

Doorstep Play

Typical play features and activities:

Positioned beside a pedestrian route that is well used and provides level access.

A well drained, reasonably flat grassed area or surfaced area for play.

Seating for parents and carers.

Features that allow children to identify with and encourages playful behaviour, such as:

- rocks and logs for low level balancing, and climbing
- planting for scent, colour seasonal change and to attract wildlife
- ground modelling
- sculptural elements

Role play/
Imaginative play

Low level balancing

Sensory planting

Local Play Area

Area for games and free play

Tree planting for shade and wildlife

Swinging

Multi-play unit for older children

Rotating

Multi-play unit for younger children

Agility trail - climbing/Overhead play

Rocking/ social play

Balancing

Role play/ imaginative play

Grassy meadows

Typical play features and activities:

Equipment to provide opportunity for:

balancing, rocking, climbing, overhead play, sliding, swinging, jumping, crawling, rotating, imaginative play, social play, and play with natural materials such as sand and water, or other activities.

Natural play including rocks and logs for low level balancing, and climbing.

Adequate space to allow children to be generally active and play chase type games.

The number and nature of equipment and structures is a matter for local consultation and decision, although provision for a minimum of six play experiences is recommended.

Neighbourhood Play Space

Gym bars

Table tennis

Hard standing for ball games

Zip wire

Larger multi-play unit for a range of ages

Bir's nest swing

Typical play features and activities:

Equipment as per Local Play Space, but with a wider range and a greater focus on older children and some 12 years+.

This may include:
Fitness equipment, special seating areas, performance spaces, zip wires, provision for table tennis and equipment that allows for climbing at greater heights.

The number and nature of equipment and structures is a matter for local consultation and decision, although provision for a minimum of 10 play experiences is recommended.

Cone spinner

Larger green space for games or recreation

Provision for skating

Social seating for teenagers

Multi-play and Wheeled Play

Typical play features and activities:

Traditionally, youth provision focused on Multi-use games areas (MUGA's). BCP Council encourages the combination of a range of facilities to ensure an inclusive provision.

This could include:

- Sports and recreation space with open access, such as a ball court, basketball court, multi-use games area
- Small skatepark, bike park, or other wheeled facility
- Fitness trails or other age-appropriate equipped areas
- Parkour and climbing walls
- Outdoor stage/performance space
- Social seating areas

Destination Play Space

A destination play space, such as a themed playground or a skate and wheeled play hub, is a large, bespoke-designed area to attract visitors from a wider region.

Innovative design and technology

For the whole family or large groups; and in a special setting or key location

Typical play features and activities:

These play spaces encourage family visits and larger groups by offering a variety of interactive elements suitable for people of all ages and abilities.

Key Requirements:
A strong design theme inspired by local heritage or context, reinforcing a sense of place.

Large play spaces featuring themed adventure equipment that accommodates multiple generations and sensory needs, fostering community connections.

Inviting outdoor areas that encourage social interaction, relaxation, and longer stays.

Amenities such as cafes, accessible toilets, and changing facilities for disabled people to support longer dwell times.
