

BOURNEMOUTH, CHRISTCHURCH AND POOLE COUNCIL

Review of Community Governance Arrangements within the Bournemouth, Christchurch and Poole area

Terms of Reference

Introduction

Bournemouth, Christchurch and Poole Council is conducting a Community Governance Review of the whole of the Bournemouth, Christchurch and Poole Local Authority area in accordance with Part 4 Chapter 3 of the Local Government and Public Involvement in Health Act 2007. The Council is required to have regard to the Guidance on Community Governance Reviews issued by the Secretary of State. This guidance was considered when drawing up the Terms of Reference (TOR).

What is a Community Governance Review?

A Community Governance Review offers the opportunity to put in place strong, clearly defined boundaries, tied to firm ground features and to remove any anomalous parish boundaries. It can take place for the whole or part of the District to consider one or more of the following:-

- Creating, merging, altering or abolishing parishes;
- The naming of parishes and the style of new parishes;
- The electoral arrangements for parishes (the ordinary year of election; council size, the number of councillors to be elected to the council, and parish warding); and
- Grouping parishes under a common parish council or de-grouping parishes.

The Council is required to ensure that community governance within the area under review will be reflective of the identities and interests of the community in that area; and is effective and convenient.

In doing so the community governance review is required to take into account:-

- The impact of community governance arrangements on community cohesion; and
- The size, population and boundaries of a local community or parish.

The aim of the review is to consider and bring about improved community engagement, better local democracy and efficient, more effective and convenient delivery of local services and ensure electors across the whole District will be treated equitably and fairly.

Why undertake this Community Governance Review

This review is taking place partly in response to informal calls for a review of parish arrangements across the Bournemouth, Christchurch and Poole area and partly as it is overdue. Government guidance advises that a review should be undertaken every 10–15 years and there has been no full review of majority of the area within this period.

The Council believes that parish councils could play an important role in terms of community empowerment at the local level and wants to ensure that parish governance within the District is robust, representative and enabled to meet new challenges. Furthermore, it wants to ensure that there is clarity and transparency to

the areas that parish councils represent and that the electoral arrangements of parishes – the warding arrangements and the allocations of councillors – are appropriate, equitable and readily understood by their electorate.

Areas to be reviewed

The Community Governance Review includes the whole of Bournemouth, Christchurch and Poole Council area.

Who will undertake the Review?

Bournemouth, Christchurch and Poole Council is responsible for conducting the review. The Council has established a task and finish group which will be responsible for making both draft and final recommendations during the process. In coming to its recommendation in the Review, the Council will need to take account of the views of local people. A full consultation process will form part of the Review to ensure that the views of local people are captured.

The Council will publicise the review by displaying a notice at the Civic Offices, placing articles on the Council's website, via social media channels and other appropriate routes. The Council will also write to all existing parish and town councils, the Dorset Association of Town and Parish Councils, Councillors, the MPs, and neighbouring councils.

The Council will be required to approve the final recommendations prior to the Community Governance Order being made.

Timetable for the review

A timetable for the review is attached herewith. The programme and timeline may be adjusted after representations have been received by local people and interested bodies in response to the initial public consultation. This will allow the Council a degree of flexibility in the interests of ensuring that it manages the review process efficiently. Any adjustments to the programme and timetable will be approved by the Council and published on its website.

Electorate forecasts for the District

The Review will be conducted using electoral data taken from the September 2024 electoral register.

When the Council comes to consider the electoral arrangements of the parishes in its area, it is required to consider any change in the number or distribution of the electors which is likely to occur in the period of five years beginning with the day when the review starts. Electorate forecasts will be prepared by the Council using extant planning permissions and the Local Plan to project the five-year electorate forecast.

These forecasts will be made available to all interested parties as early as possible in the review process in accordance with the government's guidance so that they are available to all who may wish to make representations.

Representations

Bournemouth, Christchurch and Poole Council welcomes representations from any person or body who may wish to comment or make proposals on any aspect of the matters under review. Representations should be submitted via the Council's website at www.bcpccouncil.gov.uk/CGR, by email to cgr@bcpccouncil.gov.uk or in writing addressed to: Head of Democratic Services (CGR), Civic Centre, Bourne Avenue, Bournemouth BH2 6DY.

All initial representations must be made by 19 January 2025.

The Council will consult with the local government electors for the area under review and any other person or body who appears to have an interest in the Review and take the representations that are received into account by judging them against the criteria in the Local Government and Public Involvement in Health Act 2007.

All representations received will be published, as will the reasons for accepting or rejecting any such representations. In accordance with the Act, representations received in connection with the Review will be taken into account, and steps will be taken to notify consultees of the outcome of the Review.

How will the results be disseminated?

The Council will publish full details on the Council's website; press releases will be issued at key points and key documents will be on deposit at the civic offices.

This Review is deemed to have commenced on the date of this Notice
