

APPENDIX 2

Paragraph Number	Name of Respondent	Summary of Comments	Evaluation of comments	Recommendation	Action taken by officers
7.4	Derek McCullogh, South Western Ambulance Service	Register the NHS Ambulance Service for the area as a consulted party	Responsible Authority is a statutory list as set out in the legislation, Ambulance Service are not listed	Leave Responsible Authority list as per legislation	
14.5	Derek McCullogh, South Western Ambulance Service	Addition of comment relating to the serious and acute impact on health, where under 18s consume alcohol, to reinforce the message the policy is conveying The Health Authority is clearly a responsible authority, however would you give consideration to the NHS Ambulance Service also being named in the responsible authorities in view of our partnership working		Agree	15.5 Amended in blue to include comment
Glossary	Derek McCullogh, South Western Ambulance Service	Please note that the address for relevant authority consultation with Dorset & Wiltshire Fire and Rescue Service as contained within Appendix C to the revised draft policy should be sent to : Dorset & Wiltshire Fire and Rescue Service, Chamber House, Acorn Business Park, Ling Road, Poole, BH12 4NZ email fire.safety@dwfire.org.uk	Responsible Authority is a statutory list as set out in the legislation, Ambulance Service are not listed	Leave Responsible Authority list as per legislation	
Appendix C	Graham Kewley, DWFRS	If there was the possibility of providing a link to our website www.dwfire.org.uk within the document it would greatly assist with the quality of consultation submissions in relation to fire safety. In order for us to adequately assess the means of escape, occupancy and general fire precautions within a premises, it is necessary to have detailed plans and information on the existing provisions as well as any proposed management controls identified from the fire risk assessment. Early access to this information for applicants will undoubtedly assist with avoidance of delays in processing applications. I appreciate the need to keep the policy succinct.		Agree	Amended entry in Appendix C blue
Gen Comment	Graham Kewley, DWFRS	We (DWFRS) should be referred to as Fire and Rescue Service rather than fire departments. This covers Operational and Fire Safety.		Agree	Add link into document at 14.6 in blue
Gen Comment	Tim Kench, DWFRS	references to BID throughout the new Licencing Policy does not require an apostrophe		Agree	Appendix A amended in blue
Gen Comment	Councillor Vikki Slade			Agree	document amended

Gen Comment	Councillor Vikki Slade	Environment – whilst there is reference to noise nuisance, public health issues etc there is no reference to the environment. I wondered why there is no reference to ensuring that glass and plastic is not littering the area around the licenced premises and that it is recycled		Agree	Amended 14.10 to reflect wider meaning of environment
Gen Comment	Councillor Vikki Slade	cultural Sensitivities – there is no reference to being culturally sensitive ...for example mentioning other religions or even the proximity of premises selling alcohol to schools, churches etc?			
Gen Comment	Councillor Vikki Slade	Drink Driving – there is no reference to this	Outside of the scope of the policy	Police enforcement function and not within power of the Licensing Authority therefore not included	
Gen Comment	Councillor Vikki Slade	Process – in the final area there is a long list of all the different departments that have to be notified when particular applications are made. As I have experienced recently, there is no form to submit objections as there is for the planning process, and these objections, comments or supporting documents cannot be found online which seems odd. Would it not be possible to use this opportunity to update our processes to put the application process online so that rather than multiple submissions by post or separate email that you tick what type of application it is and this will send to the relevant groups, or at least to send to multiple departments via a form checking system.	The application process and how to make representations are limited by IT capabilities but will move forward in time	Agree	Instructions on how to make a representation/objection with guidance is now on the website. All applications received via email are forwarded to the relevant responsible authorities by the licensing team. The legislation states that if applying by paper copy the applicant is responsible for serving the application on the responsible authorities so this must continue until any changes in legislation.
Chapter 9	Phillip Day, solicitor	I have a fundamental issue with the draft policy in that I do not consider that it complies with the statutory requirements, particularly in so far as they relate to the purported inclusion of a Cumulative Impact Policy at section 9 of the draft. Section 5(D) of the Licensing Act asserts 'In determining or revising its policy, a licensing authority must have regard to any cumulative impact assessments published by it under section 5A		Legal Officer has reviewed	Amended the chapter - blue addition, red delete
Chapter 9	Phillip Day, solicitor	Section 5(6E) goes on to assert "A licensing statement must – (a) summarise any cumulative impact assessments published by the licensing authority under section 5A, and (b) explain how the licensing authority has discharged its duty under section (6D)."		Legal Officer has reviewed	Amended the chapter - blue addition, red delete

Chapter 9	Phillip Day, solicitor	<p>BCP Council has not to date published any cumulative impact assessment under section 5A nor does it appear to have started the process that might lead to the publication of such an assessment.</p> <p>Paragraph 9.1 of the draft policy acknowledges and largely repeats the provisions of section 5(6D) but then at paragraph 9.3 talks about receiving a “geographical cluster of complaints” and whether those “are the result of the cumulative impact of licensed premises within the area concerned” before going on to assert that “(i)n such circumstances, the Licensing Authority will also consider whether it would be appropriate to include a special policy relating to cumulative impact within its licensing policy statement”. This fails totally to acknowledge the requirements of section 5(A), as do paragraphs 9.4 and 9.5 – indeed, the latter makes no mention of undertaking a cumulative impact assessment nor the process for publishing the same, in particular the duty to consult provided for in section 5A(5).</p>	Legal Officer has reviewed	Amended the chapter - blue addition, red delete
Chapter 9	Phillip Day, solicitor	<p>Most concerning are the provisions of paragraph 9.7 of the draft policy whereby BCP Council appear to be attempting to continue the former Bournemouth Borough Council’s cumulative impact policy for the duration of the term of the new policy. In that regard, it is noted that paragraph 9.9 asserts “The Licensing Authority will review the CIA Special Policy in early 2020. And (sic) this will replace the existing Bournemouth Borough Council Special Policy”. Again, there is no mention of the provisions of section 5A nor the requirement to review a cumulative impact assessment (not policy) every three years, again subject to the duty to consult.</p> <p>(As an aside, it does seem rather nonsensical not to “undertake a review” at the same time as consulting on the draft policy. If a section 5A assessment is to be published in the future, it will then be necessary to revise the policy so as to comply with sections 5(6D) and (6E) if it was intended to then include a cumulative impact policy. This in turn would mean a further consultation at no doubt a not insignificant further expense to the public purse).</p>	Legal Officer has reviewed	Amended the chapter - blue addition, red delete
Chapter 9	Phillip Day, solicitor		Legal Officer has reviewed	Amended the chapter - blue addition, red delete
Chapter 9	Phillip Day, solicitor		Legal Officer has reviewed	Amended the chapter - blue addition, red delete

