Committee

Each Committee meets 5 times during the municipal year, except for the Overview and Scrutiny Board which meets monthly to enable the Board to make recommendations to Cabinet. The date and time of meetings will be set by full Council and may only be changed by the Chairman of the relevant Committee in consultation with the Monitoring Officer. Members will adhere to the agreed principles of the Council's Code of Conduct.

Decisions shall be taken by consensus. Where it is not possible to reach consensus, a decision will be reached by a simple majority of those present at the meeting. Where there are equal votes the Chair of the meeting will have the casting vote.

MEMBERSHIP

The Overview and Scrutiny Board and Committees are appointed by full Council. Each Committee has 11 members and the Board has 13 members. No member of the Cabinet may be a member of the Overview and Scrutiny Committees or Board, or any group established by them. Lead Members of the Cabinet may not be a member of Overview and Scrutiny Committees or Board. The Chair and Vice-Chair of the Audit and Governance Committee may not be a member of any Overview and Scrutiny Committees or Board.

The quorum of the Overview and Scrutiny Committees and Board shall be one third of the total membership (excluding voting and non-voting co-optees).

No member may be involved in scrutinising a decision in which they been directly involved. If a member is unable to attend a meeting their Group may arrange for a substitute to attend in their place in accordance with the procedures as set out in the Council's Constitution.

Members of the public can be invited to attend and contribute to meetings as required, to provide insight to a matter under discussion. This may include but is not limited to subject experts with relevant specialist knowledge or expertise, representatives of stakeholder groups or service users. Members of the public will not have voting rights.

Children's Services Overview and Scrutiny Committee - The Committee must statutorily include two church and two parent governor representatives as voting members (on matters related to education) in addition to Councillor members. Parent governor membership shall extend to a maximum period of four years and no less than two years. The Committee may also co-opt one representative from the Academy Trusts within the local authority area, to attend meetings and vote on matters relating to education.

The Committee may also co-opt two representatives of The Youth Parliament and, although they will not be entitled to vote, will ensure that their significant contribution to the work of the Committee is recognised and valued.

Environment and Place Overview and Scrutiny Committee - The Committee may co-opt two independent non-voting members. The selection and recruitment process shall be determined by the Environment and Place Overview and Scrutiny Committee.

FUNCTIONS OF THE O&S COMMITTEES AND O&S BOARD

Each Overview and Scrutiny Committee (including the Overview and Scrutiny Board) has responsibility for:

- Scrutinising decisions of the Cabinet, offering advice or making recommendations
- Offering any views or advice to the Cabinet or Council in relation to any matter referred to the Committee for consideration
- General policy reviews, and making recommendations to the Council or the Cabinet to assist in the development of future policies and strategies
- Assisting the Council in the development of the Budget and Policy Framework by in-depth analysis of policy issues
- Monitoring the implementation of decisions to examine their effect and outcomes
- Referring to full Council, the Cabinet or appropriate Committee/Sub-Committee any matter which, following scrutiny a Committee determines should be brought to the attention of the Council, Cabinet or other appropriate Committee
- Preparation, review and monitoring of a work programme
- Establishing such commissioned work as appropriate after taking into account the availability of resources, the work programme and the matter under review

In addition, the Overview and Scrutiny Board has responsibility for:

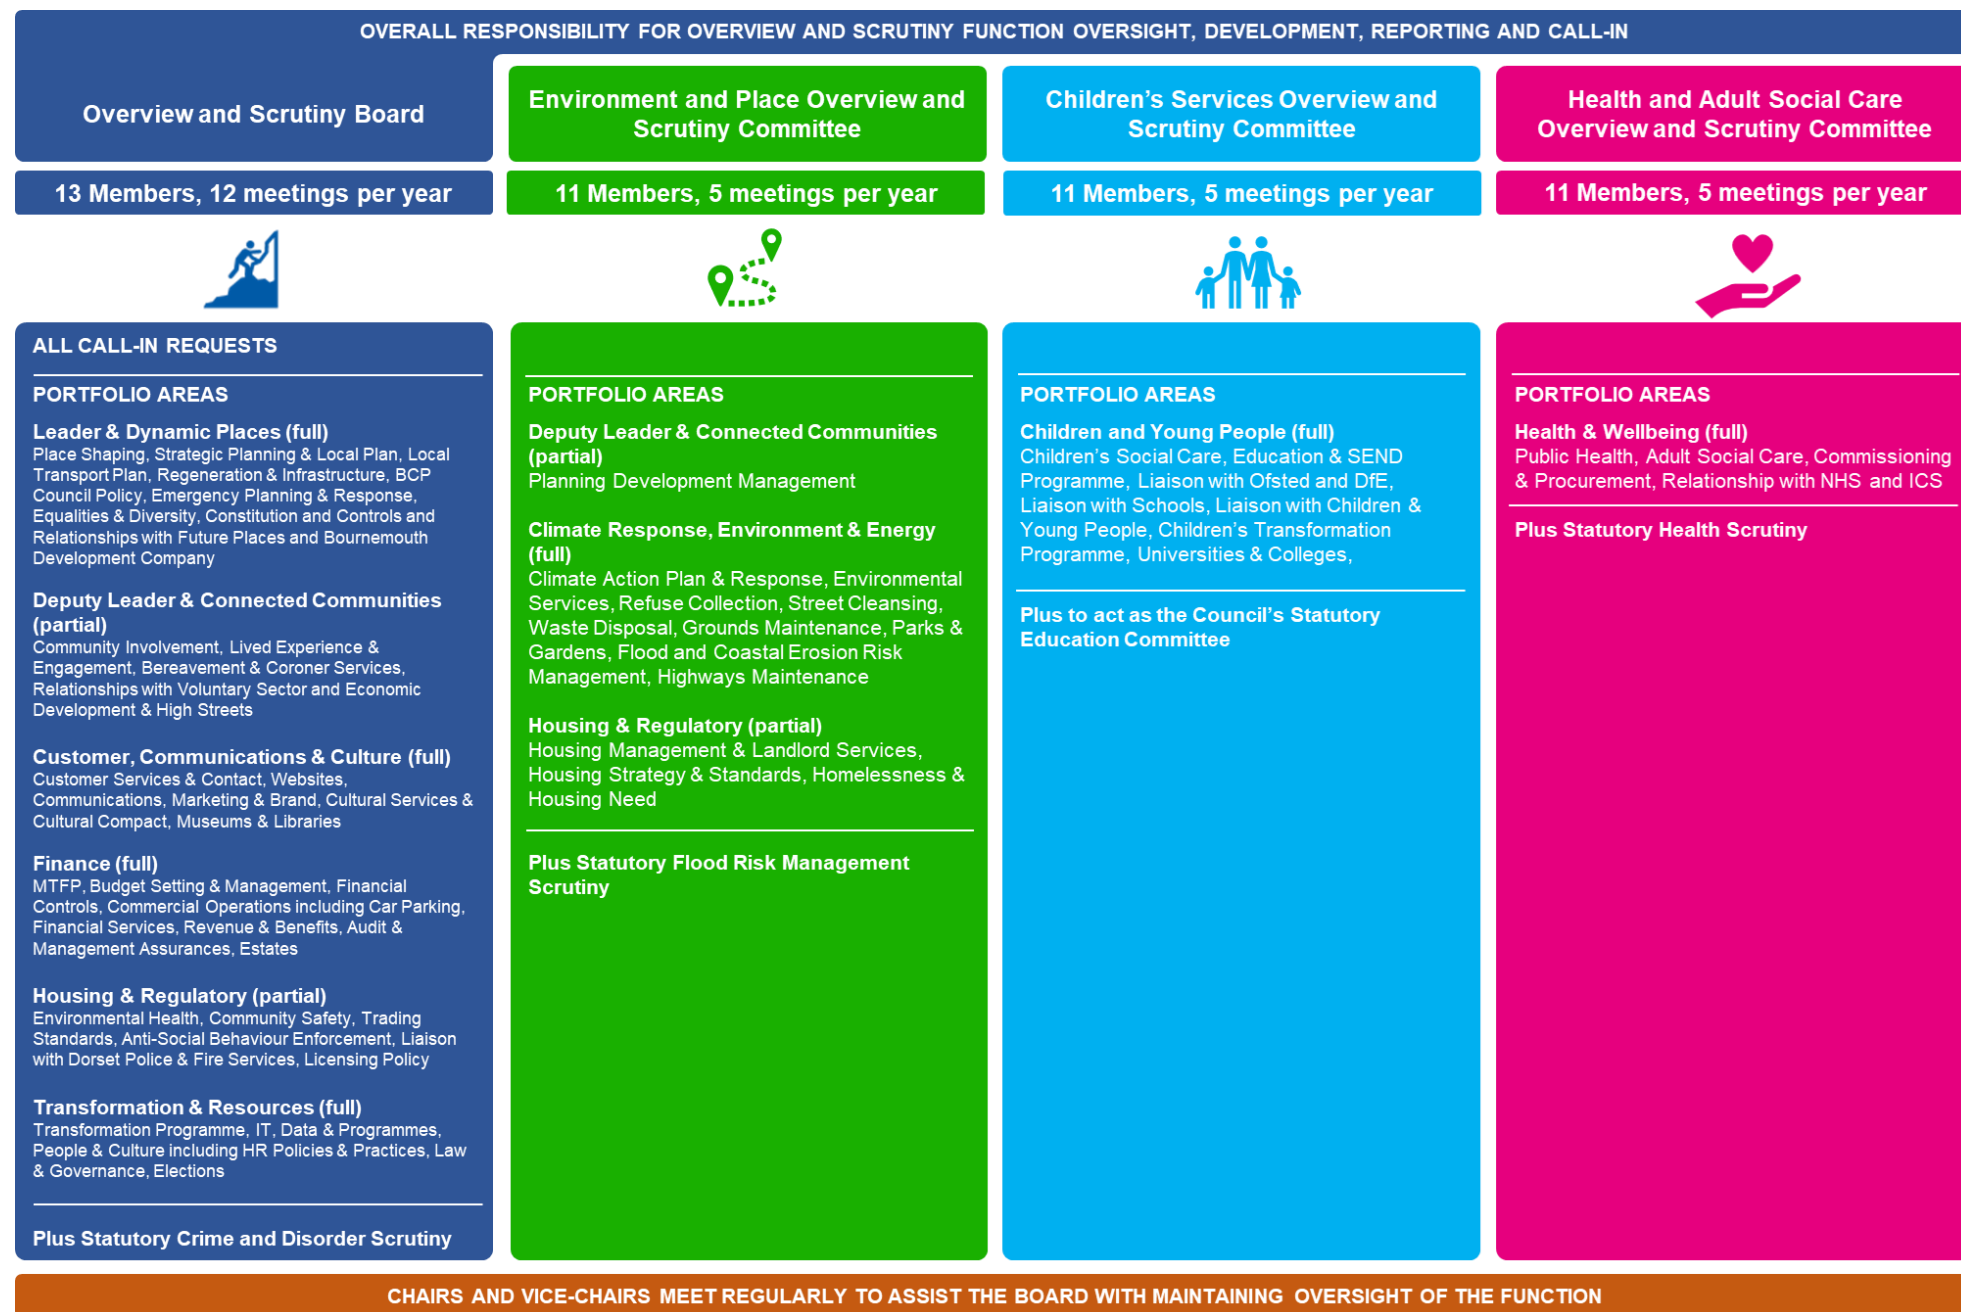

- Considering decisions that have been called-in
- Undertaking scrutiny of the Council's budget processes
- Carrying out the Council's scrutiny functions relating to crime and disorder, and discharging any other statutory duty for which the O&S function is responsible, other than those that relate to Flood Risk Management, Health, Adult Social Care, Children's Services and Education
- Overseeing the Council's overall O&S function including oversight of the work plans and use of resource across all O&S bodies
- Keeping the O&S function under review, suggesting changes as appropriate to ensure that it remains fit for purpose
- Reporting annually to Full Council on the output of the O&S function
- Maintaining oversight of the training needs of the whole O&S function.

