

# Decision Impact Assessment Report

## Climate Action Annual Report 2019/20

DIA Proposal ID: 22

Assessment date: 28<sup>th</sup> September 2020

Assessor(s): Roxanne King, Neil Short, Becky Beaumont

Support: N/A

The Decision Impact Assessment (DIA) is a requirement of BCP Council's Financial and Procurement Regulations. It has been developed to help project managers maximise the co-benefits of proposals, reduce risk and ensuring that sustainable outputs and value for money are delivered through every project, plan, strategy, policy, service and procurement.

The following report highlights the opportunities and potential issues associated with the above titled proposal. It has been assessed against a number of themes and shared with BCP Council Theme Advisors for internal consultation. The RAG ratings and additional information have been provided by the project manager and may or may not have incorporated feedback from theme advisors. Results should be scrutinised by decision-makers when considering the outcome of a proposal.

The results of this DIA will be combined with all other assessments to enable cumulative impact data across a wide range of data sets. Individual DIA reports should be included in proposal documentation and made available to decision makers for consideration. Cumulative impact reports will be produced annually or as required by the Climate Action Steering Group and Members Working Group.

For questions and further information, please contact Sustainability Team at [DIA@bcpcouncil.gov.uk](mailto:DIA@bcpcouncil.gov.uk)

*Please note: This report is in a draft format and may appear different to future DIA reports.*

**Proposal Title** Climate Action Annual Report 2019/20  
**Type of Proposal** Report  
**Brief Description** Annual report 2019/20 on action to Climate and Ecological Emergency.  
**Assessor** Roxanne King, Sustainability Manager - Environment & Green Economy  
**Directorate** Environment & Community  
**Service Unit** Environment  
**Estimated Cost** No cost  
**Ward(s) Affected** All wards

### Sustainable Development Goals (SDGs) Supported

### RAG reasoning and proposed mitigation/monitoring actions

Theme	RAG	RAG reasoning <i>Details of impacts including evidence and knowledge gaps</i>	Mitigation and monitoring actions <i>details of proposed mitigation/remedial action and monitoring (inc. timescales, responsible officers, related business plans etc)</i>
Climate Change & Energy		The report highlights progress, risks and opportunities in BCP Council's response to the Climate & Ecological Emergency.	Report includes progress updates and key performance indicators around adaptation and mitigation activities.
Communities & Culture		Encouragement of safe waste disposal (no fly tipping, reduced litter), improvement in bathing water quality, engagement in behaviour change and community activities (e.g. litter picks) will improve community safety and cohesion.	Report includes progress updates and key performance indicators. Community engagement through Climate Action survey and Climate Conversation. KPIs could include number of public suggestions (webpage), survey responses (number and opinions), number of community projects/groups
Waste & Resource Use		The report will highlight waste reduction activities and promote sustainable production and consumption e.g. Fairtrade	Report includes progress updates and key performance indicators.
Economy		Report will identify local business partners which support the Climate and Ecological Emergency and are using sustainable business practices.	Report includes progress updates and key performance indicators.

Health & Wellbeing		The report will promote activities to improve the health and wellbeing of residents and staff.	Report includes progress updates and key performance indicators. Data from residents survey, government statistics (e.g. fuel/food poverty), staff surveys etc.
Learning & Skills		Staff directed to learning resources through Our Climate Action, including presentations, lectures and formal qualifications. Resources also available to promote/deliver community climate education.	Future editions of this report will include more examples of community/business activity as this increases.
Natural Environment		Report will promote activities (internal and external to the Council) which support and enhance biodiversity and ecological improvements e.g. tree planting, conservation, green infrastructure.	Report includes progress updates and key performance indicators around the protection and enhancement of BCP's natural environment.
Sustainable Procurement		No procurement involved.	N/A
Transport & Accessibility		Report will promote sustainable transport use, improved active travel infrastructure and facilitation of remote working to reduce travel.	Report includes progress updates and key performance indicators, including business travel.