		<p>Indeed, there must now be an issue as to the status of the previous CIA. It was first adopted in February 2007 and was clearly reviewed in 2015 when Bournemouth last published a statement of Licensing Policy. It is known that in October 2018, the police provided the then Council with what was described as an "Analytic Update to Support a Cumulative Impact Statement in the Borough of Bournemouth." This document contains statistical and other information principally concerning the number of assaults in the areas under consideration. It does not however contain any information about the extent of alcohol related crime and anti-social behaviour and I would question whether such "evidence" would be sufficient to justify the making of a section 5A statement.</p>			
Chapter 9	Phillip Day, solicitor			Legal Officer has reviewed and suggested amendments	Amended the chapter - blue addition, red delete
Gen Comment	Phillip Day, solicitor	The draft lacks an index which makes it difficult to navigate quickly.		Agree	Inserted index in blue
8.19	Phillip Day, solicitor	<p>It would be helpful if the Memorandum of Understanding was included as an appendix to the policy - there is no indication as to where a copy might be found.</p> <p>It is understood that there is to be a process of consolidation so that there will in future be a common approach. It would be most helpful if the policy either within this section and/or within Appendix C set out precisely the mechanism by which applications may be made or notices given. For example, there should be a statement about whether applications can be submitted via the Gov.UK website and, if so, whether the pdf form available on that website has to be used or whether it is acceptable to upload a copy of the printed version of the form (which is different). Will applications submitted by email be accepted? (It is noted that paragraph 17.3 asserts that an application for review may be made electronically "as long as it is on the required form". Presumably, this means by email but does it negate the requirement of the applicant for review to serve a copy on the responsible authorities and the premises licence holders etc – the policy is silent on this?).</p>		Agree	Insert as Appendix E once signed this will be on the website as well.
12	Phillip Day, solicitor		The actual process is subject to change with IT upgrades ect and information, forms and how to apply shall be kept up to date on the website and it not required to be set out in the Policy		Already mentions the process on the website at 12.1

12	Phillip Day, solicitor	<p>What address should be inserted in public and site notices – will this in future be a single address or will the address differ depending on whether the premises are situated in Poole, Bournemouth or Christchurch (as is the case as I write)? Will the address be the same for submitting representations and inspection of applications? For the benefit of those who might want to be aware of any applications that have been submitted, it would be helpful to include a full web address where applications can be viewed on-line. (It would also be helpful if BCP Council were to adopt a policy regarding the publication of registers of licences. The on-line Bournemouth register is not working properly (and is incomplete), Poole have never had an on-line register (where in future may that be inspected?) and the Christchurch register is completely different again!)</p>	The actual process is subject to change with IT upgrades ect and information, forms and how to apply shall be kept up to date on the website and it not required to be set out in the Policy. With the intergration of IT systems there will be one contact and this will all be reflected on the webiste guidance in the near future		Already mentions the process on the website at 12.1
12	Phillip Day, solicitor	<p>Can payment of fees be made on-line and if so, how? Will payments be accepted over the telephone and if so, who should be contacted and where? (This is particularly relevant with regard to payment of annual fees where again, the three former authorities differed in their requirements). Will cheques be accepted (some authorities are now refusing to accept cheques and even cash) and can payments be made by bank transfer?</p>		Agree	Amended and in blue in Appendix B
12	Phillip Day, solicitor	<p>Similarly, each previous Authority adopted different procedures at hearings, particularly regarding the order of speaking and whether cross questioning of parties was to be permitted. I understand that a common approach has now been agreed and this should be included within the policy.</p>	The licensing hearing protocol is available on the website already and included in all hearing paperwork	Unnecessary duplication and not necessary for the policy	
18.4 Gen comment	<p>Phillip Day, solicitor</p> <p>Phillip Day, solicitor</p>	<p>Paragraph 18.4 also causes me some concern, not least because no reference is made to Public Space Protection Orders (although these are mentioned in the glossary) and seems to introduce a further presumption of refusal of applications for off-licensed premises in certain (unidentified) localities – how for example is a stranger to the area (or even someone like me) able to find out the location(s) of alcohol addiction recovery activities or buildings? How are we to know in which areas there are issues with street drinkers?</p> <p>It would also be helpful if the definitions in the Glossary were sorted alphabetically!</p>		<p>For discussion</p> <p>Agree</p>	<p>19.5 in amended document included reference to PSPO, and link to BCP degraphic and crime data in blue</p> <p>Amended</p>

