127. 9 Avenue Road, Christchurch, BH23 2BU

(Christchurch Town)

8/20/1046/FUL

New dwelling on land adjacent of existing house - Existing garage to be demolished.

Public Statements:

- IN OBJECTION
Allastair McCall, 52 Hurn Way
Emily Fardell, 7 Avenue Road
- IN SUPPORT
Jess Glover, Pure Town Planning
Ian Perkins, applicant
- WARD COUNCILLORS:
Cllr M Phipps.

RESOLVED that the application be refused planning permission, contrary to the recommendation in the Officer's report, for the following reasons:

1. The proposed development by reason of its design, site coverage and plot shape would result in an overdevelopment of the site and a cramped and incongruous form of development in the street scene, adversely affecting the visual amenities of the locality. Therefore, the application is contrary to Policy HE2 of the Christchurch and East Dorset Local Plan and saved Policy H12 of the Borough of Christchurch Local Plan.

2. The proposal is within 5Km of a Site of Special Scientific Interest (SSSI). This SSSI is also part of the designated Dorset Heathlands SPA (Special Protection Area) and Ramsar site and is also part of the Dorset Heaths SAC (Special Area of Conservation). The proximity of these European Sites (SPA and SAC) means that determination of the application should be undertaken with regard to

the requirements of the Habitat Regulations 1994, in particular Regulations 48 and 49. If the Council had been minded to grant permission in all other respects it would have to carry out an appropriate assessment in accordance with the advice and procedures set out broadly in Circular 06/2005. The applicant has failed to demonstrate in accordance with the Habitat Regulations that the proposals will cause no harm to the SPA and SAC heathland. It is clear, on the basis of advice from Natural England that, the proposed development would in combination with other plans and projects within close proximity to heathland and in the absence of any form of acceptable mitigation be likely to have an adverse effect on the heathland special features including those which are SPA and SAC features. Having regard to the Waddenzee judgement (ECJ case C-127/02) the Council is not in a position to be convinced that there is no reasonable scientific doubt to the contrary. For these reasons, and without needing to conclude the appropriate assessment, the proposal is considered contrary to the recommendations of the Berne Convention Standing Committee on urban development close to the Dorset Heathlands and also the provisions of the Dorset Heathlands Planning Framework 2020-2025 Supplementary Planning Document (SPD), which took effect in November 2020. The proposal is also contrary to policy ME2 of the Christchurch and East Dorset Local Plan.

- IN SUPPORT
Matt Annen, Pure Town Planning
- WARD COUNCILLORS:
Cllr M Haines.

RESOLVED that consideration of the application be deferred to a later date, at the Committee's request in order for the Officer to seek further improvement to the scheme, for the following reasons:

- **The scheme appeared cramped and congested within the site and was at odds with the prevailing pattern of development in Compton Avenue which is more spacious. In addition, the Committee wanted greater assurance in respect of the protection of bats, loss of the existing building and the quality of the amenity space for future occupants; relevant to Planning Policies PP27, PP28 & PP33.**
