## Appendix 4 INTERNAL AUDIT

# Infrastructure: Council Wholly / Partly-Owned Entities Governance Self-Assessment DRAFT Briefing Note

#### A. Executive Summary

#### **Background and Methodology**

This self-assessment review was instigated by Internal Audit to support the Council in evaluating the adequacy of its control framework relating to the following wholly or partly-owned entities:

- BCP FuturePlaces
- Bournemouth Development Company LLP (a 50:50 partnership between BCP Council and Muse Places, a Morgan Sindall Group company)
- Bournemouth Building & Maintenance Limited
- Seascape Group Limited (including its subsidiaries Seascape South Limited and Seascape Homes and Property Limited)

This work was based on the principles outlined in the 2021 "Local Authority Company Review Guidance" published by Local Partnerships (a joint venture between HM Treasury, the Local Government Association and the Welsh Government), the aim of which is to provide guidance to Local Authorities in ensuring that their company "governance structures and processes for managing risk are sufficiently robust" and that "the entities are meeting Councils' expectations, delivering real benefits and providing value for money".

Self-assessment checklists were created for completion by relevant officers focussing on two different perspectives:

- 1. Client Side: The Council's governance arrangements for overseeing its wholly-owned entities and holding them to account
- 2. Entity Side: Establishment of effective governance arrangements within the entities themselves

#### Key Findings

Checklist responses and associated future actions proposed by officers have been collated and summarised in Section B below and, along with additional recommendations made by Internal Audit, form the basis of the action plan set out in Section B. They have formed an input to the Council's 2022/23 Annual Governance Statement and, going forward, will be used by officers to strengthen governance arrangements and by Internal Audit to inform future risk-based audit planning.

Appropriate officers could not be identified to complete the client-side self-assessment checklists for the two Housing companies (BBML and Seascape Group) following the departure of the extant Director of Housing and other subsequent changes in senior personnel. This issue has been raised with the Director of Housing & Communities and a recommendation has been added to Section B accordingly.

The Director of Regeneration and Company Secretary completed the remainder of the checklists and have left the organisation since the self-assessment was completed. The Head of Delivery – Regeneration has taken over the client-side responsibility for FuturePlaces and Bournemouth Development Company, reporting to the Director of Infrastructure. The Head of Democratic Services is now responsible for ensuring that the Company Secretary duties are fulfilled.

Additionally, since the self-assessments were completed, a decision was made by Cabinet in September 2023 to close the BCP FuturePlaces company and bring its development and investment

activities in-house by the end of March 2024. In view of this, actions arising from the self-assessment are included here for completeness but are for information only.

#### Updated Guidance

In July 2023 the <u>Local Partnerships guidance</u> was updated, placing greater emphasis on the importance to the Council of ensuring that the strategic fit, risks, benefits, structures, financial and governance arrangements for of any proposed new entity is subject to rigorous consideration prior to approval, supported by a robust, comprehensive and credible business case.

Likewise there is stronger focus on the need for the Council to review these arrangements on a regular ongoing basis and to ensure that the entities continue to deliver in accordance with the initial business case and subsequent annual business plans. Emphasis is also placed on the need to ensure that the entity's objectives and operations remain consistent with the Council's corporate strategy and that they are appropriately taken account of within the Council's oversight, audit, risk management, scrutiny and decision-making arrangements with suitable, sufficient and timely reporting and escalation of risks and issues.

Accordingly revised checklists have been produced with additional supporting guidance notes where appropriate and should be used for any future review or assurance work. These are set out in Section C - Appendices of this report.

| 3. Council Oversight, Scrutiny and Governar   | nce Framework<br>e Council should regularly undertake an objective assessment of how succ   | essfully each | entity supp  | orts its policies | and strateaies.    |

The appropriate time for such a review will depend on the nature of the entity but such matters should be considered as part of the annual business planning and budget setting process, with in-depth reviews carried out every three to five years as appropriate"

It also notes the following governance roles to be undertaken by the Council:

- "Intelligent Client: an individual or group of individuals (working as or on behalf of the shareholder) who are tasked with ensuring that the Council gains the desired outcomes from its arrangements with the entity. Specifically, they need to be able to challenge the entity, holding it to account using performance data to ensure there is clarity about what is being provided for the Council and whether it meets expectations
- Council Chief Executive, Section 151 Officer and Monitoring Officer need to be engaged regarding the ongoing purpose and performance of entities. This could be achieved by attending Shareholder Committee meetings as an observer"

Section 6 of the guidance sets out the key documents required to undertake a review of a company's governance structures, processes for managing risks and performance against the Council's expectations.

Section 7 sets out guidance to be followed by Councillors:

- When approving business cases
- When fulfilling the shareholder function
- As a member of the Audit & Governance Committee
- As a member of a scrutiny committee