		Finally, many Licensing Authorities include within their policies suggested wording for conditions. A typical example would be a CCTV condition where it assists all concerned if there is a consistency of approach and wording. It is also noted that there is nothing in the policy that indicates the Authority's approach to age verification policies – is there an expectation that alcohol licensed premises should promote a "Challenge 21 or 25" policy (and accept conditions to that effect)? It is suggested that whilst "standard conditions" should be avoided, the Authority might like to suggest appropriate wording for some of the most frequently used conditions and perhaps to give an indication of the circumstances in which there is an expectation that certain types of condition will be proposed, e.g. relating to the provision of SIA registered door supervisors.			
Gen comment	Phillip Day, solicitor		The mulit agency group is in the process of compiling a reference guide for the wording of conditions this will be published on the website and can an appendix when complete	Agree	Appendix D will be added in due course
5.2	Robert Spencer, PHDorset	Add the Pan Dorset Drug and Alcohol Strategy (2016-2020)		Agree	Added reference and link in blue
5.2	Robert Spencer, PHDorset	For the other strategies listed it is unclear whether they are BCP or Pan Dorset?		The wording does say this relates to BCP Council Strageties	
9.5	Robert Spencer, PHDorset	Add Prevalence of drug and alcohol dependency & prevalence of safeguarding risk		Relates to Cumultive Impact	Legal advice is to remove most of Chapter 9 suggested new working in blue and deletions in red
10.1	Robert Spencer, PHDorset	Add evidence for the internal structure of a pub, i.e. seating / glass size etc	Plans are provided for all applications cannot see how this is relevant to the mechanism for dealing with behaviours		
10.2	Robert Spencer, PHDorset	Could we state that the licence fee contributes towards these initiatives?	Statutory Fee to pay for the administraiton of the service and cannot be used for other inititives		
10.3	Robert Spencer, PHDorset	Has the idea of debating late night levy / cumulative impact considered? Potentially there is not clarity of an actual policy and vision of BCP re night-time and linking economic and health themes?	Late night levy and CIA are data based and currently no data to support them, have been looked at over the years. Can be considered in the future if evidence supports them.		
10.6	Robert Spencer, PHDorset	How mandatory can you make shatter proof glass? And what are the environmental alternatives?	Cannot have a blanket requirement for all premises its on a case by case basis on application and then as needed depending on arising issues		added it in 14.6 in blue
11.3	Robert Spencer, PHDorset	Is the alcohol strategy referred to the Pan Dorset Drug and Alcohol Strategy (2016-2020)?		Agree to clarify it is the Pan Dorset Drug and Alcohol Strategy	Amend document in blue

13.6	Robert Spencer, PHDorset	Add defibrillator?		Agree	Added in 14.4 in blue
14	Robert Spencer, PHDorset	Add protection of vulnerable adults		Agree	15.3 added in blue
			No agreement they are a recognised responsible authority who are consulted for applications and variations		
14.3	Robert Spencer, PHDorset	It is unclear what PHD are agreeing to?			
14.7	Robert Spencer, PHDorset	Remove the caveat around premium, craft and special products.			highlighted red for to delete if agreed
15.3	Robert Spencer, PHDorset	The opening sentence does not make sense		have clarified the sentence	see amendment in blue 16.3
16	Robert Spencer, PHDorset	Can we add that any outside event should have a drug policy and a link to local drug and alcohol services.	All large events involve the Safety Advisory Group with includes the Police who are the primary authority for drug issues and searches		17.2 and 17.3 added to mention drug testing as appropriate in blue
16	Robert Spencer, PHDorset	Can we add the potential use of drug testing at outside events to reduce fatalities.	All large events involve the Safety Advisory Group with includes the Police who are the primary authority for drug issues and searches		
18.3	Robert Spencer, PHDorset	The last bullet point does not necessarily make sense considering whisky is 40%			
18.4	Robert Spencer, PHDorset	Add Hospital setting to first bullet point		now 19.5	this is a suggested amendment in blue
Gen comment	Robert Spencer, PHDorset	Full words required before abbreviations		Agree and hopefully this has been picked up throughout the document	
Gen comment	Robert Spencer, PHDorset	The document does not have a vision and / or feel of a strategy that links to other strategies, i.e. planning, healthy spaces etc.		Have included link to BCP Corporate Strategy	added at 5.1 with some suggested additional wording in blue to explain how we support corporate priorities
Gen comment	Robert Spencer, PHDorset	Should there be a link in the document to environmental sustainability?		Agree BCP has declared a climate emergency and as soon as the policy for this is published we will put in a link.	

Gen comment	Ashley Nicholson, The Avenue	<p>What has become very clear in the first 12 months of ownership is the lack of offering in the BCP area of the more experiential operations and events available in London and regional cities like Bristol. We have also identified a clear trend of inward migration to the area of 28-35 year olds , many having graduated from Bournemouth University, returning having lived in London . They like the local population who have visited other cities are frustrated by the limited options in BCP. These are not the hen/stag type or big F and B chain operations which are well catered for but the quirky independent that provide originality that appeals to a slightly mature market.</p>
----------------	---------------------------------	---

Chapter 9	Ashley Nicholson, The Avenue	<p>We recognise the cumulative impact strategy and have heard the police want to tighten up further. This worries us greatly . Many of the type of operations the town centre needs will need a licence. For example we are letting a unit in the Avenue to a café/bike shop (Velo Domestique) who have a strong local following and do a number of community and bike related evening events. A licence is essential to the viability to them. This is exactly the type of operator the town centre needs to attract people to come to the town centre rather than the convenience of Castle Point. We are also establishing an events space at the rear of the centre (The Loading Dock) which will provide a very different more edgy event alternative to the BIC style conference space. We have held our first event there, South Coast Makers Market which was an extraordinary success and proved if you provide the right attraction people will come. We want to build on this as a regular event and add in street food markets etc. At some stage we will need a licence and there should be scope within the cumulative impact area to allow for these type of activities which are the only hope for bringing people into the town centre beyond the hen/stag operations that already exist.</p>
-----------	---------------------------------	--

<p>As a result of the review of the CIA and call for supporting data to support continuation of a CIA area has resulted in no evidence being provided to date to demonstrate the necessity.</p>	<p>Chapter 9 has been amended and previous Bournemouth Council CIA zones have been removed.</p>
---	---