Figure 1 below provides an outline of the responsibilities of each Committee.

The remit of the Overview and Scrutiny Board and Committees is based on the division of Portfolio Holder responsibilities. Portfolio Holders may report to more than one Overview and Scrutiny body.

Portfolio Holder responsibilities are changeable and from time to time it may be necessary to modify the designation of functions across the four Overview and Scrutiny bodies.

Figure One –Overview and Scrutiny Structure

COMMISSIONED WORK

In addition to Committee meetings, the Overview and Scrutiny Board and Committees may commission work to be undertaken as they consider necessary after taking into account the availability of resources, the work programme and the matter under review.

Each O&S body is limited to one commission at a time to ensure availability of resources.

a) **Working Groups** – a small group of Councillors and Officers gathered to consider a specific issue and report back to the full Board/ Committee, or make recommendations to Cabinet or Council within a limited timescale. Working Groups usually meet once or twice, and are often non-public;

b) **Sub-Committees** – a group of Councillors delegated a specific aspect of the main Board/ Committee's work for ongoing, in-depth monitoring. May be time limited or be required as a long-standing Committee. Sub-Committees are often well suited to considering performance-based matters that require scrutiny oversight. Sub-Committees usually meet in public;

c) **Task and finish groups** – a small group of Councillors tasked with investigating a particular issue and making recommendations on this issue, with the aim of influencing wider Council policy. The area of investigation will be carefully scoped and will culminate in a final report, usually with recommendations to Cabinet or Council. Task and finish groups may work over the course of a number of months and take account of a wide variety of evidence, which can be resource intensive. For this reason, the number of these groups must be carefully prioritised by scrutiny members to ensure the work can progress at an appropriate pace for the final outcome to have influence;

d) **Inquiry Days** – with a similar purpose to task and finish groups, inquiry days seek to understand and make recommendations on an issue by talking to a wide range of stakeholders and considering evidence relating to that issue, within one or two days. Inquiry days have similarities to the work of Government Select Committees. Inquiry days are highly resource intensive but can lead to swift, meaningful outcomes and recommendations that can make a difference to Council policy; and

e) **Rapporteurs or scrutiny member champions** - individual Councillors or pairs of Councillors tasked with investigating or maintaining oversight of a particular issue and reporting back to the main Board/ Committee on its findings. A main Committee can use these reports to facilitate its work prioritisation. Rapporteurs will undertake informal work to understand an issue – such as discussions with Officers and Portfolio Holders, research and data analysis. Rapporteur work enables scrutiny members to collectively stay informed of a wide range of Council activity. This approach to the provision of information to scrutiny members also avoids valuable

Committee time being taken up with briefings in favour of more outcome-based scrutiny taking place at Committee.

These terms of reference should be read in conjunction with the Overview and Scrutiny Procedure Rules outlined in Part 4C of the Council's Constitution.

BCP Council Environment and Place Overview and Scrutiny Committee – Work Plan. Updated 25.07.24

Guidance notes:

- 2/3 items per committee meeting is the recommended maximum for effective scrutiny.
- The Environment and Place O&S Committee will approach work through a lens of **SUSTAINABILITY**
- Items requiring further scoping are identified and should be scoped using the Key Lines of Enquiry tool.

	Subject and background	How will the scrutiny be done?	Lead Officer/Portfolio Holder	Report Information
Meeting Date: 11 September 2024				
1.	Increasing Plant Based Diet To receive a report on how we can increase awareness of Plant Based diets.	Report		This was suggested by the Chair and Vice – Chair in response to public questions to Council.
2.	Directorate Budget Awareness To receive a presentation on the budget, pressures and assumed savings	Presentation and Question and Answer session	Chief Financial Officer, Chief Operations Officer and Director Marketing and Communications	Presentation and establishment of a working group. See working group section of work plan below.
3.	Overview and Scrutiny Annual Report The Overview and Scrutiny Specialist is required to report annually on the output of the O&S function.	Information only Committee Report	Scrutiny Specialist	Requirement for O&S to produce an annual report to full Council and share with all O&S committees. To be received as an information only report.

