# THE BEACH HOUSE MUDEFORD, SANDBANK, CHRISTCHURCH BH6 4EW APPLICATION FOR REVIEW OF PREMISES LICENCE

#### WITNESS STATEMENT OF KIMBERLY JOHN SLATER

#### Personal details

My name is Kimberly John Slater. I am familiarly known as Kim. I was born in 1951 and have worked in the licensed hospitality trade for 46 years.

I have been a Director, Designated Premises Supervisor (DPS), and Licence Holder for multiple premises across the south of England, including within the Bournemouth, Christchurch and Poole (BCP) area. No licence that I have held, or licensed premises I have been involved with, have ever been reviewed.

I obtained my first premises licence in 1978 when I purchased The Starre Inne in Christchurch. Since then, I have owned and operated a number of well-regarded, family-friendly venues with a focus on food and community engagement. My three core sites in recent years have been:

- The Beach House, Mudeford (since 2004)
- The Boathouse, Christchurch (since 1998)
- SOBO Beach, Southbourne (since 2022)

All three have excellent reputations and are well integrated within their local communities.

#### The Beach House

In 2004, Beach House (Mudeford) Limited, of which I am the sole director, took a lease of the premises known as 'Beach House Cafe' from BCP Council. The lease was renewed in 2015 and expires in 2029.

I purchased the existing business as a going concern and over the next 14 years I developed it into a well-regarded coastal dining venue, known especially for its fresh, locally sourced seafood and family friendly atmosphere. I produce an album of 11 photographs of the Beach House operation (before the fire of 2018) as exhibit **KJS/1.** 

The Beach House sits in the heart of a highly social and family-oriented public beach. The surrounding Sandspit area includes approximately 400 privately-owned beach huts, regularly used by local families and rented out to holidaymakers. On busy days, thousands of visitors arrive via ferry, land train, on foot, or by bicycle, creating a naturally lively environment. Many hut owners/renters enjoy drinks and food outside their huts. Music is played inside and outside the huts. The 'party atmosphere' generated by some huts can extend late into the night.

#### **Licensing History**

When I took over The Beach House, the business was operated under two licences: one in respect of the café/restaurant, and the other in respect of the attached off-licence. I understand that remains the position today. In 2005, the licences were 'converted' into premises licences under the Licensing Act 2003.

I am the DPS under both licences, which are in the names of Macemade Limited. My three daughters are directors of Macemade Limited, including Danielle Matthews, who will represent the company at the review hearing.

#### The Fire in 2018

In **November 2018**, the café was forced to close as a result of severe fire. This had two related, but different consequences. Firstly, a temporary structure had to be put in place if we were to resume trading; and secondly, proposals had to be drawn up for a new, permanent structure. Each arrangement would require its own planning and licensing consent.

So far as the temporary arrangement is concerned, I worked closely with both Christchurch Council and later BCP Council. It was agreed that food and alcohol could be supplied from three converted shipping containers placed within the footprint of the site. The roof had been damaged beyond repair and what was left of it had to be demolished for safety reasons. I produce 2 photographs of the damage as exhibit **KJS/2**.

Planning permission for the temporary structure was granted accordingly. The existing premises licence for the café was also varied to substitute an amended plan to reflect the new structure. There was no change in the licensable activities, hours of operation or licence conditions. I produce the amended plan at exhibit **KJS/3**.

The rebuild of a permanent site has been delayed by factors beyond our control. As landlords, BCP Council proposed a new modern design and applied for planning permission on 20 March 2020. I produce an outline of the proposal as published on the Council's website as **KJS/4**. The proposal was strenuously objected to by beach-hut owners and was withdrawn before going to committee.

A like-for-like build was then submitted by BPC and approved on 5 October 2021. After a lengthy consultation with hut-owners and the broader community, we made an application for a further improved design on 5 April 2022, and this was approved on 15 December 2022.

We had hoped the Council would start construction on the new plans as quickly as possible, but the build cost (approximately £1.4 million) was prohibitive – it transpired that the Council had inadvertently under-insured the premises and there was only some £300k in the budget for the rebuild. Despite our offering to pay a level of rent that was 30% higher than market value, the works did not go ahead. The Council reached out to us for an alternative proposal, they having run out of options.