Chapter 9	Ashley Nicholson, The Avenue	As I said we also own Debenhams and it is most likely that in the not too distant future will also be vacated in part or whole . We therefore share with BCP a great responsibility to do what we can to keep the town centre alive. That will require a collaborative and positive approach to licensing. A blanket ban will be the nail in the coffin,		As a result of the review of the CIA and call for supporting data to support continuation of a CIA area has resulted in no evidence being provided to date to demonstrate the necessity.	Chapter 9 has been amended and previous Bournemouth Council CIA zones have been removed.
	Jon Weaver, Events Team 15.2 Manager	it is talking about TEN's and says that no permission is required from the Council. We understand this in terms of the TEN however, we think an additional point should be in here to say that permission for use of BCP land for the TEN is required through the BCP Events Team.		Agree	16.2 amended in blue
	19.2 Jon Shipp	Bournemouth have established a Community Alcohol Partnership (CAP) scheme which is run by a locally managed multi-agency partnership and whose aim is to reduce alcohol harm in local communities from drinking by young people under 25, with a particular emphasis on preventing underage drinking.		Agree	Amended and included the additional wording
	Linda Cole, BCP Solicitor	Care, control of premises not addressed and this is essential for assessing the management of premises particularly when making decisions in Licensing Committees and Sub Committees		Agree	Additional Chapter 13 added into amended document
Chapter 9	Linda Cole, BCP Solicitor	We need to take into account the outcome of the ongoing review of the Cumulative Impact Policy in accordance with the Home office Guidance	CIA can be reviewed and added at any time that evidence is provided to support the need for one	Agree The evidence of the CIA is not currently apparent	Amended Chapter 9 as previously mentioned

Paragraph Number	Name of Respondent	Summary of Comments	Evaluation of comments	Recommendation	Action taken by officers
6.5	Councillor Diane Butler	is not really needed "The Council holds premises licences for" is a helpful amendment			
6.6	Councillor Diane Butler	V6 index is a very good addition to V5 draft.			
Index	Councillor Diane Butler		We want to include as many BCP consultees as deemed necessary. We do not include individual businesses as this would be unreasonable for all Licenced premises within the conurbation which is why it goes on the website for public consultation	agreed	Added Poole Harbour Commissioners, RNLI Poole. Also included B, C ,P chambers of commerce. Markets are already included in the BCP internal consultaiton as these are run by the Community Engagement team
Appendix 2	Councillor Diane Butler	The document seems a little Bournemouth-centric – which is not ideal for the diversity of the whole BCP area. E.g Appendix 2 List of Consultees:has many more Bournemouth contacts Could we include Poole : Dolphin Centre, High Street Markets, Poole Harbour Commission and Quay businesses			
Chapter 9	Councillor Diane Butler	Points 9.1-9.3 in red - should <u>not</u> be deleted but used instead of the amendments 9.1-9.3. This section could be more concise.			
8.18	Councillor L J Evans	Why do these get special exemption	These types of wrestling have special mention within the legislation as exeptm as stated in the parargraph	no change needed	
14.22	Councillor L J Evans	I am concerned about customers being unable to keep their drinks with them at all times, as this makes them vulnerable to "spiking".	Conditions relating to taking drinks outside will only be applied if deemed necessary by a Responsible Authority. This is usually to prevent people staying outside in smoking areas which helps to reduce noise from outside smoking areas in sensitive locations. Patrons can finish a drink before going for a smoke if necessary		
14.22	Councillor L J Evans	Prohibiting re-entry seems grossly unfair, especially as customers may actually go outside to literally get some fresh air (which they should be facilitated to do, away from Smoking areas).	Reentry is usually only prohibited when people leave the venue not go outside for fresh air in designated outside areas		
14.22	Councillor L J Evans	No mention is made of Vaping.

		I am concerned that the changes appear to advocate a lighter touch than previously and removes the previous BBC Cumulative Impact Special Policy that was kept under regular review.	This is an evidence based requirement of which none was provided in response to the consultation. However should evidence be provided the matter will be reviewed.		
Section 9	Martin Underhill, Dorset Police and Crime Commissioner	The new proposal states that BCP Council may produce a Cumulative Impact Assessment Policy. Given the issues and hotspot areas that already exist I would expect to see such a Policy produced and continue to be kept under regular review.		members to discuss	
	Inspector Matt 9.5 Baxter, Dorset Police	We would most welcome the maintenance of a Cumulative Impact Assessment and the consideration of new areas to be included. This is perhaps an opportunity to review where the Cumulative Impact Zones throughout the BCP council area should be. The CIA is imperative in supporting the Police in dealing with and managing areas of higher risk to crime and disorder and to anti social behaviour within the night time economy. This is now ever so more prevalent in light of the proposals put forward by the government to support the industry during Covid. The proposals being the relaxing of regulation to allow premises to have pavement licences and the free addition of off sale provision to an existing on licence. This of course increases the risk of increased public space drinking and the associated problems. Where the density of premises in an area is increased it is important to be able to manage that and ensure the area in question does not become saturated and therefore a high risk of crime and disorder.	This is an evidence based requirement of which none was provided in response to the consultation. Despite calls for evidence when the policy was being developed the police, and other agencies including public health, enviornmental health or trading standards were unable to provide the necessary data to support continuation of the existint Cumulative impact zones or the introduction of new zones. However should evidence be provided the matter will be reviewed.		