Key:  Pre-decision or reactive scrutiny item  Proactive Scrutiny item

Request for consideration of an issue by Overview and Scrutiny

Guidance on the use of this form:

This form is for use by councillors and members of the public who want to request that an item joins an Overview and Scrutiny agenda. Any issue may be suggested, provided it affects the BCP area or the inhabitants of the area in some way. Scrutiny of the issue can only be requested once in a 12 month period.

The form may also be used for the reporting of a referral item to Overview and Scrutiny by another body of the council, such as Cabinet or Council.

The Overview and Scrutiny Committee receiving the request will make an assessment of the issue using the detail provided in this form and determine whether to add it to its forward plan of work.

They may take a variety of steps to progress the issue, including requesting more information on it from officers of the council, asking for a member of the overview and scrutiny committee to 'champion' the issue and report back, or establishing a small working group of councillors to look at the issue in more detail.

If the Committee does not agree to progress the issue it will set out reasons for this and they will be provided to the person submitting this form.

More information can be found at Part 4.C of the BCP Council Constitution, under procedure rules 2.4-2.9

Adult Social Care Business Case	Adult Social Care services locally and nationally have faced significant challenges in recent years, and as a result the Council is holding significant risk in relation to the ability of the Council to deliver its statutory responsibilities to adults that require support within the available budget. The nature of these challenges means that long term, sustainable change is needed to ensure that BCP Council Adult Social Care services (ASCS) are modern, fit for the future and affordable. This business case sets out a proposal for initial investment in Adult Social Care transformation that will lead to improved outcomes for adults that draw on support in BCP and support the Council to deliver this within the available financial envelope.	Yes	Cabinet Date to be confirmed	All Wards			Chris McKensie	Open

1. Development of this framework and its application by O&S Committees

Workshops were held with members of O&S committees across December 2023- February 2024, supported by the Centre for Governance and Scrutiny (CfGS). The aim of the workshops was to develop an approach to work programming at BCP for 2024/25 and beyond that is based on good practice and addresses improvements already identified for O&S as set out in [Assurance Review Action Plan](#) and the [O&S Action Plan](#). One output of this work is the framework set out below.

During 2024, the O&S Board and Environment and Place O&S Committee have been following the principles set out in this framework. The same good practices will be rolled out to all O&S committees in 2024 and used to support future annual work programming.

2. Using a lens to select and approach scrutiny topics

O&S statutory guidance recommends that a 'lens' or key set of priorities be established by O&S committees, to clearly communicate their role and how they will add value to the work of the organisation. The statements also clarify the role of the committee to the public.

Established lenses provide a tool to assist O&S members in work programming, to sift suggestions for work into a realistic annual work programme for each committee and should be referred to throughout the year as arising suggestions for work are made.

O&S Board and Environment and Place O&S Committees agreed lenses in 2024. Children's Services and Health and Adult Social Care O&S Committees have not yet considered the application of lenses to their work. Lenses are set out below. It is suggested that these lenses be reviewed annually to ensure they remain fit for purpose.

The **O&S Board** will approach work through a lens of **RESIDENT IMPACT AND EXPERIENCE**, such as considering:

- benefits that could be brought to residents by **delivering services** in different ways
- how the areas of highest **financial risk** for the council may impact on residents
- the council's **relationship with the public** and work that can be done to strengthen this.

The **Environment & Place O&S Committee** will approach work through a lens of **SUSTAINABILITY**, with a specific focus on the following priorities, drawn from the Corporate Strategy:

- **Climate change** is tackled through sustainable policies and practice
- Our **green spaces flourish** and support the wellbeing of being people and nature
- Our communities have pride in our **streets, neighbourhoods and public spaces**
- **Good quality homes are** accessible, sustainable and affordable for all

The **Children's Services O&S Committee** will approach work through a lens ofTBC

The **Health and Adult Social Care O&S Committee** will approach work through a lens ofTBC

3. Using a framework to structure O&S activity:

A framework for supporting different types of scrutiny work is set out in the table below. Scrutiny is split out into **proactive work**, **reactive work** and **pre-decision scrutiny**. When developing this framework, O&S councillors gave a clear steer that they wish to continue to undertake all these elements of scrutiny through their work programmes.