In order to get things moving, there seemed to me to be no commercial choice but to assume financial responsibility for some of the re-build. An arrangement was agreed for us to 'top-up' the Council's £300k insurance funds with our own money, in return for paying a lower rent on the site. Accordingly, we procured a new design using the same external presentation as already approved, but with an open roof and (in order to bring the costs down) shipping container construction for the rear of the cafe. We applied for planning permission on 21 May 2025. Inevitably perhaps, objections were received from a number of beach hut owners, but the application was approved on 23 October. I do not yet have the formal written decision, but hope to have it by the review hearing.

#### The way forward

Application has yet to be made for a premises licence for of the new-build authorised on 23 October 2025. I have been advised that we should apply for a 'provisional statement' before committing to any building works. When the works are complete, or near complete, we will apply for a premises licence in accordance with the provisional statement. It is difficult to predict a date for the conclusion of these processes, having in mind the history of objections and the long delays caused by them.

In any event, and to avoid disruption to a tourist destination in the summer season, our intention is to commence construction in October 2026, to be completed in time to open the new Beach House the following spring.

#### Representations against the Beach House

It cannot be without significance that of the 400+ beach hut owners and the many thousand local residents consulted, only 24 representations supporting this review have been received. I do not accept the picture they paint. The complaints about isolated incidents are exaggerated, unfair and do not reflect the day-to-day operation of the Beach House. The overall impression given is wholly at odds with the evidenced experience of most beach hut owners and visitors.

On 13 October 2025 posted a petition on Facebook and Instagram in response to the current licence review. The preamble stated –

We know many 'Hutties' disagree with the decision of the MSBHC to call for this review, and whilst they are organising objections from the disgruntled minority, we want to give the happy majority the ability to submit their views too.

You can either write personally to the `licensing team at <a href="licensing@bcpcouncil.gov.uk">licensing@bcpcouncil.gov.uk</a> to submit your views, or fill out the form below to join our petition

The petition received over 570 signatures before it was it was taken down on 16 October, with strong support from beach hut owners as well as the broader community. I respectfully ask the Licensing Sub-Committee to glance through all the comments made, but examples are -

#### Simon Vivian - Hut Owner:

"As a huttie and father of children who have grown up on the beach — and who have worked at The Beach House — I've never had safety concerns caused by its operation. It's busy, but no more so than any other popular venue."

#### **Brian Nicholas - Hut Owner:**

"The Beach House offers great facilities — where else are visitors supposed to go to sit by the water and enjoy refreshments?"

#### **Andy & Helen Golding - Hut Owners:**

"As a local resident and beach hut owner I can't understand the push back on this. The sandspit is an area for all to enjoy and the beach house café bar and shop make it better for us all and we are lucky to have such a great facility. The benches do not look out of place and are well used and enjoyed."

#### Laura Campbell:

"The claims made by the MSBHA are ridiculous. The Beach house café is a welcome service to all guests and visitors and does not pose any threat or harm as suggested. As a frequent visitor to the spit, and with friends who are hut owners, I totally support this business to continue its operations."

#### Lisa Goodwin:

"I have never seen any anti-social behaviour when visiting. I live locally and walk there weekly throughout the year."

#### **Chris Wicks:**

"I cannot believe anyone could suggest the beach house fails in its duty to protect minors. It is an amazingly friendly family venue."

I produce the Petition as exhibit KJS/5.

Photographs produced by some of the objectors present a one-sided, worst-case scenario. So that there is a more balanced picture before the Sub-Committee I produce a bundle of 10 recent photographs as exhibit **KJS/6.** 

#### The impact of Covid

As I have mentioned, the Beach House has long enjoyed an 'off-licence' facility in separate but attached premises. I produce the off-licence for the Beach house as **KJS/7**. For years, visitors and hut owners have purchased bottled and canned drinks there and taken them to the various benches (near and far) to sit and consume them.

During the Covid Pandemic, and to encourage the use of outdoor spaces, the government relaxed any restrictions on licensed restaurants and bars that prevented the sale of alcohol in open containers for consumption off the premises. In September 2023, the government extended this relaxation until 31 March 2025.

