

NOTES

There drawings have been produced with reference to the CDM Regulations 2015. Please note that these are pre-construction phase drawings and should be subject to further design risk management as required in accordance with Regulation 9

Louvers will be provided on appropriate signal heads to reduce the see-through effect. This will be assessed and considered at detailed design stage.

P04	03.03.21	Amended to address RSA1 comments. Zebra crossing replaced with Toucan crossing.	JW
P03	08.02.2021	Cycle bollards removed and give way line added, more added	LS
P02	22.10.20	Pedestrian crossing changed to retain non-staggered arrangement. Advanced stop lines added to north and south arms. Kerblines amended to follow existing where possible.	NS
P01	28.09.20	Drawing Number changed due to conflict. Segregated footway/cycleway added to both sides of carriageway	NS