As with the lenses outlined at 2 above, the scrutiny framework will also be used to communicate the role and intentions of the committees to the wider council and the public. It is suggested that the framework be reviewed annually to ensure it remains fit for purpose.

Proactive Scrutiny

What is it?

- Early policy work - work focused on policy development and exploring options for the future. Also described as 'overview work' in BCP.
- Framed as a series of questions or 'key lines of enquiry', to which O&S seeks answers. These are found through the gathering of evidence, with a view to informing future policy.
- Driven by the O&S committee itself, or may be in response to a suggestion from councillors, community or decision makers.
- Less likely to directly align to another piece of work already underway in the council, eg. a cabinet report.
- Fulfils BCP principles of good scrutiny:

'O&S engages in decision making and policy development at an appropriate time to be able to have influence'

'O&S is a member led and owned function'

'O&S enables the voice and concerns of the public to be heard and reflected in the Council's decision-making process'

Examples

Cllr suggestions based on their understanding of local needs, eg:

- What more can we do to meet local people's housing needs?
- To what extent do we as a council as a community understand the likely challenges of climate change, and what action do we need to take?

Method for undertaking scrutiny:

- Either "in committee", as a whole-meeting challenge session followed up by agreement of recommendations at the next meeting, or a short and sharp working group with a group meeting two or three times between meetings.
- Outcomes are unlikely to be met by an officer report – proactive scrutiny relies on councillors scoping and directing the work and asking for specific data, information and evidence to be brought by relevant stakeholders.
- Recommendations are made, usually to Cabinet or Portfolio Holders. They must respond to these recommendations.

Pros and Cons

- ✓ Potential to add significantly more value than other work by using powers to gather evidence from stakeholders, investigate an issue in depth and find solutions. These may be used to inform policy in a significant and meaningful way.
- ✓ Potential to select and scope topics to have maximum positive impact on the communities of BCP.
- ✓ Can generate a clearer set of recommendations that can be communicated in the council and to the public.
- ✓ Easier for O&S to own the programme of work and not be affected by other factors (eg. movement of decisions on the Cabinet Forward Plan).
- ✗ Resource intensive for officers and councillors.
- ✗ May require committee to work more flexibly to find capacity for the depth of work, eg. swapping committee meetings to undertake working group meetings instead.

Method for selection of proactive scrutiny topics:

- Invite suggestions from councillors annually (through work programming workshops)
- Invite suggestions from decision makers for O&S to contribute to developing policies/ decisions.
- Invite suggestions from the public annually (consider how to incorporate into methodology for 2025 work programming)
- Sift suggestions according to the priorities of lenses as set out above ('resident impact and experience' / 'sustainability')
- Agree, scope and plan topics to add maximum value.
- Plan all proactive work on an annual basis to ensure it can be undertaken by an appropriate time to add value and in within resources available.

Pre-decision Scrutiny

What is it?:

- Scrutiny of a report close to the point of decision making – eg. a Cabinet report.
- Predominantly driven by the Cabinet Forward Plan.
- Sits between 'proactive' and 'reactive' scrutiny. Some councils undertake a minimal level of pre-decision scrutiny in favour of greater levels of deep dive investigations. BCP councillors have said that pre-decision scrutiny is an important part of the scrutiny process which they are keen to see stay in place.
- Fulfils BCP principle of good scrutiny:

'O&S contributes to sound decision making in a timely way by holding decision makers to account as a 'critical friend'.

Examples

Scrutiny of Cabinet reports on:

- BCP Local Plan
- BCP 2024/25 budget scrutiny & MTFP update reports
- Various policies prior to Cabinet/ Council decision

Method for undertaking scrutiny:

- In committee, consideration of a report already written for Cabinet. Report considered approximately 10 working days prior to the Cabinet meeting.
- Any recommendations or comments made on the report are formally passed to the next Cabinet meeting.
- The O&S Chairman will attend the Cabinet meeting to report recommendations and/or give a summary of comments made at O&S.
- Cabinet must consider any **formal recommendations** made and respond.