	<p>Traditionally the police have supplied crime statistics on an annual basis to support the authority in any decision to grant a CIZ or refuse an application within a CIZ. These annual statistics can be supported by current intelligence but we recommend the policy of accepting the crime pattern analysis provided annually as the proportionate and appropriate way to inform decision making. Recently the annual statistics have not been accepted as considered too out of date and not current enough. The requirement has been to provide new intelligence for each and every objection. This practice makes the having of a CIA policy pointless and we may as well just operate without one and provide intelligence on a case by case basis. We would advocate not following this model, it is time consuming, not practical and over bureaucratic and risks areas becoming saturated with premises that cumulatively increases the risk of crime and disorder, anti-social behaviour and other associated NTE problems. We would recommend having a meaningful CIA that is workable, provides guidance and is supported by the committee. This includes accepting the annual crime statistics provided by the police as current. Even though they are annual, they are still current and relevant. Notwithstanding that new intelligence can be introduced if necessary to support any proposals.</p>				added to section

	It isn't clear what the current 'mix/diversity' looks like and how this is used to inform future licensing decisions. I would like to see a Cumulative Impact Statement or Policy that addresses this and allows for informed and evidence-based decision making.	On reflection this is misleading, the Licensng Authority has no powers to support or reject applications on the grounds of type or premises or venue. All applications are dealt with in accordance with the Act and regulations		
Martin Underhill, Dorset Police and 12.3 Crime Commissioner	I am also mindful of the current situation and recovery process from Covid-19 which is likely to have a significant impact on a number of businesses and premises and could see the diversity of premises also change as a result.		propose to remove this section following discussion

Section 14

Martin Underhill, Dorset Police and Crime Commissioner	I am pleased to see the proposed changes which make this important consideration more robust in its approach. I'd be keen to ensure that the control measures are appropriately linked and applied to known hotspot areas, areas of higher levels of deprivation and vulnerability, and targeted to protect the most vulnerable children and young people know to the local authority.

Sandra Graham, 14.2 Trethowans LLP	<p>Last sentence: It is common practice that the precise location of CCTV cameras is agreed with the Police on site after the Premises Licence is granted, particularly with new premises. Are you suggested further plans are lodged subsequently to indicate these positions? Clarify of what is proposed in practice by this sentence would be useful.</p>	<p>Conditions require CCTV camera and the positions are agreed with Dorset Police . Regulations which speicy plan requirements do not require the location of CCTV cameras.</p>	delete last sentence	
Graham Kewley, 14.6 DWFRS	<p>add wording Further guidance on requirements under the Regulatory Reform (Fire Safety) Order 2005 are available from Dorset & Wiltshire Fire and Rescue Service www.dwfire.org.uk</p>		agree	First bullet point amended to read •Reference should be made to the guidance on requirements under the Regulatory Reform (Fire Safety) Order 2005 which are available from Dorset & Wiltshire Fire and Rescue Service www.dwfire.org.uk
Sandra Graham, 14.8 Trethowans LLP	<p>First Bullet Point...'Providing informaiton on the premises of local taxi companies who can provide safe transporation home. The word safe in this context concerns me as, whilst it is very much hoped it is safe the operator of the licenced premises cannot vouch for the fact that the taxi called is safe.</p> <p>Third sentence, possible condition - I wonder, with respect, if it is better to say that a condition may be imposed to try and prevent noise nuisance rather than stating the wording of that conditon as my understanding is that the conditions as stated is now moving out of favour with those involved in acoustics and inaudibility at a boundary is a subjective phenomenon</p>	<p>Amend wording to include licensed taxi company and remove word safe.</p>	for discussion	
Sandra Graham, 14.13 Trethowans LLP	<p>Some grammer typos, clarify with regards to the word 'instead of outside' would be helpful so that is is clear it is intended to be in a public area external to the premises concerned.</p>	<p>Amend wording - A condition to prevent noise nuisance could be imposed in such circumstances</p>	agree	
Sandra Graham, 14.16 Trethowans LLP		<p>removed word outside and replaced with other external areas</p>	agree	
Sandra Graham, 14.18 Trethowans LLP	<p>This is likely to be problematic and cause issues for a licensee whose licence goes well beyond these licensing hours at night particularly where hotels are concerned. Is the suggestion that such persons wishing to smoke then move to a public pavement or similar after 11pm?</p>	<p>Consider amended wording - After 2300 consideration should be given to the impact of patrons using outside smoking areas. The Licensing Authority will normally expect the public use of external areas in the licensee's control to cease at 23.00 hours, or addition controls of patrons put in place.</p>	for discussion	
Sandra Graham, 14.24 Trethowans LLP	<p>Whilst this paragraph make a statemetn about concerns it does not go on to say what the Licensing Authority wish to see/how the will dealw ith such applications/concerns</p>		Model pool of conditions available for applicants to ensure steps are taken include in order to address these concerns.	Model pool of conditions available for applicants to ensure steps are taken include in order to address these concerns.
Jill Aiken, Strategic Safeguarding and Quality Manager, 14.25 BCP Council	<p>Please add the age of children</p>	<p>section 145(2) of the Licensing Act 2003 defines a child is an individual under the age of 16.</p> <p>Instead of specify supervision requirements this should be considered by way of risk assessment for each event</p>	agree	Included child and definition into the glossary
Sandra Graham, 14.26 Trethowans LLP	<p>This proposal is particularly concerning as regards hotel operators and suggests that where there are children at any event then the hotelier needs to allocate at least</p>		amended and deleted wording	