It is perfectly apparent that Beach House customers became very used to taking advantage of this relaxation, and I am aware that many still take drinks outside the Beach House in open containers. Although I do not believe they cause any genuine problems in so doing, and although I am told that government guidance is supportive of a continuance of this practice by way of minor variation of licences, as an interim measure we will use our best endeavours to ensure that customers served alcoholic drinks in open containers in the Beach House do not take them from the premises. I have been advised to have notices to that effect at all exit points, and retrain staff as to the strict position in law.

#### The impact of having no roof

I can understand and accept that from the re-opening the Beach House in 2019 there has been a vulnerability to noise-nuisance that is quite different from the position when there was a roof over the enclosed building. I firmly believe, however, that having regard to the fact that this is not a residential area (in the usual sense of those words), and that the spit is a popular tourist destination, our provision of live and recorded music has been reasonable. There are no music-nuisance complaints from the majority of hut owners, and none (so far as I am aware) from anyone else.

That said, and as much for our protection as anyone's, I would be happy for a sound-compressor to be installed in the Beach House, to address the fact of the 'open air' construction of the Beach House. Accordingly, I offer these conditions, the final wording to be agreed:

A sound compressor must be installed on the premises' amplification system and maintained in accordance with the following criteria:

- (a) The compressor must be set at a level determined by and to the reasonable satisfaction of an authorised Environmental Health officer and in consultation with the premises licence holder, so as to ensure that no noise nuisance is caused.
- (b) No electrical sound-generating equipment shall be used on the premises without being routed through the sound compressor.

I believe that throughout our long trading history we have demonstrated consistent responsibility, integrity, and commitment to upholding the licensing objectives. Until this review, it has never been suggested otherwise. Indeed, looking at the representations against us (i.e. supporting this review), there seems to have been nothing but praise for our operation before the fire of 2018.

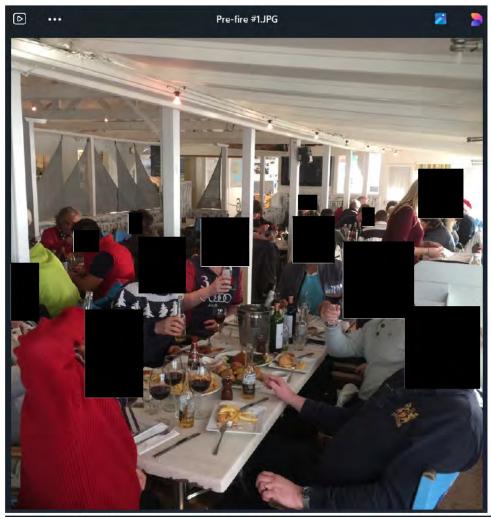

The current issues stem from the temporary structure and the licensed use of that structure since we re-opened in 2019. This review concerns how the premises should be licensed, pending a permanent solution for the re-built Beach House. I hope that by the imposition of the above conditions, and the better control of customers attempting to leave the café with drinks in open containers, a sensible interim position can be achieved pending the issues being more comprehensively examined on the application, as yet to be made and determined, for a premises licence for the new permanent structure.

### **Mudeford Beach House Café**

The Mudeford Beach House Café is a popular amenity for local people, visitors and those staying in beach huts.

The original building was extensively fire damaged in 2018 and proposals have been drawn up to replace the current temporary facilities with a modern low-rise design. This is a £1 million scheme, funded by insurance and topped up by affordable borrowing.

The new café will be accessible and incorporate sustainable elements into the design, while providing much-needed facilities which fit sympathetically into this Site of Special Scientific Interest (SSSI).

We will make our coastline an area of international renown for the quality and welcome of its hotels and we will make our restaurants and hospitality industry famous for the quality and imagination of their food and the excellence of their service.

				I am a frequent walker and visitor to the Sandbank; and customer of the Beach House. The
			13	venue provide a very welcome and valuable service to all members of the public; and hut dwellers; and particularly welcome four legged friends and families. They operate in a

				With the access to the Sandbank being limited to walking and in the winter months only weekends supported by the ferry; we need to get behind these businesses in these challenging economic times.