Pros and Cons

- ✓ Publicly demonstrates that decision makers are held to account.
- ✓ Less resource intensive – reports already written for Cabinet.
- ✗ Reactive – hard to plan agendas and relies on a well populated Cabinet Forward Plan to timetable work.
- ✗ Limited impact vs time spent. O&S is unlikely to be able to have much influence on fully developed policy and decisions.
- ✗ Potential to establish a ‘shadow cabinet’ and for meetings to become political, which must be managed effectively by O&S Chairs.
- ✗ Potential for Cabinet scrutiny to overwhelm agendas - can lead to additional/ long meetings which can limit effectiveness of scrutiny.
- ✗ Potential to duplicate other scrutiny opportunities – eg. full council debate.

Method for selection of pre-decision scrutiny topics:

- Establish a programme of informal, Teams based briefing sessions at a frequency which can be accommodated by O&S members and support officers. Schedule briefings to provide O&S with information on the key aspects of developing decisions. Aim to hold these as early as possible and at least 3 months prior to the decision to be made. Chairs and Vice Chairs take the lead in this, using the Cabinet Forward Plan and informal discussions with decision makers.
- Using the information provided at briefings and the agreed O&S lenses to determine which forthcoming Cabinet decisions will benefit from a councillor maintaining a watching brief and reporting back (rapporteur) or ultimately pre-decision scrutiny at committee.
- Give notice as early as possible of those items required for pre-decision scrutiny, to enable report authors to work to the relevant O&S timescales.
- Provide regular reporting on out of committee activity into a committee meeting via Chair, to maintain transparency of O&S activity.
- Note – this framework for selecting pre-decision scrutiny is expected to significantly reduce the number of Cabinet reports being considered by O&S committees but will require a commitment from decision makers to share information with O&S in a different way that is both open and timely. The proposed format will also provide decision makers with the opportunity to surface issues with the wider membership of the council prior to decision making and to gather informal input to shape direction of policy.

Reactive Scrutiny

What is it?:

- Emerging issues that arise throughout the year and can't easily be planned for in advance.
- Usually a significant issue of concern or risk to the council, residents or external bodies (eg. Ofsted or Government department)
- Fulfils BCP principles of good scrutiny:

'O&S contributes to sound decision making in a timely way by holding decision makers to account as a 'critical friend';
'O&S is agile – able to respond to changing and emerging priorities at the right time with flexible working methods'
'O&S Contributes to and reflects the vision and priorities of the council';

Examples

- Targeted scrutiny on council finances at the end of 2022 following concerns about in-year budget
- Safety valve scrutiny at Children's O&S Committee
- Best Value and Assurance Review reports.
- Decisions 'called in' by O&S

Method for undertaking scrutiny

- O&S Councillors review a suite of information regularly outside of the committee space – eg. corporate performance reports, medium term financial plan updates, complaints data or resident surveys.
- 'Red flags' are elevated to committee for more formal scrutiny to take place. Usually, a report is requested from officers.
- Any recommendations or comments made on the report are formally passed to the relevant decision maker, usually Cabinet/ Council.
- Cabinet/ Council must consider the recommendations made and respond.
- O&S may ask to receive regular updates outside of committee, to maintain a closer eye on the matter until it is resolved.

Pros and Cons

- ✓ Important governance mechanism to assist the council in resolving issues of concern.
- ✓ Provides public demonstration of scrutiny on issues that may be causing press interest or community concern and gives opportunity for public to engage.
- ✗ Limited impact vs time spent. O&S may ask decision makers to reconsider an issue or make recommendations expressing concerns but cannot change a decision.
- ✗ Can disrupt workplans owing to the need to scrutinise a matter quickly.
- ✗ Potential to duplicate other scrutiny opportunities – eg. full council debate.

