118. Appeals Report

The Development Management (DM) Manager presented a report, a copy of which had been circulated and which appears as Appendix C to these minutes in the Minute Book.

The report provided an update on the Local Planning Authority's (LPA) appeal performance over the stated period. In particular the Committee was asked to note that two out of five appeals were allowed in February 2026. Although at 40% this was slightly higher than the national average, in the overall context of previous months the LPA was still performing in line with or slightly better than the national average.

The report was noted.