					I'm signing this because the Beach House is such a big part of what makes Mudeford special. It's a place where everyone's welcome "families; locals; and visitors " to enjoy views; the food; and the relaxed atmosphere.
					The team there really care about the area. They keep it clean; create local jobs; and he make the sandbank such a friendly; safe spot for everyone.

How lucky are we to have such a lovely place to visit in this area of local beauty.  I disagree with all the points raised in the MSBHS assessment.  The Beach House Mudeford has been part of the unique ambience of Mudeford Spit for so long; and I've enjoyed many superb occasions with my family over the years. I always feel my kids are safe when we are there and the staff have always been so nice. I hope it continues; as I love it  My family and I have loved the Beach House for generations; in all its various guises. We are very local and spend much of our time on the Spit. Although we can't afford a beach hut; the Beach House provides us; and many other multi-generational families; with a welcoming place to enjoy refreshments; meals; and ice creams without having to lug everything across the beach ourselves.  The Beach House plays an essential role in keeping the Spit accessible and enjoyable for everyone; not just for those with private huts or boats. It's one of the few places where local families, walkers; and visitors can relax responsibly and feel part of this unique coast community.  The management has always been responsible; friendly; and mindful of the environment. We have never experienced noise or disruption just good food, good service; and a lovely community atmosphere. 			We have been coming to Mudeford Spit for years with our children. We love the walk both along the beach or up over the head. Stopping for a pit stop at the Beach House followed by the walk back through the nature reserve. We dream of owning a beach hut; but they are way out of our reach. The walks and the Beach House let us share a little of what the

196 13/10/2025 17:08 Jeanne edwards			We strongly feel like the benches should stay. We as a family walk down this stretch many times during the year; and having gone through major back surgery it is very useful to be able to rest now and again white taking in the sights of this beautiful landscape. If you compare it to a very similar stretch of coastline just up the road âcœThe Sandbanks Peninsula âcœ in Poole; there are so many benches to sit on in-front of beach huts and in similar surroundings. The elder generation and people with walking disabilities would also struggle with not being able to stop and rest along the way.  We hope they will reconsider their decision and keep the benches/seating in position and i anything; include more.

				This is an area of outstanding natural beauty that locals and visitors alike treasure. We go there every weekend and always bring friends and family it's a special place that attracts people who want to enjoy the stunning views; peaceful atmosphere; and a well-earned glass of wine after a long walk.
				If the licence were revoked; it would completely change the experience. Many people mak the 30-minute walk specifically because they know they can relax at the bar at the end it's part of what makes the area so special. Without that; visitors would simply stop coming. The bar would lose staff; the ferry would lose sustom; and the whole area would suffer economically and socially.
				I've never seen any antisocial behaviour or safety issues in all the times I've visited just families; friends; and walkers enjoying themselves respectfully. Removing the licence woul punish a responsible; well-run local business that has been part of the community for years; and it would unfairly impact everyone who loves and supports the area.

This is a family friendly place with a chilled; friendly and inclusive vibe and the easygoing environment sets it apart from many other licensed premises. After taking the walk up to Hengistbury Head and heading onto the spit; it is a godsend to have somewhere pleasant to sit and relax for awhile; away from the masses. It would be a shame if this was taken away at the behest of an entitled few; who seem to want to make the spit exclusive for themselves.  The baach house adds tso much value to Mudeford spit. Itt provides a social and community hub that adds to the holiday feel of Mudeford spit whether staying as a butter

The Beach House provides a welcoming: family-friendly environment where people of all ages can relax; eat; and enjoy the beauty of the coast together. Children are safe; well looked after; and always treated with care and respect both by and in the Beach House as my husband and I have seen over many years of regular visits. In truth; any risks come not from the Beach House but from the belongings of the beach huts left carelessly lying around by the owners of the huts. There is a little bit of me that believe that it is quite possible that this application has been made because The Beach House attracts more people to the spit and the beach huts owners would like them to go awayl. To remove or restrict the Beach House licence would be a travesty. It would show a lack of understanding of what makes this area so special not only to Mudeford; but to the wider local economy. The Beach House has revitalised the sandbank; creating jobs; supporting local suppliers; and offering a joyful; inclusive space that truly belongs as it should to everyone.

