OBJECTION #3

Dear Sir/Madam,

I am writing to formally object to the recent application for permission for live music until 10:30pm and a licence to serve alcohol at the restaurant located directly outside my flat.

This area is a quiet residential part of an old town, with many Grade II listed houses. Due to the nature and age of these properties, the existing double glazing and building structures do not adequately block external noise. As a result, any regular live music so close to residential homes would likely have a significant impact on those living nearby.

I am particularly concerned as I have a young daughter, and noise late into the evening could regularly disrupt her sleep. I believe this would also affect other residents in the area, including elderly neighbours and families with young children, who chose to live here because of its quiet and residential character.

In addition, there is already a pub a short distance down the road which regularly hosts events, and the noise from this venue can already be heard in the surrounding area. Introducing another venue with live music and alcohol service so close to residential homes would likely increase noise levels and disturbance further.

I am also concerned that granting a licence to serve alcohol could lead to increased noise, anti-social behaviour, and potential vulnerability for residents living immediately nearby, particularly during evening hours.

For these reasons, I respectfully ask that the application be carefully reconsidered, taking into account the residential nature of this area and the impact it may have on the wellbeing and quality of life of local residents.

Thank you for taking the time to consider my objection.

OBJECTION #6

Dear Sirs,

We are writing in connection with the above application.

We strongly object to the application for a license to include the garden area for live music.

The property is in an overwhelming high density residential area. There are a significant number of townhouses and flats either abutting the site or within a few yards. It is not appropriate that such a garden area is used for live music, it will become a nuisance to many residents. There is no way to limit the noise or reduce its affect on the area for people who live there.

It will also lead to more noise and potentially anti social behaviour from patrons entering and leaving as it is a change of character from a restaurant to a music venue.

This is an inappropriate application for the premises which will cause a nuisance to many people in this residential area. The ability to have live music every night in the summer is not fitting in this location. Please do not approve this application.

Thank you,

OBJECTION #7

Dear Licensing Team,

It has come to my notice that there is an application by The Guildhall Tavern Limited, Market St Poole to have Live Music (outdoor) and Supply of Alcohol (outdoor) .

I live opposite this establishment in Market St and am very concerned about the extra noise and footfall this will inflict upon my home and the locality so write to oppose the application.

I am already conscious when there are groups of people in the garden of the Guildhall Tavern, the noise travels along New St and Market St, over the roofs & echoes off the surrounding buildings, this will only worsen should live music be allowed, people will inevitably speak louder over the sound. The cocktail bar already has music for events and if the windows of the bar are open the noise can be very intrusive.

The Angel in Market St has live music during the summer and the noise level can be more than considerable as it seems the level is determined by individual acts, people spill out onto the area in front of the Angel and I am concerned the same would happen into New Street.

Live music and an outdoor alcohol licence would encourage excessive noise levels and the possibility of unruly behaviour especially as people leave the premises. The outdoor sale of alcohol is a serious concern for although there is a ban on drinking in the street this is not always obvious, it is not uncommon to find empty bottles or glasses left in the roads in the morning.

The Old Town is a busy yet quiet residential area with a strong community and some wonderful historic buildings which both locals and tourists alike enjoy. One of the joys of living here is the variety of visitors, families following the cockleshell trail, so many people taking part in weddings or parents taking their newborn babies to The Guildhall Register office.

As a single woman I feel safe in these local streets, but the outdoor sale of alcohol would shift the delicate balance of this area and make me feel more vulnerable.

Please consider very carefully the effects this application will have on local residents who will have no choice but to live with the consequences of noise & alcohol related behaviour.

OBJECTION #8

<p>Reasons for Representation. Please, give information under the relevant Licensing Objective. (Please note you are not required to complete all the boxes unless you feel it is relevant.)</p>
<p>The Prevention of Crime and Disorder:</p>
<p>The Prevention of Public Nuisance: Live music every weekend for half the year in a densely populated residential area quickly becomes a public nuisance. Neighbours might tolerate live music being played three or four times a year but not every weekend in spring and summer.</p>
<p>Public Safety:</p>
<p>The Protection of Children from Harm:</p>
<p>I do not wish my details to be include in the Public Documents for the following reasons:</p> <p>I value my privacy.</p>