			All the bullet points relate only to those premises that give rise to particular concerns concerning access to those under the age of 18		
	Sandra Graham, 14.27 Trethowans LLP	Last Bullet point indicates that all bars or pubs, which per se have as their primary purpose the supply of alcohol even if food is available will be presumed to not allow children access, even with adults is this the intention?			
	Julia Palmer, JCP 14.27 Law	Second bullet point. We would respectfully submit that the words 'or premises with a reputation for allowing under-age drinking' should be removed as that is not only subjective it is too wide and/or prejudicial. Alternatively, please substitute 'or premises where clear evidence is produced by a responsible authority to prove under-age drinking has been permitted by the premises licence holder or operator'	agree	agree	amended
	Sandra Graham, 14.31 Trethowans LLP	Suggest deletion of In certain circumstances	agree	agree	amended
	Sandra Graham, 14.33 Trethowans LLP	Suggest addition of the words where appropriate at end of paragraph	agree	agree	amended
	Sandra Graham, 14.34 Trethowans LLP	Penultimate bullet point - query whether it should read in accordance with any reasonable or agreed requirements of Trading Standards	agree	agree	amended
	Julia Palmer, JCP 14.34 Law	Penultimate bullet point. The power given to TS to impose any requirements is, with respect, unreasonably and inappropriately wide. Please insert the words 'relevant and reasonable' between 'any' and 'requirements'.	agree	agree	amended
	Jill Aiken, Strategic Safeguarding and Quality Manager, 14.34 BCP Council	Lost children facilities are referenced in some event planning.		Lost children are usually referred to for events as part of an event management plan, this is not relevant inside premises. Can add wording to include alcohol delivered in bullet point referencing Challenge 25	
	Julia Palmer, JCP 15.8 Law	Please add something which refers to delivery of alcohol also having Challenge 25 scheme used.		for discussion	
		First bullet point. Remove the word 'plastic' as this otherwise appears to sanction high strength alcohol being sold in glass bottles.		agree	deleted word plastic
		The SAG is an advisory group and does not have the authority to grant 'final approval' for an EMT.			
	Roger Brewer, Upton 17.3 County Park	Not sure why drug testing is specifically detailed as EMT should cover a range of controls and measures appropriate to the nature of the event and audience attracted.		SAG members have final say over the EMP so amended accordingly. Mention of drug policy was requested by PH England which is why it is specifically mentioned	amended to add SAG members and have added link to the events pages
	Sandra Graham, 18.10 Trethowans LLP	Following on from thread in 18.8 it is suggested that the second sentence of 18.10 should refer to premises licence holder or club premises certificate holder	agree	agree in part	amended
	Sandra Graham, 19.1 Trethowans LLP	Does 'some council area' in the first sentence refer to some areas within BCP Council or generally geographically across the country? Clarify would be helpful given that Bournemouth is specifically referred to in the next paragraph		The reference to some council areas is generic for the country. This wording can be removed from the paragraph.	for discussion
				Can add the following at the end of the paragraph costs being awarded to either party depending on the outcome of the appeal.	for discussion
Glossary	Sandra Graham, 23.1 Trethowans LLP	The second sentence of this paragraph needs clarity and costs being awarded against whom?			
	Julia Palmer, JCP Law	Substitute the words 'in respect of' for 'for' in the definition of Applicant.		agree	amended
Appendix B	Graham Kewley, DWFRS	Responsible Authority should read Dorset & Wiltshire Fire and Rescue Service		agree	amended

Appendix C	Graham Kewley, DWFRS	Amend Responsible Authority address which should read as follows Five Rivers Health and Wellbeing Centre Hulse Road Salisbury Wiltshire SP1 3NR Tel: 01722 691717	Address has changed since original consultation	agree	amended
RESPONSES TO MODEL POOL OF CONDITIONS					
Prevention of Crime and Disorder - Incident Log	Julia Palmer - JCP Law	Amend (c) to read " any complaints received relating to crime and disorder".	An amendment genereally accepted in other versions of Model Pool of Conditions	Agree	Amended
Prevention of Crime and Disorder - CCTV	Julia Palmer - JCP Law	Amend first paragraph, 5th sentence beginning "Recordings shall be made available .." to include "(subject to Data Protection Act 2018 or any replacement legislation) after the word available.	Although the DPA 2018 will take precedence in any event but this inclusion will help to remind all parties of the need for compliance with that legislation	Agree	amended
Prevention of Crime and Disorder - Queues	Julia Palmer - JCP Law	Second paragraph re barriers.	Would barriers on a public pavement contravene the Highways Act?	A premises wishing to put tables and chairs on the pavement area outside of their premises would require a pavement licence, obtained from Highway, which would be consulted with the relevant authorities	
Prevention of Crime and Disorder - Off Sales	Julia Palmer - JCP Law	Third paragraph - add at the end of the sentence " ... in the designated area".		Agree	Amended (further amended by P Day comments below)
Prevention of Crime and Disorder - Drugs	Julia Palmer - JCP Law	Third paragraph - replace "shall" with "may".	It may not always be practical or appropriete for such a report to be made	Agree	Amended
Prevention of Public Nuisance - Noise Escape	Julia Palmer - JCP Law	Final paragraph - replace "for the duration of the licence" with "during the hours permitted for licensable activities".		Agree	Amended