507	14/10/2025 15:17 Nicola Blacker		YES	Inclusion and diversity is such a buzzword these days and perhaps the committee should look at this before they take these actions. The revenue from the train and the ferry also helps fund the local area and find it incredibly short sighted that other businesses would potentially also suffer from the loss of income if visitors donâc <sup>w</sup> t come due to lack of facilities. Please donâc <sup>w</sup> t let a few people spoil it for the rest of us and just because they were democratically (I presume) voted to their important positions on the committee perhaps they should consider the wider implications of their actions. I chair a community group in my village and we always look at the wider picture and include everyone in our decisions which clearly is not happening in this case. I have no connection with the restaurant but strongly feel that this is not fair to business people trying to run a business in such difficult times.

			call for a review of its licence.  The Beach House is an outstanding; well-managed facility that brings life; energy; and genuine community spirit to this part of the coast. It has become a valued destination for local residents and visitors alike; offering a safe; welcoming; and family-friendly environment that enhances the area for everyone.  It is important to note that while beach hut owners may own their huts; the beach and surrounding area are public spaces and should remain accessible to all. The suggestion that the Beach House poses any risk to public safety or to children is entirely unfounded. Havin visited regularly for many years; I have always found it to be responsibly run; with a friendly and respectful atmosphere.  I believe it is also worth the Committee considering whether the motivation behind this review may be less about genuine public concern and more about a desire by a small number of hut owners to reduce the number of visitors who now enjoy the area. The Beach House attracts people to the sandbank; but it does so in a positive way &C" encouraging responsible use of a beautiful public space that should be open to everyone; not reserved for a privileged few.  Far from being a problem; the Beach House contributes significantly to the character and vitality of the sandbank. It supports local employment; brings revenue into the area; and provides a sense of shared enjoyment that reflects the best of coastal community life.  To remove or restrict its licence would be both unfair and short-sighted. It would penalise well-run business that enriches the area and benefits the wider community; simply to satisfy the objections of a minority who appear reluctant to share a public space.  I therefore urge the Licensing Committee to recognise the Beach House as the valuable community asset it is, and to allow its continued operation under the existing licence

Mr Kimberley John Slater

#### Annex 1 - Mandatory conditions

#### Mandatory Conditions (Sections 19,20,21 LA 2003)

- 1.1. There shall be no sale or supply of alcohol when there is no designated premises supervisor in respect of this premises licence or at a time when the said premises supervisor does not hold a personal licence or when his/her licence is suspended.
- 1.2. Every supply of alcohol under the premises licence must be made or authorised by a person who holds a personal licence.

#### The Licensing Act 2003 (Mandatory Licensing Conditions) (Amendment) Order 2014

1.3.

- 1. The premises licence holder or club premises certificate holder must ensure that an age verification policy is adopted in respect of the premises in relation to the sale or supply of alcohol.
- 2. The designated premises supervisor in relation to the premises licence must ensure that the supply of alcohol at the premises is carried on in accordance with the age verification policy.
- 3. The policy must require individuals who appear to the responsible person to be under 18 years of age (or such older age as may be specified in the policy) to produce on request, before being served alcohol, identification bearing their photograph, date of birth and either
- (a) a holographic mark, or
- (b) an ultraviolet feature.

#### The Licensing Act 2003 (Mandatory Conditions) Order 2014

1.4.

