If the answers to the following questions are Yes or Don't know, then a full EINA will need to be carried out.

Is there likely to be a positive or negative impact in terms of equalities?	No
---	----

Does it involve a significant commitment of resources?	No
--	----

It is not necessary at the screening stage to identify adverse or differential impact

It is important to remember that even when it is decided that a policy/service/project does not require an EINA, it remains subject to the general duties. Not carrying out a full EINA places our council at greater risk of legal challenge because it cannot use the EINA process to meet our [Public Duties](#) around equality. It also means, more importantly, that opportunities may have been missed to promote equality.

<p>If you have answered no to the questions above and do not intend to carry out an EINA, please explain why?</p> <p>The restrictions confirmed in this process are widely used elsewhere in the borough and do not have an equalities impact.</p>