Prevention of Public Nuisance - Takeaways	Julia Palmer - JCP Law	Staff training is often undertaken online and the requirement to have signed training records by the employee would not be commensurate with that style of training.				Remove reference to signed training by employees and replace with a statement that there shall be records kept of all training.
Public Safety - Considerations of Dorset & Wiltshire Fire and Rescue Service	Julia Palmer - JCP Law	These are matters which should be considered in the Fire Risk Assessment for the premises under the Regulatory Reform (Fire Safety) Order 2005. This would appear to be duplicating that legislation (see 1.16 and 1.19 of the s182 Guidance). It would, however, be helpful for applicants to have their attention drawn to the Guides to which you refer.	It was the intention of the LA for this to be included as a aide memoire for applicants and would not be included as a condition on a licence for the reasons stated.			Wording amended exclusively for this section to further make clear they are not suggested conditions.
			This proposal is, with respect, far too prescriptive. As previously indicated, many operators have their own dedicated training procedures and in any event it is for the premises licence holder to ensure that the staff have the appropriate training. This training also has a not inconsiderable cost element involved, which could be an unacceptable burden to applicants (see 1.17 of s182 Guidance).			
Protection of Children from Harm - Staff Training	Julia Palmer - JCP Law	Remove reference to TSSW specific training.	This frequency of refresher training is unlikely to be proportionate or relevant in every case and the need for/period of such refresher training will need to be considered on the merits of the case concerned.		To be discussed	
Protection of Children from Harm - Staff Training	Julia Palmer - JCP Law	Reference to refresher training at least every 6 months			The applicant can decide what period of frequency works best for them at the time of application	Amend sentence to leave a blank for applicant to insert their own period of frequency.
Input of Responsible Authority	Philip Day, Laceys Solicitors	Add "applicants" after "... does not restrict"			Agree	Amended
Input of Licensing Committee/Sub-Committee	Philip Day, Laceys Solicitors	Amended working to read "... the Licensing Committee or Sub-Committee may choose to impose any of the conditions included in the list (but will not be obliged to do so), or may choose to impose individual conditions as they see fit or may choose not to impose conditions."			Agree	Amended
Prevention of Crime and Disorder - Refusal Book	Philip Day, Laceys Solicitors	Add "The register shall be kept at the premises for a minimum period of 12 months and made available for inspection by police, council and other authorised officers on request" as a final sentence.			Agree	Amended
Prevention of Crime and Disorder - Incident Log	Philip Day, Laceys Solicitors	(a) insert "as having occurred within or immediately outside the premises" at the end of the sentence.				
Prevention of Crime and Disorder - Incident Log	Philip Day, Laceys Solicitors	(c) remove as considered too broad			Amended as per Julia Palmer's comment above	added "relating to crime and disorder" at the end of the sentence as per suggestion

Prevention of Crime and Disorder - Incident Log	Philip Day, Laceys Solicitors	(g) remove	Duplication of refusal register condition	Agree	Amended
Prevention of Crime and Disorder	Philip Day, Laceys Solicitors	(h) remove	Unnecessarily bureaucratic	Agree	Amended
Prevention of Crime and Disorder - Incident Log	Philip Day, Laceys Solicitors	Add a final paragraph - "The incident log shall be kept at the premises for a minimum period of 12 months and be made available for inspection by police, council and other authorised officers on request.		Agree	Amended
Prevention of Crime and Disorder - Alcohol Deliveries	Philip Day, Laceys Solicitors	Amend first sentence to read "All persons making deliveries of alcohol from the premises shall be instructed ..."		Agree	Amended
Prevention of Crime and Disorder - ABV Limit	Philip Day, Laceys Solicitors	This makes it look as if this would be the norm - what about craft beers etc?	The condition is usually qualified by a reference to sales of single cans or bottles of less than 2l in volume.	To be discussed	
Prevention of Crime and Disorder - CCTV	Philip Day, Laceys Solicitors	Amend wording to make clearer, to read as follows:- <u>A CCTV system, shall be installed and thereafter maintained in good working order to cover all public parts of the premises (excluding lavatories). Cameras covering all entry and exit points shall be capable of enabling frontal identification of every person entering in any light condition. The CCTV system shall continually record and cover areas where alcohol is kept for selection and purchase by the public, whilst the premises is open for licensable activities. It shall operate during all times when customers remain on the premises. All recordings shall be stored for a minimum period of 31 days with correct date and time stamping. Recordings shall be made available for viewing immediately on the request of Police or other authorised officers and copies provided in playable format as soon as is reasonably practicable, provided in each case that requests for viewing and/or copies are compliant with data protection regulations.</u> A staff member from the premises who is conversant with the operation of the CCTV system shall available at all times the premises are open to the public. Remove final paragraph as unnecessary wording as a legal requirement		Agree	Amended
Prevention of Crime and Disorder - SIA Door Supervisors	Philip Day, Laceys Solicitors	Remove final sentence "... and for a period of up to 6 months"	The wording needs to be deleted otherwise premises can simply destroy risk assessments that have not been updated. For the sake of consistency, references should be to the Police or other authorised officers.	Agree	Amended
Prevention of Crime and Disorder - Queues	Philip Day, Laceys Solicitors	Final paragraph re hi-vis jackets or vests	Experience has shown that at night, yellow vests "blitz" infra-red CCTV cameras so that no-one else in the near vicinity can be seen. Suggest amendment to tabards	Dorset Police to advise	

Prevention of Crime and Disorder - Off Sales	Philip Day, Laceys Solicitors	Second paragraph - off sales in sealed containers only and not consumed on the premises	This would suggest that you cannot take a drink outside, unless it is in a sealed container	Amendment to wording needed	
Prevention of Crime and Disorder - Off Sales	Philip Day, Laceys Solicitors	Third paragraph - alcohol outside shall only be consumed by patrons seated at tables	This would result in patrons not being able to stand and drink in a beer garden Either people will be allowed to take alcohol away from the premises or won't be. Would Environmental Health be happy with the idea of people leaving clubs in the early hours dropping bottles into bins?	Discuss to delete condition	
Preventio of Crime and Disorder - Glass and Bottles	Philip Day, Laceys Solicitors	Final paragraph re bottle bins	Environmental Health Officers are "notoriously" reluctant to set noise limiters - if they get it wrong, licence holders can point the finger of blame at them!	Environmental Health to advise	
Prevention of Public Nuisance - Noise Limiter	Philip Day, Laceys Solicitors	Second paragraph remove "determined by and" in the first sentence		Environmental Health to advise	
Prevention of Public Nuisance - Allowing People Outside / Smoking	Philip Day, Laceys Solicitors	Second paragraph re admittance/re-admittance add ".. Or to make a telephone call, if impractical to do so from within the building" to the end of the sentence.		Agree	Amended
Prevention of Public Nuisance - Allowing People Outside / Smoking	Philip Day, Laceys Solicitors	Insert "or to make a telephone call" after e.g to smoke in the 3rd, 4th and 8th paragraphs		Agree	Amended
Prevention of Public Nuisance - Deliveries	Philip Day, Laceys Solicitors	Amend second paragraph to read " No deliveries to the premises <u>other than milk and newspapers</u> shall take place ..."		Agree	Amended
Prevention of Public Nuisance - Takeaways	Philip Day, Laceys Solicitors	Amend paragraph to make clear that the sign should be on any door a delivery driver would collect food for delivery to a customer		Agree	Amended
Public Safety - Considerations of Dorset & Wiltshire Fire and Rescue Service	Philip Day, Laceys Solicitors	As Julia Palmer comments above		Included for consideration by the applicant only.	
Protection of Children from Harm - Challenge 21 or 25	Philip Day, Laceys Solicitors	Amend first paragraph to delete words in brackets.		For discussion	