- 1. A relevant person shall ensure that no alcohol is sold or supplied for consumption on or off the premises for a price which is less than the permitted price.
- 2. For the purposes of the condition set out in paragraph 1 -
- (a) "duty" is to be construed in accordance with the Alcoholic Liquor Duties Act 1979;
- (b) "permitted price" is the price found by applying the formula —

$$P = D + (D \times V)$$

Where -

- (i) P is the permitted price,
- (ii) D is the amount of duty chargeable in relation to the alcohol as if the duty were charged on the date of the sale or supply of the alcohol, and
- (iii) V is the rate of value added tax chargeable in relation to the alcohol as if the value added tax were charged on the date of the sale or supply of the alcohol;
- (c) "relevant person" means, in relation to premises in respect of which there is in force a premises licence -
- (i) the holder of the premises licence,

- (ii) the designated premises supervisor (if any) in respect of such a licence, or
- (iii) the personal licence holder who makes or authorises a supply of alcohol under such a licence;
- (d) "relevant person" means, in relation to premises in respect of which there is in force a club premises certificate, any member or officer of the club present on the premises in a capacity which enables the member or officer to prevent the supply in question; and
- (e) "value added tax" means value added tax charged in accordance with the Value Added Tax Act 1994.
- 3. Where the permitted price given by Paragraph (b) of paragraph 2 would (apart from this paragraph) not be a whole number of pennies, the price given by that sub-paragraph shall be taken to be the price actually given by that sub-paragraph rounded up to the nearest penny.
- 4. (1) Sub-paragraph (2) applies where the permitted price given by Paragraph (b) of paragraph 2 on a day ("the first day") would be different from the permitted price on the next day ("the second day") as a result of a change to the rate of duty or value added tax.
  - (2) The permitted price which would apply on the first day applies to sales or supplies of alcohol which take place before the expiry of the period of 14 days beginning on the second day.

<u>Mandatory Conditions – (Embedded Restrictions) – Attached as part of Conversion Application under Transitional Grandfather Rights Off Licences</u>

- 1.5. Alcohol shall not be sold in an open container or be consumed in the licensed premises.
- 1.6. The abovementioned restrictions on the times permitted to sell alcohol do not prohibit the sale of alcohol to a trader or club for the purposes of the trade or club.
- 1.7. The abovementioned restrictions on the times permitted to sell alcohol do not prohibit the ordering of alcohol to be consumed off the premises, or the despatch by the vendor of the alcohol so ordered.
- 1.8. The abovementioned restrictions on the times permitted to sell alcohol do not prohibit the sale or supply of alcohol to any canteen or mess, being a canteen in which the sale or supply of alcohol is carried out under the authority of the Secretary of State or an authorised mess of members of Her Majesty's naval, military or air forces.
- 1.9. The licensee shall have regard and comply with any relevant provisions of the following enactments during any licensable activities taking place on the premises: -
  - 1.9.1 Children and Young Persons Act 1933

# APPLICATION FOR REVIEW OF A PREMISES LICENCE THE BEACH HOUSE MUDEFORD, SANDBANK, CHRISTCHURCH BH6 4EW

# WITNESS STATEMENT OF RICHARD JAMES SLATER

My name is Richard James Slater. I was born on master's degree in forensic science, and from 2012 to 2016 I was a director of Belle Pub Company Limited. For the last 27 years I have worked in the license trade. I am no relation to Kim Slater, but have worked for him on and off for 25 years at various sites. I have been a personal licence holder since 2004 and between 2012-2015 I was Designated Premises Supervisor of The Marches, Ludlow.

The Beach House operates throughout the year, albeit with a much reduced clientele in the winter, when we're at the whim of the weather, and we close before sunset each day. There are no beach hut residents through the winter and ferry operations are reduced, so we mainly cater for dog walkers and joggers.

#### Events at the Beach house

We sell more Coffee and Sausage Rolls through winter than anything else, with no "events" apart from possibly something around Christmas if the weather permits – such as a solo guitarist on the afternoon of Christmas Eve, No Christmas event has been booked for this year, pending a determination of this review.

In the summer months we have live singers performing most Saturday afternoons, between 1-4 pm. The summer schedule this year ran from 5 July to 23 August. We also schedule similar events on bank holiday Mondays. As an example of this kind of event, I produce a video of the performer on 26 May 2005 (taken at around 2:00) as exhibit **RJS/1.** I also produce as exhibit **RJS/2** a 'walk around' of the Beach House recorded on 6 September.

There is also recorded music 'hosted' by a DJ every Sunday, again between 1-4 pm. This is not loud music, and although I know some hut owners do not like it, others do, and I find it hard to believe it causes what can be fairly called a public nuisance.

