

**WESTERN PLANNING COMMITTEE 14th May  
2026 / EASTERN PLANNING COMMITTEE 28<sup>th</sup>  
MAY 2026**

Report subject	<b>Appeals Report</b>
Meeting dates	14 <sup>th</sup> May 2026 & 28 <sup>th</sup> May 2026
Status	Public Report
Executive summary	This report updates members of the planning committee on the Local Planning authority's Appeal performance over the stated period
<b>Recommendations</b>	<b>It is RECOMMENDED that:</b>  <b>The planning committee notes the contents of this report.</b>
Reason for recommendations	The content of this report is for information only.

Portfolio Holder(s):	Councillor Millie Earl, Leader of the Council and Chair of Cabinet.
Corporate Director	Glynn Barton, Chief Operations Officer
Report Authors	Katie Herrington and Simon Gould, Development Management Managers
Wards	Not applicable
Classification	For Information

## Background

1. The purpose of this report is to feedback to members on planning appeal decisions determined by the Planning Inspectorate for the last 2 years. This includes a reflection and highlight of any key decisions or learnings arising from such decisions.
2. The fundamental purpose of this report is to provide transparency in the appeal performance of the planning service and to improve the quality of decision making where necessary.

## Appeals Performance

3. National Government monitors the 'quality' of decision making in planning through appeal performance. It is measured by the percentage of planning decisions overturned at appeal, with a lower percentage indicative of better-quality decision making as less appeals are allowed.
4. Government targets are currently a maximum of 10% of the authorities total number of decisions on applications being made during the assessment period being overturned at appeal. This is set over an assessment period of 2 years, comprising October 2022 to September 2024<sup>1</sup>. This includes non-majors and majors'.
5. As demonstrated by Figure 1 for major applications and Figure 2 for non-major applications, the Local Planning Authority (LPA) is performing within target for the Quality of Planning decisions. Note that the dataset has now been updated to September.

<b>August</b>	7	0	8	0%	1
<b>September</b>	6	1	0	15%	0
<b>October</b>	15	2	17	11%	0
<b>November</b>	8	5	13	38%	1
<b>December</b>	5	6	11	54%	0
<b>January 26</b>	3	0	3	0%	0
<b>February 26</b>	3	2	5	40%	0
<b>March 26</b>	2	2	4	50%	0
<b>Total</b>					0

(28<sup>th</sup> 04)

<sup>2</sup> This period is proxy as it falls outside of the 'assessment period' as per the 'criteria for designation', the data in the table is updated on a quarterly basis, with the period to June 24 being published in June 25

<sup>3</sup> This dataset excludes Appeals relating to planning conditions.

<sup>4</sup> District Matters' comprise most applications, explicitly excluding 'County Matters'.

<sup>5</sup> County Matters' applications refer to planning applications related to minerals, waste and associated development.

7. Whilst the LPA is performing within target for the national measure for the 'quality of decision making', it is still necessary to review and reflect on appeal decisions in order to provide high quality decisions, and to avoid the potential for successful cost claims. In August no appeals were allowed, with one appeal being declared as 'invalid' by the Inspector. This was because of the absence of the required BNG information.

### General reflection on allowed appeals

8. Whilst the LPA is performing within target for the national measure for the 'quality of decision making', it is still necessary to review and reflect on appeal decisions in order to provide high quality decisions, and to avoid the potential for successful cost claims. Figure 4 below sets out a short summary of why the appeals in the month of June were allowed.

#### Allowed appeals

<b>address</b>	300C Ringwood Road, Poole
<b>Proposal</b>	The breach of planning control as alleged in the notice is without planning permission, and at ground floor level, the use of part of the building as a self-contained residential dwelling
<b>Committee overturn</b>	No
<b>Main issues</b>	Whether the development provides acceptable living conditions for existing and future occupiers, with particular regard to internal space, privacy and outlook; and • the effect of the development on the integrity of the habitats sites.
<b>Why allowed</b>	Whilst below national floor space standards, the layout provides reasonable sized kitchen, living and sleeping area, acceptable levels of natural light, wet room, storage and WC. Therefore whilst small, unit provided comfortable and usable internal space with a logical floor plan. Whilst overlooking from the commercial unit would occur, it was not considered to be frequent to result in harm, given the small scale of the commercial activity. Amenity space found to not provide sufficient space, but open space was within walking distance.  Matters relating to habitat regulations were addressed via completed UUs.

