Decision Impact Assessment Report

Setting up the BCP Cultural Compact

DIA Proposal ID: 166

Assessment date: 16th September 2020

Assessor(s): Michael Spender

Support: Roxanne King

The Decision Impact Assessment (DIA) is a requirement of BCP Council's Financial and Procurement Regulations. It has been developed to help project managers maximise the co-benefits of proposals, reduce risk and ensuring that sustainable outputs and value for money are delivered through every project, plan, strategy, policy, service and procurement.

The following report highlights the opportunities and potential issues associated with the above titled proposal. It has been assessed against a number of themes and shared with BCP Council Theme Advisors for internal consultation. The RAG ratings and additional information have been provided by the project manager and may or may not have incorporated feedback from theme advisors. Results should be scrutinised by decision-makers when considering the outcome of a proposal.

The results of this DIA will be combined with all other assessments to enable cumulative impact data across a wide range of data sets. Individual DIA reports should be included in proposal documentation and made available to decision makers for consideration. Cumulative impact reports will be produced annually or as required.

For questions and further information, please contact Sustainability Team at DIA@bcpcouncil.gov.uk

Please note: This report is in a draft format and may appear different to future DIA reports.

Sustainable Development Goals (SDGs) Supported

RAG reasoning and proposed mitigation/monitoring actions

Theme	RAG	RAG reasoning <i>Details of impacts including evidence and knowledge gaps</i>	Mitigation and monitoring actions <i>details of proposed mitigation/remedial action and monitoring (inc. timescales, responsible officers, related business plans etc)</i>
Climate Change & Energy		Cultural activities can promote awareness and education around environmental sustainability and promote good practice, for example in the recent Arts by the Sea Festivals. Proposal includes feasibility assessments for infrastructure and the design of these assets will be as green as possible.	Environmental impact assessments will be undertaken at project level.
Communities & Culture		These identify three major priorities for ambitious development and investment: a. Culture and talent: embracing creative education, building a creative workforce, championing diverse cultural expressions, and enabling people of all backgrounds to actively participate in the cultural life of their communities and the conurbation. b. Cultural infrastructure: with a commitment to building cultural capacity, leveraging the excellence of existing hubs, venues and organisations, and boosting BCP as a place that produces and hosts great art and culture of international significance. c. Culture and place: embedding culture as a tool for planning, with a focus on nurturing distinctive neighbourhoods, dynamic town centres, accessible and imaginative public realm, urban mobility, and	Measures of success within the Corporate Strategy include: a. numbers of visits to museums b. number of people experiencing cultural activities

		an attention to social cohesion, health and wellbeing and environmental sustainability.	
Waste & Resource Use		Waste reduction and efficient resource use will be built into projects coming out of the Cultural Compact Strategy and Plan.	N/A
Economy		<p>One of the key recommendations is to create a talent development and retention programme for all ages and demographics. Programmes will nurture and retain talent locally - resulting in more SMEs, jobs and better productivity.</p> <p>When the Cultural Compact is fully established and has secured sufficient investment it will deliver activity that will have a beneficial impact on the economy.</p>	Economic impacts assessment underway and will be monitoring and developing positive impacts going forward.
Health & Wellbeing		BCP Cultural organisations are innovative in their health and wellbeing work and there is a growing corroborated evidence that participation in and enjoyment of cultural activity enhances health and wellbeing and can reduce the cost of healthcare.	Engagement with under-represented and underserved communities and groups will take place there will be monitoring and developing of positive impacts going forward.
Learning & Skills		The Cultural Compact will create and implement a talent development and retention programme. All sectors of formal and informal learning will be engaged with the Cultural Compact.	Performance indicators to be decided in collaboration with education partners.
Natural Environment		The Cultural Compact will help develop BCP digital and physical culture and heritage trails and wayfinding.	Data analytics will be available from the trails.
Sustainable Procurement		No procurement involved at this stage.	N/A
Transport & Accessibility		The heritage trails and wayfinding activities will support and encourage sustainable/active travel.	Surveys and data analytics will be used to monitor travel behaviour of artists and participants.