Method for selection of reactive scrutiny topics:

- Committee members 'horizon scan' by reviewing a suite of information on a regular basis in their own time. These are provided by email or in a designated webspace. Rapporteurs may be established to monitor designated areas of interest, sharing the load across the committee.
- Emerging trends or red flags are raised by committee members informally to the Chair & Vice Chair.
- Chair and Vice Chair take the lead in raising concerns with relevant decision makers and seeking more information. Using this information and the lenses established by committees, they determine which matters warrant elevating to committee.
- In all cases, O&S will prioritise work where it can have the most value and will avoid duplicating efforts underway elsewhere in the council to resolve arising issues. Priority will therefore be given either to those areas of highest concern and which are generating significant public and media attention; where data trends indicate that concerns are at risk of becoming embedded, or where attempts to find solutions by Cabinet or service areas have not worked.

- For these matters, a report is requested to the next available committee meeting for more formal and forensic scrutiny to take place. Work plans may be adjusted to make room for this arising work within existing resources.
- Following formal scrutiny, O&S may ask to receive regular updates outside of committee, to maintain a closer eye on the matter until it is resolved.
- Nb. 'Call-in' decisions will follow a separate process as outlined in the constitution.

4. Next steps

- The O&S Board and Environment and Place O&S Committees have adopted this framework and agreed lenses for their work.
- In 2024, all remaining O&S committees will be asked to adopt this framework and establish lenses or a limited set of high-level priorities.
- The framework will accompany all work programme reports to committee and should be referred to as a structure to underpin ongoing work programming activity.
- The framework will be reviewed annually by O&S Chairs, and lenses reviewed annually by O&S Committees in annual work programming, to ensure they remain fit for purpose.

Request for consideration of an issue by Overview and Scrutiny

Guidance on the use of this form:

This form is for use by councillors and members of the public who want to request that an item joins an Overview and Scrutiny agenda. Any issue may be suggested, provided it affects the BCP area or the inhabitants of the area in some way. Scrutiny of the issue can only be requested once in a 12 month period.

The form may also be used for the reporting of a referral item to Overview and Scrutiny by another body of the council, such as Cabinet or Council.

The Overview and Scrutiny Committee receiving the request will make an assessment of the issue using the detail provided in this form and determine whether to add it to its forward plan of work.

They may take a variety of steps to progress the issue, including requesting more information on it from officers of the council, asking for a member of the overview and scrutiny committee to 'champion' the issue and report back, or establishing a small working group of councillors to look at the issue in more detail.

If the Committee does not agree to progress the issue it will set out reasons for this and they will be provided to the person submitting this form.

More information can be found at Part 4.C of the BCP Council Constitution
<https://democracy.bpcouncil.gov.uk/ieListMeetings.aspx?CommitteeID=151&Info=1&bcr=1>

Please complete all sections as fully as possible

1. Issue requested for scrutiny

The impact financially and environmentally on email and other electronic document retention, whether the Council could be improving its data retention and use strategy to reduce its Digital Carbon emissions, as well as the cost impact.

2. Desired outcome resulting from Overview and Scrutiny engagement, including the value to be added to the Council, the BCP area or its inhabitants.

To establish the current data use and retention policies of the council, and whether there is scope for reduction of the environmental and financial impact of those policies.

3. Background to the issue

Data retention relating to size of documents and emails is an important issue for a council as a public body due to information being required for future reference and potential public access rules.

However that retention also can have a significant environmental and financial impact, especially where its potentially superfluous, for example email signatures, reply alls on non consequential topics and retaining emails that say 'thanks'.

5mb is estimated to have a 95g carbon emission per year, an organisation holding 1 TB of data is therefore creating almost 20 tonnes of Carbon emissions. Some of this will be entirely necessary, however there may be an opportunity to save a significant amount with an improved data retention focus and policy.

4. Proposed method of scrutiny - (for example, a committee report or a working group investigation)

Committee report

5. Key dates and anticipated timescale for the scrutiny work

As par of the transformation project it seems timely to prepare a report within the 24/25 municipal year as part of the Environment and place ongoing work on climate change.

6. Notes/ additional guidance
