

Appendix 7 – HRA Delivery Plan

This Delivery Plan sets out the key actions for the Housing Revenue Account (HRA) for 2024/25. It includes actions to be completed by BCP Homes but also by others who deliver services through the HRA for residents.

The actions are linked to BCP Council's new Corporate Strategy which sets out two key priorities:

Our Place and Environment: Vibrant places where people and nature flourish, with a thriving economy in a healthy, natural environment.

Our People and Communities: Everyone leads a fulfilled life, maximising opportunity for all.

The new strategy also sets out the aim to be an open, transparent and accountable council, putting our people at the heart of our services.

This plan also supports specific ambitions within the new strategy and the new regulatory requirements as set out in the Regulator of Social Housing new consumer standards.

The Housing Strategy sets out our vision to provide a **safe, secure, and sustainable** home where it is needed and thereby enabling people the opportunity to **live well**.

The Delivery Plan will also support the council's priorities through the Housing Strategy:

1. Meeting future growth needs.
2. Preventing homelessness and rough sleeping.
3. Improving housing options, opportunities, and choice for all.
4. Empowering and co-creating neighbourhoods where residents wish to live and be part of the community.
5. Improving safety and sustainability across Bournemouth, Christchurch, and Poole's housing.

The Delivery Plan is a live document and will be updated as progress is achieved, priorities change, or new priorities emerge.
