1. Following the publication of the agenda for Council, the proper officer received notice of the formation of a new political group named Moordown Independents, comprising Councillors Joe Salmon and Kate Salmon. It has therefore been necessary to recalculate the political balance of the council and to issue this revised schedule.
2. The Council is therefore asked to consider the political balance of the Council following the changes identified in paragraph 1 as well as the previously notified changes arising from the resignation of Councillor G Martin from the BCP Independents Group to join the BCP Reform UK Group.

3. Set out in Table 1 below is the revised political balance of the Council reflecting these latest changes.

<b>Table1</b>	No of Seats	% of total seats	Seat entitlement for 111 seats

Liberal Democrat	28	36.84	40.89
Conservative	9	11.84	13.14
Christchurch Independents	8	10.53	11.68

BCP Independents	4	5.26	5.84
Poole People	4	5.26	5.84
BCP Reform UK	3	3.95	4.38

Moordown Independents	2	2.63	2.92
Poole Engage	2	2.63	2.92
Other	1	1.32	1.46
<b>Total</b>	<b>76</b>		<b>111</b>

4. After allocating the proportion of seats to the political groups, any remaining unallocated seats may be allocated by council to any named councillor, although, it has been customary, where appropriate, to allocate such committee seats to those councillors who are not a member of any political group. There is one seat shown as 'Other' in the table above.
5. The following principles are contained within Section 15 of the Local Government and Housing Act 1989 and have been amended under the regulations to take account of the fact that not all the seats are necessarily held by members of political groups. They need to be applied in the following order and as far as practicably possible:
- (a) Not all the seats on a committee are allocated to the same political group.
  - (b) Where a group has a majority of seats on the Authority it should have the majority of seats on each committee.
  - (c) The third rule provides that, without being inconsistent with the first two rules, the number of seats allocated to each political group on all the ordinary committees taken together be as near as reasonably practicable proportionate to their proportion of seats as a proportion of the authority as a whole.
  - (d) Finally, so far as is consistent with the above each group should be allocated seats on each committee to reflect their proportion of seats on the authority.
6. The allocation of seats other than in accordance with the above principles, requires approval without dissent.

7. The Council is asked to consider the proposed allocation of seats to political groups as detailed in Table 2 below in accordance with the above principles. The last column in the table identifies there is no variance in the allocation of seats compared to calculations set out in Table 1.
8. Seats on committees, which are allocated to political groups, are to be filled by councillors of the respective political group in accordance with the wishes of the relevant group.

### Appointment of Councillors to Committees

9. The following table (Table 3) therefore sets out the proposed membership of the Committees and Boards as advised by the respective political groups at the time of publication. Where a political group has not advised of their proposed members to serve on each committee or board at the time of publication, this will be shown as a vacancy.
10. The Political Groups may at any time alter their Group's membership of Committees and Boards, but any seats otherwise allocated including to the unaligned Members must be approved by full Council. Members are asked to consider the following and any revised nominations submitted by the political groups.
11. The Local Government (Committees and Political Groups) Regulations 1990 makes provision, where a political group is unable to appoint or fails to

appoint a member of that group to an allocated seat, for the council to ‘make such appointment as they think fit’. This does not require a recalculation of political balance, and the seat may be allocated to any councillor regardless of political grouping, however, the provisions relating to substitutions would not apply to these direct appointments similarly to those seats allocated to councillors who are not a member of a political group.

12. Members will note in the table below (marked with (a)) that since the allocation of seats in October 2025, the Poole Engage Group has indicated that they are not able to appoint a member of that group to the Licensing Committee.
13. Unless the Group concerned appoints a member of their group to the vacant seat prior to the council meeting, council is asked to appoint a named member to this seat. Members will be aware that Councillor Duane Farr was appointed to this seat at the Council meeting on 10 February 2026 and it proposed that this appointment be reaffirmed. Should Council wish to nominate alternative members to the seat and there is more than one valid nomination, it will be necessary to conduct a secret ballot in accordance with the Council’s procedure rules.
14. As set out in the schedule, it is proposed that the seat shown as ‘Other’ be allocated to Councillor Mark Howell to serve on the Licensing Committee. This appointment requires approval and is included within the remit of recommendation (d).

### Allocation of Outside Body Seats to Political Groups

15. The following tables (Tables 4 and 5) set out the allocation of seats and named appointments on outside bodies which are subject to the political balance requirements. The last column in the table identifies there is no variance in the allocation of seats and the proposals as outlined are compliant with the political balance principles.
16. Council is asked to appoint a named member of the Council to the Dorset Pensions Fund Committee following the change to political balance. Councillor Joe Salmon currently holds the seat. If more than one valid nomination is received it will be necessary to conduct a secret ballot in accordance with the Council's procedure rules. Nominations will be sought at the meeting as referenced in recommendation (g).

**Summary of financial implications**

17. There are no financial implications associated with this report.

**Summary of legal implications**

18. The Council is required to comply with the relevant legislation and regulations when considering and approving the political balance of the Council and the allocation of seats.
19. The Act and Regulations make provisions where a proposal is not as far as possible politically representative. This includes instances where a Group gives up a seat which they are entitled to hold in favour of another and distorts the political balance rules. In such an instance such a proposal can only be accepted if no member votes against them.
20. The proposals, as set out in this report, comply with the political balance principles and can be approved with a simple majority.
21. Although ordinarily the allocation of seats on committees is in accordance with the political balance of the Council, where a political group fails to appoint to a seat allocated to them, the Council may appoint another councillor to that seat. This does not need to be in accordance with the political balance provision and may be appointed regardless of any dissent.