In the past year we have held three "seafood nights": 31 July, 14 August and 4 September. These are Thursday evening events and cease at 11:00. I produce as exhibit **RJS/3** an album of 3 photographs, to give an idea of these seafood occasions. The first two nights were accompanied by background music, and there were live singers for the 4 September 'end of season' seafood night.

I ran the first Rum n' Reggae party on 8<sup>th</sup> June 2019 as our 'start of season' party. The event was run smoothly, it was well managed, and there were no incidents. It finished at 7pm. There were complaints from some of the closest hut owners to the effect that we were not licensed to provide music. I explained to them that we were permitted to have live and recorded music until 11:00 pm, and that the Rum n' Reggae party was scheduled to end at 7 pm. I am unaware of any substantiated noise complaints to the council about this event. It was a one off party that, indeed, finished at 7pm.

It is traditional to have two events each year (weather permitting), to mark the start of the summer season and the end of it. They are afternoon events, and very popular. This year, the 'start of the season' event was a Rum 'n Reggae party on 1 June, at which there was recorded music hosted by a DJ. It ended at 7:00 pm. The 'end of season' event had to be cancelled this year due to adverse weather.

The only other event that needs to be addressed is the party held on 22 August this year. It was a 40<sup>th</sup> birthday party for one of the hut owners, Jim Cregan. He has provided me with the details of this event in an email dated 21 October. He writes –

My name is Jim Cregan, I'm a hut resident and have been for 9 years at number 143.

We have lived at the hut for 4 months this year with our 3 children. We have used the beach house as a pit stop for pizza and drinks numerous times this year, using the benches as a wonderful place to unwind and take in the views.

It was my wife's 40th birthday this summer and we celebrated this occasion at the beach house with many other hut owners and members of the public. We played music until 11pm and enjoyed the food and drinks offering that the beach house had to offer. The staff were incredible and made us aware that we needed to turn music off and leave respectfully by 11pm.

An occasion like this was a real treat for us and other hut owners and we would love to think we might be able to do it again in another decade.

All the very best,

Jim Cregan

I produce Jim Cregan's email as exhibit RJS/4

#### <u>Planning</u>

As Operations Manager for the company, I have overseen the planning process for the company, liaising with council officers, planning advisors, and architects (both council contracted architects and our own) to obtain three planning permissions for the site to enable its reconstruction. I have also liaised directly with Darren Pidwell and Claire Bath, Chair and Vice-Chair of the MSBHC throughout this process.

After the fire in 2018, I was responsible for liaising with the Council to ensure that the demolition and clearance of the site was carried out, and I took charge of the setting up and initiation of the Beach House temporary site in 2019. As part of the planning process, I ran a public consultation to gauge the reaction to the new design. The response was overwhelmingly positive, from beach hut owners and the wider population.

When the temporary site opened in 2019, I oversaw operations there until September 2021, when my day to day responsibility was transferred to the set up and operation of our sister premises on SOBO beach. I remained responsible, however, for the various planning applications in respect of The Beach House. These are detailed in Kim Slater's witness statement.

Since 2022 I have been responsible for the set up and operation of our premises on SOBO Beach. These premises also utilise shipping containers and are, similarly, to that extent 'open air'. With our experience of the temporary operation at the Beach House we were able to secure the tender for this site over the competition, and have worked closely with council officers, including seafront, EHO, and planning to obtain an appropriate planning consent.

Our planning application for SOBO beach received 35 objections and support from 1300 local people. Planning permission was granted on 24 December 2014i with a condition requiring an appropriate Noise Management Plan.

Condition 7 - The noise and sound management plan submitted with the application prepared by Noise Assessment Ltd and dated 2/9/24 shall be adopted and operated in full at all times when the use hereby approved is in operation. Reason: In order to protect the environmental amenities of the immediate locality and in accordance with Policies CS38 and CS41 of the Bournemouth Local Plan: Core Strategy (October 2012).

The recent grant of planning permission for the permanent structure of the Beach House (P/25/01461/FUL) has a similarly worded condition. As at the

date of this statement, the written decision has not been published. I hope to have a copy before the review hearing on 12 November.