Protection of Children from Harm - Staff Training	Philip Day, Lacey Solicitors	Amend wording to replace reference to TSSW to read " ... shall be trained with regard to the law on restricted sales (to persons who are under the age of 18 and/or who are intoxicated) and with regard to the terms and conditions of the premises licence A written record of all staff training shall be maintained and kept on the premises and made available on request to the Police or other authorised officers".	Many operators have their own perfectly acceptable training schemes and it is inappropriate to compel people to use a specific scheme that is only available online and charges per use.	Amendments made. The wording is for guidance only and the applicant is free to amend it to reflect how the training is to be delivered by them.	
Introduction	Sandra Graham, Trethowans Solicitors	Delete " ... be required to take, or refrain from taking, in relation to the carrying on of licensable activities at premises." and replace with "need to comply when operating under such Premises Licence or Club Premises Certificate.".		Agree as provides clarity	Amended
Introduction	Sandra Graham, Trethowans Solicitors	Add 4th paragraph "Given that potential criminal sanctions may arise from any breach of condition it is important that you carefully consider any conditions you offer and are sure that you can comply with them."		Agree	Inserted
Prevention of Crime and Disorder - Incident Log	Sandra Graham, Trethowans Solicitors	(c) add "in relation to crime and disorder" at the end of the sentence		Amended as per Julia Palmer's comment above	
Prevention of Crime and Disorder - Incident Log	Sandra Graham, Trethowans Solicitors	(f) insert after "which have come to light" after "any faults"		Agree as provides clarity	Amended
Prevention of Crime and Disorder - CCTV	Sandra Graham, Trethowans Solicitors	Second sentence " ... whilst the premises is open for licensable activities. It shall operate during all times when customers remain on the premises."	Slightly contradictory and would be better to say "whilst the premises are open for licensable activities and whilst customers remain on the premises."	Agree	Amended
Prevention of Crime and Disorder - CCTV	Sandra Graham, Trethowans Solicitors	Insert "reasonable" in penultimate sentence of first paragraph before "request of Police or an authorised officer .."		Agree	Amended
Prevention of Crime and Disorder - CCTV	Sandra Graham, Trethowans Solicitors	Final sentence - how can you say "shall" when you go on to say they are recommendations?	This is common terminology in licence conditions and a direction to comply with what the Police recommended at any time		
Prevention of Crime and Disorder - CCTV	Sandra Graham, Trethowans Solicitors	Second paragraph - add "subject to Data Protection legislation"	Already addressed by Julia Palmer and Philip Day above and amended		
Prevention of Crime and Disorder - SIA Door Supervisors	Sandra Graham, Trethowans Solicitors	Final sentence - "for a period of up to 6 months"	Clarify what this means. 6 months from when? Is it to cover a period for the previous 6 months?	It is widely understood for this to mean any risk assessment produced must be kept for a period of 6 months from the date of its production in the event it is requested sight of by an officer.	Removed as per Philip Day comment above.

Prevention of Crime and Disorder - Queues	Sandra Graham, Trethowans Solicitors	Insert "or management" after "... and supervised by door staff .."	Agree	Amended
Prevention of Crime and Disorder - Queues	Sandra Graham, Trethowans Solicitors	Amend second paragraph to read " ... to ensure that sufficient footway is kept clear."	Agree	Amended
Prevention of Public Nuisance - Noise Limiter	Sandra Graham, Trethowans Solicitors	Insert "accommodation" in the first paragraph	Agree	Amended
Prevention of Public Nuisance - Noise Limiter	Sandra Graham, Trethowans Solicitors	Insert "from music" after " ... so as to ensure that no noise nuisance [from music] is caused to local residents or businesses.".	Advice to be sought from EHO before amendment made.	
Prevention of Public Nuisance - Noise Escape	Sandra Graham, Trethowans Solicitors	Insert "accommodation" in the first paragraph	Agree	Amended
Prevention of Public Nuisance - Doors and Windows	Sandra Graham, Trethowans Solicitors	Insert "accommodation" in the first paragraph	Agree	Amended
Prevention of Public Nuisance - Signs	Sandra Graham, Trethowans Solicitors	Insert "accommodation" in the first paragraph	Agree	Amended
Prevention of Public Nuisance - Takeaways	Sandra Graham, Trethowans Solicitors	Not clear what intention is regarding signed training and what back door is being referred to?	Both points dealt with following comments made by Julia Palmer and Philip Day above and amended accordingly.	
Prevention of Public Nuisance - Manager's Phone Number to be Available	Sandra Graham, Trethowans Solicitors	Amend wording of paragraph to read "A direct telephone number for the manager at the premises shall be available to residents and businesses in the vicinity at all times the premises is open.	Explore further how this is going to be made available is not publicly	
Prevention of Public Nuisance - Steam and Odours	Sandra Graham, Trethowans Solicitors	Is this duplicated by Environmental Health legislation?	EHO to clarify
