

Conditions agreed with Environmental Health – Pier Approach

- Where music provision is planned to be more than background music, a Noise Management Plan (NMP) must be submitted at least 28 days before the event, the NMP must be agreed by the Licensing Authority. The NMP must include schedule, breaks, details on any amplification, sound levels and the process in place to minimise disruption to residents including contact telephone numbers of the responsible person on-site during the event with which noise complaints can be addressed if they arise. If a noise officer from BCP regulatory team receives adequate complaints to justify visitation and their visit determines the noise levels to be a statutory nuisance, the event may be closed down without prior warning.
- Regular contact shall be maintained with the Police, authorised officers of the Council in charge of Environmental Health by the Seafront Operations Team to manage the contractors onsite.
- Plans for effective dispersal will be requested for any supplier using the premise licence.
- Music noise levels shall not exceed 65dB(A) over a 15 minute period when measured at the boundary of any noise sensitive premises.
- Low frequency noise shall be adequately controlled particularly 63Hz and 125Hz which shall not exceed 70dB(A) at any time when measured at the boundary of any noise sensitive premises.