<b>address</b>	Dorwin Court, 328 Poole Road & 68 Princess Road, Poole
<b>Proposal</b>	Alteration and upward extension of the buildings to create second and third floors of accommodation on each building to create 10 additional

	apartments in each block (20 in total).
<b>Committee overturn</b>	<b>Yes</b>
<b>Main issues</b>	the character and appearance of the area the living conditions of neighbouring occupiers with particular regards to overshadowing
<b>Why allowed</b>	<p>The Inspector considered that the extensions would 'would reflect the architectural style of the lower floors including the distinctive fenestration and white render finish', and concluded that there would be no harm to the "art-deco" style of the current buildings.</p> <p>The Inspector considered that buildings of similar scale to the proposed development currently exist on either side of the appeal site, and the development would sit below the roofline of these buildings. The Inspector also stated that 'it is difficult to understand how the Council came to the view that the scale, mass, bulk and height of the appeal scheme would be excessive... insofar as they seek that development that "<i>reflects</i>", "<i>is consistent</i>" and "<i>in keeping with</i>" neighbouring buildings.'</p> <p>In terms of living conditions, the Inspector noted that in built up areas a degree of encroachment into views and outlook is expected, and therefore a change in outlook is not necessarily harmful</p> <p>The Inspector stated that 'it is difficult to see how there could be an unacceptable impact on neighbouring occupiers' given that the proposal would not exceed the height of its neighbouring blocks, and would not encroach on the '45 degree' from the neighbouring windows.</p> <p>The Inspector also agreed with the Case Officers assessment that 'the orientation of Eaglehurst to the appeal buildings is such that increased overshadowing would be limited to the latter part of the day and would not be significant or unacceptable in planning terms'.</p> <p>The Inspector also agreed with the Officers interpretation of Policy PP12 regarding the accessibility of the building – in that it would not be necessary or reasonable to require compliance with M4(2) of the Building regulations – 'accessible and adaptable dwellings'.</p>

<b>address</b>	6 Horsa Close, Bournemouth
<b>Proposal</b>	erection of a

	detached dwelling with associated access and parking
<b>Committee overturn</b>	No
<b>Main issues</b>	Highway safety as a result of increased traffic due to its width and surfacing.
<b>Why allowed</b>	<p>The Inspector advised that Highway safety assessments inevitably involve balancing risk against probability. It is not simply the case that a development served by a substandard access will be unacceptable.</p> <p>They considered that there would be no material increase in traffic movements as a result of the proposal, disagreed that road surfacing was a highway safety matter. They also argued that whilst the road is single track, speed are low and the road short – resulting in only inconvenience. No accident records exist on that road since 1999. The Inspector noted that a small number of drivers who use this road are aware of its limitation and drive accordingly. Resultingly, the Inspector concluded that the proposal would not result in harm to the safety of highway users.</p>

## List of live appeals

Appendix 1 provides a list of current appeals.

## Options Appraisal

9. No options to consider.

## Summary of financial implications

10. There are no financial implications as a direct result of this report.
11. However, it should be reminded that the Council can be subject to 'costs'<sup>6</sup> if the Council were found to be behaving 'unreasonably'. Such 'unreasonable' behaviour includes procedural (relating to the process) and substantive (relating to the issues arising from the merits of the appeal) matters. Examples of unreasonable behaviour include<sup>7</sup>;
  - a. 'preventing or delaying development which should clearly be permitted, having regard to its accordance with the development plan, national policy and any other material considerations'
  - b. not determining similar cases in a consistent manner
  - c. imposing a condition that is not necessary, relevant to planning and to the development to be permitted, enforceable, precise and reasonable in all

<sup>6</sup> [Claim planning appeal costs: Overview - GOV.UK](#)

<sup>7</sup> [Appeals - GOV.UK](#)

other respects, and thus does not comply with the guidance in the National Planning Policy Framework on planning conditions and obligation.

- d. vague, generalised or inaccurate assertions about a proposal's impact, which are unsupported by any objective analysis

### **Summary of legal implications**

12. None in directly relation to the content of this report.
13. However, it should be reminded that the Council can be subject to Judicial Review. A Judicial Review is a mechanism for challenging the process of a decision, rather than the decision itself. An example of this is acting contrary to procedure. However such procedure can come with financial penalties.

### **Summary of human resources implications**

14. There are no direct human resource implications resulting from this report. However, it is reminded that the servicing of appeals can be resource heavy, particularly at a hearing or Public Inquiry.

### **Summary of sustainability impact**

15. There are no sustainability issues arising from this report.

### **Summary of public health implications**

16. There are no public health implications arising from this report. Summary of equality implications

### **Summary of risk assessment**

17. Any risks associated with any appeal decisions are discussed in the body of the report. No risks have been identified in this report.
